MANUFACTURERS BATTLE WILMINGTON TO 5-5 TIE

A BAD DECISION ROBS GOLDBUGS

Roscoe's Homer in 10th Saves Day for Hal Weafer and Company

Goldsboro won the series from Wilmington yesterday afternoon, but Empire Beck ruled contrarywise and now Jim Teague's boys will have to do it all over again at Wilmington this afternoon.

The final score was 5 to 5 and darkness ended the count in the tenth inning. At least that's what it was after Mr. Beck got through with calling safe a play that was "out" by several feet.

It was in the sixth inning that Beck got crossed. Gordon, first up for the Pirates, hit a two-bagger into deep center. Roscoe, hit to short, and Culloty caught Gordon at third. Daughtry tagged Gordon some distance from the plate, and Gordon had never reached the haven of third sack when Beck called him safe.

Anyway it was one of the champions pulled by an ump—so the crowd thought—on the field this year. The Goldsboro fans had duck fit after duck fit at the decision, and had it not been for the cooler heads, Griffin park grandstand would have been rendered to bits and cast in fury about the place.

Before things settled down again, Wilmington had pushed over four runs and tied the score 4 all.

The tally remained knotted for the next three innings, and Roscoe came in in the first of the tenth with a home run over the center field fence. The fighting Gold Bugs came back however, in their half of the inning and pushed across a run to tie the score again. The umpire called the game at the end of the tenth inning on account of darkness.

Stanley Johnson had started on the mound for the locals and held the visitors scoreless for the first five innings. The Manufacturers scored first in the third inning on a walk, a sacrifice and two singles. Teague, first man up, got a base on balls. Carver running for Teague, went to second on Johnson's sacrifice. Culloty singled to center field. Carver going to third. Carver scored on Smith's single to the infield. Patton made first on fielder's choice when Smith was put out at second. Hamel went out second to first.

Again in the fifth the Bugs scored, tallying three runs to bring the sum up to four, and giving the locals a four run lead. With one man down, Stanley Johnson got a base on balls. Culloty singled through short and Johnson went to third, while Culloty went to second on the play. Johnson scored on Smith's single through second, Culloty going to third. Patton

LINER PICKS UP ANOTHER SAILOR

Victim of Explosion of Southport in Charleston and In Serious Condition

SOUTHPORT, Sept. 13—(AP)—The known death toll from the explosion of the tanker Shreveport off Fryns Pan shoals yesterday was reduced to four today when the Clyde liner Mohawk docked at Charleston with John Wolfinger, boatswain who had been listed as killed. Wolfinger was in a serious condition and unable to furnish any information about his three shipmates who are still unaccounted for by the survivors of the disaster. He had drifted about on a life ring for more than 12 hours before he was picked up.

Captain MacKenzie of the Mohawk said the seaman was unconscious when picked up and that it was with difficulty that officers learned his name and the fate of his ship. He was suffering from burns received on the ship and from sunburn, shock and exposure.

His hands and feet were badly swollen from the salt water and his throat was parched. Hospital attendants at Charleston declined to give out any statement about his condition except to say that it was serious.

Bus and Auto Collide On Highway 40 South of City

The high waters which have been standing in ditches and low places along side the roads and highways in the vicinity of the Neuse River, probably saved J. A. Jackson, of Faison Route 1, and his little three year old son, from death, when the new Chevrolet touring car loaded with tobacco in which the two were riding to Goldsboro was struck by the Goldsboro-Wilmington bus on the Mt. Olive highway about two miles from town yesterday morning about eleven o'clock, knocking the heavily laden car off the highway down an embankment and into about four feet of water which was standing in the gully. The little boy sustained a bad bruise on the forehead and several scratches, and Jackson also sustained some scratches and slight bruises, but beyond this father and son escaped injury. The Chevrolet was badly

Good Sales and Averages Continue on Local Market

TOTALS WITH END OF SALES YESTERDAY SHY OF MILLION POUNDS BY LESS THAN 2,000—AVERAGE FOR YESTERDAY WAS \$12.56

Season's totals for the Goldsboro tobacco market lacked less than 2,000 pounds of reaching the million figure when the market was closed yesterday. Officials reports of sales supplied The News by Mr. Fuller showed for Thursday 122,638 pounds, bringing the total for the first nine days of the season to 998,070 pounds.

The average for yesterday was \$12.56, and would have been higher but a portion of the weed had been dampened in getting to the market there remained on sale great quantities of tobacco for the three houses here. Large quantities of the weed were all ready on the floors late last night.

Wilson, Kinston, Greenville and other large markets continue to report

congested conditions, and farmers in many instances had to wait on sales there.

Yesterday was another rainless day and it was predicted that the day would bring out a floor filling amount of tobacco for the three houses here. Large quantities of the weed were all ready on the floors late last night.

Mr. Britt of Grantham township—one of them at least—went experiment with his weed. He sold two piles in Wilson and his average was 7 and 8 cents. He sold two piles in Goldsboro and his average was 17.50 and 19 cents.

"The average is picking up all along", said a prominent warehouse (Continued on Page Seven)

Bugs Go Back to Tar Stronghold For 7th

The Goldsboro Manufacturers journey down to Wilmington today to play the seventh game of the post season series with Hal Weafer's Pirates. Hundreds of Goldsboro fans were of the opinion that the game would be played here on account of the fact that yesterday's game resulted in a tie score, but it seems that a clause in the contract between the two clubs calls for the games to be switched to the other town the next day. If the Manufacturers win today it will be the end of the series and the season. Old baseball fans who have kept up with the game for many years believe that Goldsboro has the best chance at copping the pennant.

ROBINSON IS HEARD IN S C

Charges "Unethical" Practices Against Republicans in Campaign

COLUMBIA, Sept. 13—(AP)—Speaking over a radio hook up second in size only to that he used in accepting the Democratic vice presidential nomination Senator Joe Robinson said tonight that fear of defeat if the battle were conducted in the open has led the opposition to employ methods which violate the accepted standard of ethics.

Carrying his campaign into South Carolina, which for years has been Democratic something like 8 to 1, the senator said it was unfair and prejudicial for representatives of the Republican party to lead organized labor to believe the Democratic party success meant the repeal or impairment of laws for limiting immigration.

"Why are they apparently willing to accept," he asked, "the advantages of a whispering campaign designed to aspersion the character of the able and patriotic gentleman chosen on the first ballot of the Houston convention? There can be but one answer."

"They fear defeat if the battle is conducted in the open. They therefore employ poisonous gas and engage snipe shooters. Such methods cannot prevail. The people of the United States are fair minded and just. They will resent as an American and Paul Jaworski, one of the men who proud citizenship aspir an organized effort to win a national election through prejudice and falsehood."
