

HERBERT HOOVER WINS EASILY

Solid South Broken As Hoover Sweeps Into Presidency By Vote Unprecedented In U. S. History

Raskob Conceded Election of Republican Nominee at 12:40 This Morning

HOOVER CARRIES EAST WEST AND BORDER STATES

NEW YORK, Nov. 7.—(AP)—John J. Raskob, Democratic National Chairman, at 12:40 o'clock this morning conceded the election of Herbert Hoover.

A statement issued at Democratic party headquarters made a gallant and clean fight for the principles in which it believes. The verdict of the American people has been rendered and, in accordance with Democratic principles, we cheerfully accept the will of the majority and shall take our place in the ranks of the majority of American citizens who desire the future welfare of our country. Signed, John J. Raskob.

Sweeping through the east, the west and the border, and threatening seriously the solid south, Hoover and Curtis were borne along on a tide of rising majorities early today as returns from yesterday's election assumed definite character.

Overtaking earlier leads established by Smith and Robinson in several important states, the Republican ticket was leading at midnight, east, west, in every state thus far heard from except for the most rockribbed of the Democratic strongholds of the South.

Having listened to the returns at his home in Palo Alto, Calif., thru the earlier hours of the evening, Mr. Hoover had retired satisfied that he had been elected by one of the largest electoral college pluralities ever given a presidential nominee. The New York Times and the New York World, supporters of Smith, had conceded the defeat of their candidate.

Not only did Hoover overtake Smith's earlier lead in New York state as the tabulation continued, but he was leading likewise in Massachusetts and all of the other normally Republican states of the east; he was ahead in all of the border states of Maryland, Kentucky, Tennessee, Oklahoma and Missouri; and he was climbing away from Smith in the west and northwest even Wisconsin, which at first had favored the Democratic nominee swinging over on later returns.

New York State, commanding the principal block of electoral votes by which Governor Smith has hoped to attain the presidency, swung toward Hoover as the count of the vote neared completion later, last night.

The threatened loss of the upper hand in his own state left the Democratic nominee with impressive leads only in part of the south, and even in that former Democratic stronghold the states of Virginia, and Florida were leaning to Hoover.

While the returns were still too incomplete at 10:40 p. m. to forecast the election of Hoover beyond the possibility of an upset, he was leading in so many states of the east and west that a great country wide turn-over in the completion of the early report would be necessary to defeat him.

At that hour on the basis of partial returns in every case, Hoover was holding the normally Republican east and was piling up majorities thruout the midwest and northwest, including Wisconsin. He was ahead in Oklahoma, Missouri and Kentucky of the border group, and had the long end of the count in such far western states as had begun to report their tabulations.

If the Republican nominee eventually carries New York and all of the states in which he has established early leads, his victory in the electoral college will outdistance those of the Harding and Coolidge land-slides and will leave to Governor Smith the smallest block of electoral

HERBERT HOOVER

Unofficial Returns For Wayne Show Hoover With A Majority

For the first time in over twenty-five years, Wayne County voters turned their back on the Democratic nominee for president, giving the majority of their ballots to Herbert Hoover, Republican nominee. At two o'clock this morning, incomplete returns from the seventeen precincts showed Hoover leading by better than five hundred.

The entire state, district and county Democratic ticket, however, was carried over by a majority which will probably exceed fifteen hundred. With returns from twelve precincts practically complete, the plurality for the Democratic ticket ranged from eight hundred to a thousand voters.

Max Gardner, Democratic nominee, led the ticket locally with approximately eleven hundred and fifty more votes than his opponent, H. F. Seawell. In practically every precinct he commanded a substantial majority. Goldsboro went overwhelmingly for him; Fremont gave him an eleven to one plurality; while Mount Olive, Eureka and Great Swamp showed him well ahead.

Fremont was the toughest supporter of the Democratic party throughout, giving Smith an even four hundred votes against Hoover's sixty two. The remainder of the ticket

showed even more impressive majorities. In Goldsboro, Smith commanded a five hundred plurality, while Great Swamp took its place for Smith by sixty-two votes.

Returns showed Charles Abernathy leading his opponent, W. G. Mebane, Republican by nine hundred, twenty-two votes. The rest of the ticket ran about the same, with the Democratic candidates carrying Goldsboro, Mount Olive, Fremont, Eureka, and Great Swamp.

FINLAY RITES AT 3:30 P. M. TODAY

Tragic Death of Popular Men Casts Gloom of Sadness Over City and County

Early this morning the hour for the funeral of Murray Borden, prominent citizen and banker who was drowned when an automobile in which he was riding crashed into Neuse river yesterday afternoon had not been set.

The deceased was the son of the late E. B. Borden and was about fifty years of age. Surviving him are the sorrowing widow, Mrs. Sally Lee, one son, Murray Borden, Jr., who is employed by the National Oil Company of Greensboro, and two daughters, Misses Martha Lee and Hattie Borden, both of Goldsboro.

Of a family long prominent in Wayne county and Eastern North Carolina business circles he is also survived by his mother, and the following brothers and sisters: Frank, H. B., John and Paul Borden, all of Goldsboro; Mrs. Frank Daniels and Mrs. W. E. Stroud of Goldsboro and Mrs. Jack Broadhurst of Smithfield. Young Murray, Junior, was in Greensboro last evening and hurried to the city last night.

Mr. Borden was one of the best liked men of the city. "One of the finest men in the world" was the way a friend described him last night, and the sentiment voiced the feeling of all.

News of the distressing death of Mr. Borden and of Mr. Finlay cast a pall of gloom over the city, and even over this section. From as far away as Warsaw came telephone calls to The News enquiring if the sad news could be possibly true. Out of respect for Mr. Borden, who was a charter member of the club, the Goldsboro Rotary organization last night adjourned its meeting.

Occurred At Toll Bridge On Steven's Mill Road Late Yesterday

CAR SKIDDED THROUGH RAILING OF BRIDGE

Bodies Recovered About Two Hours After Machine Goes Into 5 Feet of Water

Murray Borden, assistant cashier of the Wayne National Bank and one of the city's most popular men and K. E. Finlay, well liked and widely known owner and operator of the Opera House, were drowned in five feet of water in Neuse river late yesterday afternoon when their automobile crashed through the railing of the Toler bridge, 6 miles west of the city on the Stevens Mill road.

The accident happened about 4 o'clock in the afternoon and Mr. Borden's body was recovered about 5:45. Mr. Finlay's body was recovered about 30 minutes later.

The men were travelling in the direction of Goldsboro and apparently their car skidded as it took the curve approaching the bridge, throwing it slightly into the right hand rail. The rail gave way and the car staggered to the left hand rail 20 feet further down the bridge, struck it and crashed through lumber support to the river 25 feet below.

The machine—Mr. Finlay's Hudson coach—came to rest on its side at the bottom of the river and with the car under water. The men were injured in the fall or the pressure of the water was such that they were unable to open the door of the machine and escape. Both died while trapped in the machine.

"I was inside my house," said Mrs. Margaret Crumpler, who lives just east of the bridge "and heard a noise I looked out the window and saw a great cloud of dust just above the bridge and saw the car go over the rail."

Mrs. Crumpler rushed to the bridge only about 100 yards away, and saw that the machine was already submerged. The railing, torn from the bridge, was floating down the river some 50 yards away when she reached the spot.

No one knew until the body of Mr. Borden was recovered who it was trapped in the machine.

The head of a man in the car could be seen plainly, but it was impossible to distinguish who it was. The body occasionally shifted around under pressure of the stream flow.

The wrecking crew of the Wayne garage got set to pull the car to the bank, but a consultation among those in charge of the work, brought the opinion that it would be better to first
