

YOUNG LADY DROWNS IN NEUSE NEAR SEVEN SPRINGS

Miss Ruth Sutton, 18, Was Enjoying Swimming When She Disappeared

Believed to Have Stepped Suddenly Into Deep Water From Ledge

BODY IS RECOVERED SEVERAL HOURS LATER

Funeral Service Will Be Held From Home near Seven Springs This Afternoon

Miss Ruth Sutton, 18 year old daughter of Mrs. Heba Sutton of the Rockford section of Lenoir County, went with a number of her young friends to enjoy the cool and placid waters of the Neuse river near Seven Springs yesterday afternoon.

The tragedy occurred about a mile below Rockford on the Neuse river yesterday afternoon about 3 o'clock. Companions, who were in the water with her at the time were so horrified and shocked by the accident they could not give details but Miss Sutton was thought to have stepped off a sand bar or shelf into a deep hole that was over her head.

Word was sent to Seven Springs and to people in Rockford. A searching party was organized and in a short time a number of men were riding up and down each side of the river near the spot where the body was last seen, in boats.

The body was finally discovered yesterday afternoon about 5:30 o'clock by Major Herring, Frank Smith and Damon Sutton, of Seven Springs. It had been swept down the river several hundred feet by the force of the current, and was found near the river bank of the stream in a shallow stretch.

Funeral services for the popular young woman will be held from the home this afternoon, and the remains will be buried in the family graveyard, near the grave of her father, who died about two years ago. Besides her mother, the deceased is survived by several brothers and sisters.

MRS. ST. GEORGE DIES ON TRAIN

Funeral for Prominent Woman From Home in Southport This Afternoon

Funeral services for Mrs. Ada St. George, 61 year old woman of Southport, who died on the Atlantic Coast Line northbound train about 9:30 o'clock Friday night, will be held from the home in Southport this afternoon, with Rev. James Miller, pastor of the Methodist Church in that town officiating.

The deceased, who had been suffering from a tumor of the brain for some time, was on her way to Johns Hopkins hospital in Baltimore for treatment, accompanied by her son Robert of Kingston, and a trained nurse. When the train was about half way between Paison and Mount Olive, Mrs. St. George was taken by a sudden attack and died before medical aid could be rendered.

The box was removed from the train as soon as it arrived at Goldsboro, and taken to the funeral parlors of C. E. Stanley and Son, where the remains were prepared for burial and sent to Southport yesterday morning.

Besides her husband, the decedent leaves the following children: Mrs. John O. Daniel, of Charlotte; Robert George, of Kingston; Miss Miriam St. George, Mrs. Messer; James Russell and Thomas St. George, all of Southport.

EXPECT CONGRESS RECESS MIDDLE JUNE

Auto Classic Ends Fatally for One Driver

The 500-mile International Speedway classic at Indianapolis, Ind., brought added fame to Ray Keck, the victor in the gruelling grind, but death to Billy Spence, of California, who drove a Duesenberg Special, car No. 10 (arrow). Spence overturned at Death turn, the most dangerous spot on the track.

Senate And House Are Near Understanding On Farm Relief Proposals

WATERS WATER BOUND IN TEXAS

Flood Which Delay Rotary Club President Elect Take Lives Of Ten People

George W. Warters, Jr., president elect of the Goldsboro Rotary Club and representing the club at the International Convention in Dallas, Texas, the past week, was yesterday waterbound in Houston, Tex., he wired Mrs. Warters. He left Dallas Friday night on his way home and had reached Houston when floods which have gripped the Lone Star State the past few days stopped trains from running.

Floods in south and east Texas which had delayed Mr. Warters following torrential rains had claimed 10 lives and caused damage amounting to millions of dollars. Three persons, none of whom were identified, drowned Friday. A boy on a bicycle was caught in the swirling current in the street in Houston and swept away. A terrified onlooker fell into the water and he, too, was carried away. It was believed the bodies would be recovered in the basement of some nearby building when the waters receded.

At Fort Worth a negro boy swimming in the high waters of the Trinity River was carried under by the swift current.

Seven others lost their lives earlier, the past week.

GOLDSBORO MAN HURT IN WRECK

J. R. Cox and A Mr. Davis Injured in Auto Wreck Near Robertsonville

Lacerated and bruised, the extent of which was unannounced, J. R. Cox, Belfast and a Mr. Davis of Goldsboro, were at a late hour last night under care of a local physician as a result of a head-on automobile collision earlier in the night near Robertsonville while enroute from Williamston to Goldsboro.

According to telephone information reaching The News at midnight, the young men were returning from Williamston where they are employed to Goldsboro.

As they neared Robertsonville they collided with a machine manned by a learned last night. Occupants of both (Continued on page 4)

Democrats Agree to Support Proposal for Vote on Tariff Before December

SENATOR SIMMONS MAKES ANNOUNCEMENT PARTY

Senate Is Apparently Ready to Withdraw Its Debiture Relief Plan

WASHINGTON, June 1. (AP)—Democratic support of the program to dispose of the tariff bill before the regular session in December ended up the congressional situation today and set republican leaders to planning anew on a recess over the hot summer months.

This threat of Washington's summer heat also appeared to be giving President Hoover a whip hand on his entire extra session program, leading force to the drive to dispose of the farm relief controversy at an early date.

If farm relief and the census reapportionment bills are enacted and definite assurance given of a final vote on the tariff measure before December, Mr. Hoover will sanction a congressional recess until September.

Senator Simmons of North Carolina ranking Democrat on the finance committee, announced today after a conference of the minority members of the committee, that the Democrats would agree that date be fixed during final disposition of the tariff before the regular session in December.

Senator Simmons said he did not want a definite date on which the tariff bill should be voted on but that the Democrats would endorse an agreement stipulating that the measure should be voted on not later than a date before the December session.

Before that can come about, however, the senate must recede from its export debenture provision and get this piece of legislation to the White House; the house must approve the senate bill for census and reapportionment and a vote must be taken in the senate on the recommendation of President Hoover for repeal of the national original immigration quota basis which goes into effect July 1.

By just what method the recess is to come about is still in doubt. Ordinarily unanimous consent would be necessary to bind the senate to agreement to a final vote on the tariff.

It is not in prospect, Senator Bohan and Senator Jones, the assistant Republican leaders, are both against the vacation and want the senate to stay here, hot or cold, until the tariff bill is enacted.

Pave Way For Extension Of Fruit Fly Quarantine

WASHINGTON, June 1. (AP)—The department of agriculture today paved the way for the prompt extension of the quarantine against the Mediterranean fruit fly which is now infesting certain areas of Florida by holding public hearings on the advisability of placing restrictions against the fly in every state in the union.

After today's hearing the department can move swiftly if the fly is discovered in any section other than Florida.

Dr. C. L. Marlatt, director of the plant quarantine and control administration, said the hearing also was to provide for the restriction of the movement of fruit originating in Florida from northern storage points back into the coast belt where the pest can maintain itself.

W. A. Graham, commissioner of agriculture of North Carolina said he already had placed a state embargo on Florida fruit coming in from the north as 65 crates of infected fruit had been found at Greensboro. The fruit he said had been burned.

Dr. Marlatt said he was to state publicly that most of the fruit in Florida "and certainly all the fruit that is allowed to move from Florida is perfectly good and can be eaten with safety by anyone."

HELEN IN FINALS

PARIS, June 1. (AP)—Helen Willis today entered the final round of the French tennis championships in which she is defending her women's singles crown, defeated Miss Eileen Bennett, English star, in the semi-finals by scores of 6-2, 7-5.

CAPTURE TWO BOOZE PLANTS

Deputies Get 60 Gallon Still in Brogden and 40 Gallon Still in Saulston

Two stills were captured in the opposite end of the county yesterday. Deputy George Coker bagged a 40 gallon outfit in Saulston township and destroyed two barrels of beer. Marks about the plant indicated that the still had been recently operated, but on one was about when the officers arrived.

A 60 gallon outfit was taken by Deputy Roy Precise in Brogden township. Five barrels—about half empty—were set up about the plant.

Report Lindy at Carolina Beach Is Proved Untounded

The "hot tip" that Col. and Mrs. Charles Lindbergh were honeymooning at Carolina Beach, which came to Goldsboro yesterday, proved to be not so hot. The tip that the famous couple might be at the Wilmington beach was brought to Goldsboro by four men associated with Curtiss aeronautical industries who came to Goldsboro by plane and automobile.

"It sounds probable," said Ted Crawford, regional sales director of Curtiss Flying Service, Inc. "for he has flown an amphibian plane along this coast before. He is so well known in the north and the far south that crowds flock to whatever field he lights on, whereas he could drop down with an amphibian plane on any one of a number of sheltered waters."

It did sound probable, and The News got into action to see that its readers got the true facts. Managing Editor Memory of the Wilmington Morning Star was reached by telephone. "What about this report that Lindy and his wife are down there?" The News asked.

KNOT THOMPSON IS BADLY HURT

On Receiving End of Heavy Piece of Iron Pipe in Quarrel at Greenleaf

Charley, alias "Knot" Thompson, negro living in the north end of the city, is in the Goldsboro hospital with a fractured skull, and is said to be in a critical condition as a result of being on the receiving end of a heavy piece of iron pipe in the hands of another negro, believed by police to be Cicero Ellis, a resident of the Greenleaf section.

Officers Joe Howell and Hack Fulghum were summoned to Samuel's filling station in Greenleaf by a telephone call Friday evening about 7 o'clock. Upon arriving at the filling station, the officer found Thompson laying under the shed, apparently dead. The negro had been struck at the base of the skull with a large piece of two inch pipe, and was bleeding at both ears. He was placed in a car and rushed to the local hospital, where an examination showed a fracture at the base of the skull. Draining of the spinal has been performed several times, and attending physicians declared last evening that the negro has a fair chance to recover.

The other negro, Cicero Ellis, who was said by witnesses to have struck Thompson with the pipe following an argument between the two men, was still at large last evening. He was reported to have fled the scene immediately after the assault, and officers have not yet been able to locate his whereabouts. The exact quarrel which resulted in the nearly fatal assault, was not known, but it was reported that Ellis accused Thompson of insulting his wife. The accusation was said to have resulted in more words between the men, and it was also reported that Thompson had a brick in his hand when struck with the pipe.

CAR TURTLES THREE TIMES

Dennis Sanders, Negro, Injured but Driver Missed Dog Intended

Dennis Sanders, negro, of Selma, was seriously injured when he was riding turned over three times near the Wayne-Conston county line on highway number 10 yesterday afternoon. Will Lewis, negro, driver of the car, attempted to dodge a dog and his machine went into a tail spin on the wet pavement. But he did dodge the dog.

Sheriff Grant told how 43 West person whose name could not be (Continued on page 5)

IDENTIFY MAN DRIVING CAR

A Mr. Hill of Maryland Alleged to Have Caused Wreck Near Pikeville

The negro hit and run driver, who was alleged to have struck the Red Flying Cloud in which Mr. and Mrs. J. Mac Johnson, of Entfield, were driving on Highway 40 near Pikeville late Friday night, causing Johnson to lose control of the automobile and crash into the house of Mr. Davis, has been identified as being a man named Hill, from Maryland. Deputy Sheriff Buck Gardner, of the sheriff's office here, told The News yesterday that identification had been made through an insurance policy found in one of the bags, which was knocked off the side of the negro's car when it sideswiped the other. Efforts are being made to locate the driver of the car, and as soon as he is located a warrant will be issued for his arrest on a charge of fast and reckless driving, it was learned.

Mr. Johnson is a member of the general assembly from Halifax county and a personal friend of W. W. Andrews, of this city. Both he and Mrs. Johnson had narrow escapes from serious injury.

Insect Specialist to Visit County Monday

C. H. Brannon, specialist in insect control with N. C. State College of agricultural service, Raleigh, will be in Wayne County Monday June the third, to visit any one having unusual insect injury to crops. Any farmer or gardner desiring special assistance should inform County Agent Robertson at the court-house.

Baccalaureate Sermons At Three Schools Today

With several of the rural schools already closed, other schools will today begin their commencement exercises and conclude them on Wednesday.

Finals at Euseka Graded School swung into action last night with a recital and operetta by the music class of Miss Ruth Yelverton. The operetta which made a hit with a large audience was "Molly-De-Jolly."

This afternoon at 3 o'clock Rev. Mr. Baker pastor of the Mount Olive Presbyterian Church will deliver the baccalaureate sermon. Senior class day exercises will take place Monday night at 8 o'clock according to a program compiled by Principal James C. Manning of that institution.

Senior's Tuesday morning will hear Prof. E. W. Boshart, of North Carolina State College deliver a special address in their behalf. The following are the students who graduate this season: Vernon Coley, Elliot Halverton, Sallis Wetherington, Ester Bailey, Evelyn Sauls, Viola Ham, and Elizabeth Sauls.

CONVICTS START SERVING TERM

Five Conveyed to State Prison Yesterday Have Sentences Totalling 48 Years

Wayne County deputies yesterday conveyed to Raleigh to begin serving sentences in State Prison, five men who were convicted of felonies in the Superior Court here the past week. Two white men and three negroes made up the lot. The men were sentenced to serve terms totalling forty-eight years.

Will Wood and Herbert Minshaw started sentences of five to seven and 10 years respectively. Wood was convicted of a crime against nature and Minshaw of assault with intent to kill upon his neighbor J. E. Cook. Willie King, negro, started his 10 years for breaking into the house of John King and attempting robbery. Marabel Williams got going on his 8 to 10 years sentence for house-breaking and William Joyner started his 15 years for highway robbery and housebreaking.
