

SMITH DELIVERS ACCEPTANCE SPEECH TONIGHT

Played Golf With His Friends Yesterday To Be Fit For Ceremonies

Senators Robinson and Pittman Will Arrive Today For Acceptance Event

PROGRAM STARTS AT 7:30 THIS EVENING IN ALBANY

Visited Norman H. Davis, Connected With Wilson Administration, Yesterday

ALBANY, Aug. 21 (AP)—A round of golf and dinner with friends in the quiet surrounding of the nearby Berkshires appealed to Governor Smith more than politics on the eve of his notification ceremony.

So he slipped away today to the summer home at Stockbridge, Mass., of Norman H. Davis, one of the cogs in the Wilson administrative machinery, and did as he pleased.

Anxious to be fit for the hour at dusk tomorrow when he will take command of the forces of democracy for the presidential campaign, the man "who came up from the street" dismissed political cares at noon, and by motor with Mrs. Smith at his side, took the road for his destination 40 miles to the Southeast.

After an evening visit at the Davis, home the presidential nominee planned to return to the executive mansion where tomorrow in advance of the delivery of his acceptance speech he will welcome to his family circle four guests—Senator Robinson of Arkansas, his running mate, and his wife; and Senator Key Pittman, of Nevada, who will break the news of his nomination to the governor and Mrs. Pittman.

The program on the air opening promptly at 7:30 Eastern Daylight Saving Time will be as follows:

- 1. Call to order by John J. Raskob, chairman of the Democratic National Committee.
- 2. Playing and singing of The Star Spangled Banner, led by New York State National Guard bands.
- 3. Invocation.
- 4. Introduction by Chairman Raskob of Mayor John Boyd Thacher of Albany.
- 5. Address of Senator Key Pittman of Nevada, chairman of the committee to notify Governor Smith.
- 6. Acceptance by Governor Smith of the certificate of nomination and speech of acceptance.
- 7. Benediction.

The program will close at 9 p. m., so far as the radio audience is concerned and members of the present audience will also disperse about this time.

ARE SEARCHING FOR TWO AIRMEN

Fear Rapidly Gains Ground That Rockford Fliers Have Met Death

CHICAGO, Aug. 21 (AP)—The belief that Bert Hassell and Parker Cramer, fliers of the greater Rockford either died Sunday or have but a fighting chance to win through was expressed tonight by those familiar with conditions at Davis Strait.

It was there, between the coast of Labrador and Greenland, that radio communication from the plane ended early Sunday. The plane, equipped with landing wheels would have remained afloat but a few hours. If the fliers made land, good fortune and a determination to live may bring them to civilization.

In meanwhile the governments of the United States, Canada, Denmark and Greenland have ordered research ships into Davis straits to seek a possible shore camp of the fliers or wreckage that would mark where they went down.

RAIN. Laborator—(AP)—A heavy rain and falling barometer here tonight indicated bad weather for those searching for Pilot Bert Hassell and radio operator Parker Cramer.

SIX HOMES IN CITY ENTERED AND ROBBED

BACK TO SCHOOL PROGRAM GIVEN

Rotary Club Has Several Boys Of City As Guests At Barbecue

A back-to-school program was staged by the Goldsboro Rotary club last evening with several boys of the city the guests of the club at a barbecue supper at the Memorial Community Building. A. A. Joseph, chairman of the boys' work committee of the club was in charge of the occasion and presented members of his committee who treated of various angles of the importance of an education.

Derick S. Hartshorn spoke of the "Romance of Education," pointing out that while man has about investigated and explored every inch of the habitable globe that great realms of knowledge remain for mental exploration. One can get from mental exploration, he said, a thrill comparable to that which Byrd looks forward to in his airplane dash for the Pole. Mr. Hartshorn treated his subject feelingly and made his hearers get much of the spirit that moved him.

R. C. Robinson urged the young men not to quit school in order to "spite the teacher" as they sometimes do, saying that it was not the teacher but self who was spited.

Ray Armstrong, superintendent of city schools, treated of the monetary value of an education. Quoting statistics gathered by the Federal bureau of education, he said that for every day one remains in grammar or high school in later life he realizes \$9.53.

K. C. Royall ended the advice to the visiting boys by asking them to mark the successful men of Goldsboro and to note that they have—as an average—taken advantage of educational opportunities. "There are of course," he declared some men in the community who have attained success—marked success—without an education, but that is the exception, and it happens that it is the exception one hears about most often.

Harmonica Mike, who represents himself as having been the first radio announcer, entertained the club with a number of his selections on the Harmonica. Mr. Sullivan, as he is called on the street, told the Rotary club and visitors that for four years he has won the international harmonica playing championship.

Chairman Raskob Makes Statement on Inquiry

NEW YORK, Aug. 21 (AP)—John J. Raskob, chairman of the democratic national committee, took notice today of the Federal roundup of prominent New Yorkers whose testimony is sought by the government for its case against several night club proprietors for violation of the liquor law.

The wholesale examination of witnesses, Mr. Raskob said, was just another evidence of the insults to the liberty of citizens that the administration feels it is necessary to subject us in order to enforce the law.

Fear Rockford Fliers Are Down

Above, l. to r., are Bert Hassell, pilot, and Parker Cramer, co-pilot, of the Stinson-Detroiter "Greater Rockford," which took off from Cochrane, Ont., for Mount Evans, Greenland, on the second leg of a proposed flight

From Rockford, Ill., to Stockholm, Sweden, and hasn't been heard of since. The map shows their route. Friends fear they have been forced down by ice-laden wings.

Jewelry And Money Taken

Thief Has Entered Rooms Where Residents Are Sleeping Several Times

A burglar who piles his trade in residences between 2 and 4 o'clock in the morning is now operating in Goldsboro, and residents of the city were yesterday warned to be on their guard. Within the past few days as many as six homes in the city have been entered at night and money and valuable jewelry stolen.

The technique of the prowler is to slit the screen door at a rear entrance, reach through the hole, unlock, raise the hook and walk into the house. Inside, the man, for he is evidently a one-man worker, seems unafraid of his business. In instances he has even gone into the stairs rooms of residences.

Apparently he searches for money and in several of the places has collected the trousers of the men of the house, taken them out on the porch, rifled them of their contents and left them lying on the porch.

Entering the home of E. J. Jefferson on East Mulberry after 2 o'clock in the morning, for Mr. Jefferson had not retired until that hour, the thief stole a \$25 watch and thirty cents. "I was three times in my pants, and one of them had a hole in it," smiled Mr. Jefferson. The trousers were taken from a room where Mr. Jefferson was sleeping, carried to a porch and rifled. Keys and a knife in the pockets were found lying near the trousers the following morning. The prowler effected an entrance by slitting the screen on the rear of the house and raising the hook.

Denmark Home Entered
A twenty-one jewel watch was taken from the home of Joe E. Denmark on Slocum street, near Walnut. Entrance here was by a rear door which Mr. Denmark did not think had been locked. The watch was in a trunker's pocket and the thief entered the room where Mr. Denmark lay sleeping, took the clothes and carried them to the back porch to rifle the pockets.

Musgrave Home Robbed
The home of J. R. Musgrave on North William street was robbed of \$25. The money was taken from the pocket of Mr. Musgrave's trousers, secured by the thief by entering the room where the wholesale grocer and Mrs. Musgrave were sleeping.

Edmundson Home Entered
The night worker is believed to have prowled through the home of Frank Edmundson for sometime, going to upstairs rooms in the residence. Lee Edmundson, proprietor of the Opera Shoppe, had not come home after closing his business until after 12 o'clock, and the house had not been entered at this time. Here a valuable watch and \$12 in money were secured.

Other Losses
Jack Cox, young man of the city, was reported as having lost \$50 when the thief ransacked his room. A wrist watch valued at \$125 was reported stolen when the thief entered the residence owned by Mattie Johnson.

Names Chief Wardens In Forestry District

RALEIGH, Aug. 21 (AP)—J. M. Miller, Hertford county and F. L. Hooker, New Bern, were named as chief forest wardens in districts four and five by Charles H. Flory, assistant forester in charge of forest fire control today.

Erection of two new steel forest lookout towers will be begun this week, Flory said. An 80 foot structure is to go up in Robeson county and a 100 foot tower in Craven county.

Hoover Adopts Smith's Idea For Self in Iowa Address

WOULD CALL CONFERENCE OF FARM LEADERS, INCLUDING GOVERNOR LOWDEN, TO STUDY AGRICULTURAL SITUATION—GOVERNOR SMITH HAD PREVIOUSLY MADE SUCH ANNOUNCEMENT

WEST BRANCH, La., Aug. 21 (AP)—An agricultural conference in which Frank O. Lowden of Illinois, and other farm leaders will be asked to participate in the search for a common ground upon which to act for farm relief, was proposed here tonight by Herbert Hoover in his homecoming address in the heart of the corn belt.

"In formulating recommendations for legislation to carry out the proposals of the party," the Republican Presidential candidate said, "I trust that we may have the full assistance of the leaders of agricultural thought. I am not insensible to the value of the study which sincere farm leaders have given to this question of farm legislation. They have all contributed to the realization that the problem must be solved. They will be invited to conference. Outstanding farm leaders such as Governor Lowden will be asked to join in the search for common ground upon which we can act."

The calling of such a conference naturally is predicated upon Hoover's election, but the nominee did not indicate whether it would be his purpose to call it before or after his inauguration. His Democratic opponent has announced that if he should be elected he would invite the farm

Complaints Heard Relative Postponement Mart Opening

Complaints continued yesterday among Wayne county farmers and Goldsboro business men because of the postponement of the opening of the Eastern Carolina Tobacco Market from August 28 to September 4.

"Showing the opening up that one week," said one prominent Wayne county farmer "will mean a loss of thousands of dollars in this county alone. We have gone on and gotten ready for the opening on August 28. Now we have got to store the crop and wait for another week longer.

Postponement of the opening until September 4, it was pointed out, may move toward lowering the price. The passage of another week will see curbing of the crop at such a point, it was declared, that almost every farmer will have to get large quantities to the market as quickly as possible.

LITTLE BOY IS DEAD OF HURTS

Five-Year-Old Johnson County Lad Dies After Being Run Over By Wagon

A tragic accident happened in the Broaden section says the Smithfield Herald, when little Vernon Wilson, the five year old son of Mr. and Mrs. J. N. Royall, fell from a wagon and the wagon passed over his body, causing injuries that resulted in his death. The little fellow and his older brothers had started with the wagon to haul some wood about five o'clock in the afternoon. In some way the little fellow lost his balance and fell from the wagon. A doctor was summoned and it was found that serious internal injuries had been sustained. He was brought to the Johnston County Hospital and an operation was performed about ten thirty o'clock. It was seen at that time that his condition was critical, and the little fellow died the following afternoon about 3:30 o'clock. He was conscious up until just before the end came.

FIFTH BIRTHDAY COUNCIL TODAY

Scout Executive W. W. Rivers Came To Goldsboro Five Years Ago Today

Five years ago today, Scout Executive W. W. Rivers arrived in Goldsboro to assume organization and direction of Tuscarora council. Under his supervision the council has accomplished the following results in this time: Boys touched by Scouting 1290. Merit badges passed 3600. Eagles created 22. Boys spending a week or more in summer camp 954. Life saving test passed 287. Heroic rescues from drowning and electrocution 7.

FOUR MEN BURN TO DEATH IN BUS; SIX OTHERS HURT

REDWING, Minn., Aug. 21 (AP)—Trapped in a burning bus, four men were burned to death and six others were injured, two so severely that they are expected to die, when a passenger bus and a truck collided on the highway near here today. None of the dead was identified and their bodies were burned beyond recognition and their personal effects were destroyed as the coach, mired in the ditch, caught fire and was burned to its frame. The bus was bound from Chicago for Minneapolis.

BULLETINS

NEW YORK, Aug. 21 (AP)—Senator George H. Moses of New Hampshire, back from Republican conference in the middle west and far west today asserted he found no active agricultural revolt in the west. Talk about prohibition he said "was almost desultory."

"I have come back from the west," he said "more convinced than ever that the real issue of this campaign will develop through a calm consideration of the two candidates, their training and their equipment for the presidency."

LAGRANE, Ga., Aug. 21 (AP)—Shortly after his sweetheart was said to have broken their engagement, Alvin Murphy, 27, returned to her home today, shot and killed the girl's mother, seriously wounded her, and then committed suicide.

Mrs. J. T. Bishop, the mother, died almost instantly. The girl, Lois Bishop, was in a grave condition at a hospital here tonight.

PARIS, France, Aug. 21 (AP)—Wm. Allen White, in a statement tonight, denied that he had assailed Governor Smith in his roll call "of the governor's legislative record."

The statement, which commented on Governor Smith's published reply to the roll call holds "that in every statement I made, I carefully declared by faith in his honesty."

NINE KILLED IN TORNADOES

Damage in Minnesota Expected To Reach Sum of Three Million Dollars

ST. PAUL, Aug. 21 (AP)—Nine persons were killed, more than 100 were hurt, some seriously, and property was damaged to the extent of \$3,000,000 in the tornado which swept through the town of Austin, two Minnesota counties and near the Iowa border Monday night. A survey of the area developed the information tonight that two separate tornadoes caused the damage outside of Austin, then finally joined in striking that city where six persons were killed and 50 were hurt. Property losses there were estimated at \$1,000,000. Three additional deaths were reported from near Rockwell, Iowa. Throughout today, records were increased on the injured list until more than 100 names were enrolled.

3 Stills Taken Yesterday: Nine Within Last Ten Days

Wayne county deputy sheriffs yesterday captured three blockade distilling outfits, bringing the number taken in the last ten days to nine. Yesterday's capture totaled a cache of 170 gallons, and 600 gallons of beer were poured out. One arrest was made.

A ninety gallon outfit was discovered in the Cor's mill section of Fork township yesterday morning, and 450 gallons of beer destroyed. Evidence at this place was that the still had been hidden and had not been used in sometime.

Moving a half mile away, the deputies discovered a bricked up 30 gallon outfit that was hot from recent use. The cap was gone and the whiskey made at the run—if any—was also missing. The supposition is that the operators heard the deputies as they backed up the beer barrels at the

first site and escaped. Three barrels of beer—about 150 gallons—were destroyed at this spot. The still taken here was a 40 gallon capacity one.

Moving to Grantham's township on yesterday afternoon—the Corbett hill section—the officers found a 40 gallon outfit hidden in the weeds about 30 yards from the home of Jap McCullen. The still did not show traces of having been recently operated. McCullen was recognized in the sum of \$150 for his appearance before Judge Bland in recorder's court on September for a hearing on a charge of having a still in his possession for the purpose of making whiskey.

Making the finds yesterday were Deputies J. C. Kornegay, Buck Gardner and Carl Smith of the sheriff's office, and Deputy George Coker of Salsdon township.
