

AIR ADVENTURES ARE UNDER WAY AT MANY POINTS

2 Attempts To Break Record Question Mark

Monoplane Fort Worth Has Been in Air Since Sunday Morning About Noon

"THREE MUSKETEERS" GOT STARTED LATE YESTERDAY

Bad Weather Holds Green Flash at Old Orchard for Start to Rome

FORT WORTH, Tex., May 22.—(AP)—The monoplane Fort Worth which is endeavoring to remain in the air a week or longer to break the endurance record of the Question Mark was throttled down long enough tonight to consume its 8th supply of gasoline since the take-off at 11:33 a. m. Sunday.

ROOSEVELT FIELD, N. Y., May 22.—(AP)—The monoplane "Three Musketeers" took off at 7:48:50 Eastern Daylight Time tonight in a second attempt to break the re-fueling endurance flight record established by the army plane Question Mark.

Lt. H. B. Clarke, army flyer on an indefinite leave of absence was at the controls when the ship roared down the runway for the take-off. The ship rose after a run of about 250 feet.

Accompanying Lt. Clarke was Martin Jensen, holder of the unofficial solo endurance flight record, and William Ulbrich assistant to Clarke when the latter was manager of the Roosevelt Field Flying School.

The flyers plan to pick up fuel from a catapult device. They carried 160 gallons of gasoline at the take-off estimated to be sufficient to keep the ship in flight until morning without refueling.

The first attempt of the ship to set up a new refueling record ended last night less than 6 hours after it took off. The Musketeers were forced to descend when one of the plane's stabilizers was damaged in an attempt to refuel.

A theoretical bombing of New York by air and two attempts to establish endurance flight records featured aviation news yesterday while unfavorable weather conditions held to the ground two planes poised for trans-Atlantic hops.

Fighting its way through fog and heavy clouds from Wright Field, Dayton, Ohio, a huge army bomber dropped three parachute flare over the army post on Governor's Island lighting New York harbor brilliantly.

The twin-motored bomber with its crew of five left Dayton at 1:15 p. m. Eastern Standard Time, and after a 540 mile flight emerged from the mist over New York at 9:27 p. m. daylight time and dropped its first bomb at 9:40. It then continued on to Washington where it landed at Bolling Field at 10:45 p. m. Eastern Standard Time.

Plans to refuel the plane enroute and broadcast a description of the bombing were abandoned when the two accompanying planes were forced down at Uniontown, Pa., by the inclement weather.

At Fort Worth, R. L. Robbins and James Kelly, commercial aviators, who started their endurance flight Sunday, equalled at 11:40 p. m. central standard time last night the mark of 60 hours and 7 minutes set last July by the Belgians, Adjutant Louis Crooy and Sergeant Victor Groenen. They continued their flight in an attempt to pass the record of 150 hours, 40 minutes and 15 seconds set by the army plane, "Question Mark."

Fliers known as "The Three Musketeers" were forced down at Roosevelt Field. After the plane had been fueled from the ground four times, a hook on the end of a cable suspended from the plane became entangled and tore a hole in the right stabilizer.

An attempt at the refueling record planned for yesterday at Wichita, Kans., by Owen L. Haugland and Gene Shank was indefinitely postponed when a sealed barograph failed to arrive. The fliers said they would await sanction from the federation Aeronautique Internationale to assure recognition.

The Rome-bound monoplane Green Flash remained land bound at Old Orchard, Me., awaiting an improvement in weather conditions which is not expected before Thursday.

Chicago Detective Is Killed by Gangsters

CHICAGO, May 22.—(AP)—Detective Joseph Sullivan, off duty and in plain clothes, was killed today in a savage gun fight in the early morning hours. The young detective, active in recent gang slaying investigations, was found slumped in his automobile, his head and body punctured with five bullets and his two pistols missing. An anonymous telephone call led police to the battle ground.

To Ask Opening of Weed Markets on August 20th

The United States Tobacco Association will be asked to open the Eastern Carolina Tobacco Markets on August 20, officials of the Eastern Carolina Chamber of Commerce have decided after conferring with a number of leading weed growers in this section. A publicity campaign which will arouse the section to the importance of united action to secure the early opening date and which will show the Tobacco Association the need for the opening on August 20.

Reports say the crop in Georgia is earlier this year, and this it is claimed, will make it possible for the opening to arrange for the August 20 opening here.

The 16 Eastern Carolina markets last year sold 308,000,000 pounds of tobacco as compared with 84,000,000 sold

Making An Inspection Of Link Needed to Join Goldsboro-Fayetteville

DATA TO BE PRESENTED TO STATE HIGHWAY COMMISSION ON MAY 20TH—CONSIDER CONNECTING ROUTES 102 AND 60 VIA SALEMBURG TO ROSEBORO—DECISION NEXT THURSDAY

Decision as to whether or not Goldsboro will be given direct connection with Fayetteville by a paved highway is expected to be made at a meeting of the North Carolina Highway Commission in Raleigh, Thursday, May 30.

Fayetteville business men recently conferred with Goldsboro and Clinton road authorities relative to having highway number 102 extended from the Wayne county line to connect with route 22 nine miles east of Fayetteville.

Commissioner Wheatley of Morehead City, commissioner for the second district, reported the application to the Commission at its last meeting and an inspection of the proposal was ordered. Report on this inspection will be made at next Thursday's meeting and a vote is expected to follow at that time.

Another report to be made before the Commission next week is the findings of an inspection trip as to

the advisability of building eleven miles of highway from the junction of route 60 and 102, via Salemburg to Roseboro.

By the next Thursday meeting, the commission hopes to have a ruling from Attorney General Brummitt as to the manner of adding 10 per cent each year for the next two years to the State Highway System, whether the addition is to be made on the basis of area and population, considering the present mileage, or with no reference to the present roads. Members of the commission are divided as to the meaning of this clause in the 1929 law.

The commission will also take up the entire matter of the highway development on the basis of the 1929 law, which includes the county aid fund, the addition of one cent a gallon on gasoline to provide it, and the development of secondary roads in the counties.

NEW BOARD FOR I. O. O. F. HOME

Old Board, Resigns and D. B. Jacobi Will Head New Organization

WINSTON-SALEM, May 22.—(AP)—Selecting Kinston as the meeting place for 1930, electing Rommie P. Simmons of Winston-Salem as grand master of the Grand Lodge of Odd Fellows and Mrs. Clara B. Myers of Greensboro as president of the State Rebekah assembly and selecting an entirely new board of trustees for the Odd Fellows Orphan home at Goldsboro, these bodies which have been in session here since yesterday adjourned tonight.

The resignation of the entire membership of the old board and the election of a new board headed by D. B. Jacobi of Wilmington took place.

Other grand lodge officers elected to serve the coming year were Deputy Grand Master, Edgar Womble of Raleigh; Grand Warden John Green of Wilmington; Grand Treasurer, M. L. Shipman of Raleigh; Grand Secretary, H. A. Halstead of Mooresville; Grand Marshal, L. B. McBrayer, Jr. of Southern Pines; Grand Conductor, C. W. Russell of Charlotte; Grand Chaplain, E. F. Sayer of Elizabeth City; Grand Guardian, C. L. Renfrow of Asheville; and Grand Herald, G. M. Barbee.

CALL COMMITTEE MEETING WASHINGTON, May 22.—(AP)—A meeting of the Senate Manufacturers Committee to vote on the resolution of Senator Wheeler, Democrat, Montana, for an inquiry of labor conditions in the textile mills has been called for tomorrow by Chairman LaFollette.

Raleigh seeks a port on a proposed Richmond to Jacksonville line. Goldsboro's greatest chance is on a proposed Norfolk to Savannah line. It is believed if a Norfolk-Savannah line is approved, there would be three stops in North Carolina and the "crow line" route would be half way between Goldsboro and Kinston.

ONE RECEPTION WEEKLY WASHINGTON, May 22.—(AP)—President Hoover has decided to limit public receptions at the White House to one eday each week and will put the new schedule into effect next week. Originally such receptions were held daily but shortly after Mr. Hoover's inauguration the number was reduced to two each week with the announcement that later it would be further curtailed. It is expected that eventually the receptions will be entirely eliminated from the president's program.

Consideration should be given the request for earlier opening for these reasons, it is declared by business men. It is said an opening two weeks earlier than in the past would mean a tremendous saving in quality as well as boost the growers' income from the crop.

NEGRO SLASHED WITH A KNIFE

Zeb Deans Assaulted by Ed Jones When He Starts to Beat Up Family

Zeb Deans, Negro, was sent to a local hospital early last night with a six inch scar across the small of the back by a knife wielded by Ed Jones, Negro.

Deans, officers were told, started in for the third time in the week to beat up his family and Jones took the matter up with the results aforementioned. Deans was out under bond on two warrants charging wife-beating when he tried the stunt again last night. It was expected that instead of being able to enter a plea in city court this morning that he might be lying flat of his back letting his skin grow back together.

Jones was ordered to appear before Mayor Hill this morning but was not required to give bond. The row occurred at Deans home in the northern part of the city about 8 o'clock last night.

INDICTS ELECTORATE

CHAPEL HILL, May 22.—(AP)—The American electorate today was under indictment by Dr. William John Cooper, United States commissioner of education, as incapable of properly exercising the voting franchise because of lack of educational qualifications.

Dr. Cooper addresses the American association for adult education, which is holding its annual meeting at the University of North Carolina here, went so far as to declare the voter's inability to cope with modern political life and its complexities threatened the nation's social and economic life.

Wayne to Receive \$43,000 From Added Gas Tax Fund

The News Bureau By M. R. DUNNAGAN

RALEIGH, May 22.—Amounts of money to be allotted to the 100 counties of North Carolina, based on both area and population of each county, from the fund to be derived from the additional one cent a gallon on the sale of gasoline, plus the additional half a million dollars, have been made by the North Carolina Highway Commission, as provided in the county Aid Road Act passed by the 1929 General Assembly.

The Highway Commission assumes that the additional one cent a gallon on gasoline will produce a fund of \$2,500,000 during the fiscal year 1928-29 and that the additional half a million dollars will bring this fund to \$3,000,000. This, of course, is an

B. T. Daniels Has Ripe Peaches Now

Peaches, and cream. How's that sound to you? Makes your mouth water, eh? Well that is what B. T. Daniels, who lives just outside the city in the Georgetown suburbs, had for dessert yesterday at dinner. That is if he wanted to. For Mr. Daniels reports the first ripe peaches in the section. "If there is anyone who can beat that record I'd like to hear from him," said Mr. Daniels.

FAITH HEALER SENT TO SELMA

Tom Pollock Charged With Beating Man Who Swindled Selma Blacks

Tom Pollock, negro, self-styled "faith healer," who was arrested in the Little Washington section of the city yesterday about noon by Chief of Police E. J. Tew, and lodged in the city jail on suspicion of being the negro who several days ago swindled several Selma colored people, was carried back to Selma for trial yesterday afternoon by officers of that town.

Pollock approached Chief Tew yesterday with a complaint that a local drayman had charged him too much for hauling a trunk of his from the station to another section of the city. The negro had a large scar on one side of his face, and Tew recognized this as being part of the description of the negro wanted in Selma.

After having been arrested and taken to the city jail, Pollock was said to have confessed that he had taken money for his "healing," but declared that he had done everything he possibly could to cure his "patients." His method of cure was said to resemble somewhat the methods used by some zypsy fortune tellers. Several pieces of money would be asked for. These would then be placed on the sick person's chest, and a number of meaningless words mumbled. Characters resembling portions of the Chinese language were then written on a piece of paper and the "healer" would go out of the room to confer with his "gilder." It was reported, however, that when he left the room, he usually failed to return, and carried the money with him.

S. D. PERKINS S. D. Perkins, instead of K. D. Perkins, was the man who was found guilty of two charges of passing worthless checks before Judge Bland in county court here Monday. The New was informed yesterday. Perkins was charged in five cases, with passing worthless checks, and was found guilty in two of the counts. He was sentenced to 60 days on the roads in each case, but appealed, and bond was fixed at \$200.

SERIOUS INDICTMENT OTTAWA, May 22.—(AP)—W. D. Euler, minister of national revenue, in a speech to the house of commons yesterday, said that liquor cargoes from Canada had been landed at United States ports day and night without interference and sometimes with the aid of enforcement officers.
