Mayor Hill Calls On City in Proclamation To Assist in Efforts

52 Firms Agree to Close or To Let Most of Employees Off For Games

DOUBLEHEADER, FIRST GAME CALLED AT 2:30

Rejuvenated Kinston Club Will Provide Competition For Bugs

Fifty-two Goldsboro business firms will close this afternoon, or will allow those of their employees who desire to do so, to attend the doubleheader between the Goldsboro Manufacturers and the Kinston Eagles at Griffin Park. These representative merchants and firms had yesterday placed their signatures on a petition requesting the closing of local stores in recognition of "Baseball Day," which was set for today in order to give the public an opportunity to aid the home town club financially.

The following proclamation was signed by Mayor J. H. Hill yesterday: "In conformity to a petition signed by many of the business houses of our city, I, J. H. Hill, Mayor, suggest that all business be suspended, or as much as possible on Friday afternoon, June 28, 1929, and thereby render cooperation with the Goldsboro Baseball Club, which on account of adverse weather conditions finds itself without sufficient funds to meet expenses, and thus help continue this public entertainment.

J. H. HILL, Mayor.

The Manufacturers will play a doubleheader with Kinston beginning this afternoon promptly at 2:30 o'clock. The Teagmians are in third place as a result of dropping two games to the Wilmington Pirates. Jimmy and his boys are scrappers, however, and some snappy baseball is in prospect for today.

The names of the 52 Goldsboro firms to the following petition were secured through the co-operation of The News with Thomas Griffin, secretary of the Goldsboro club.

The petition reads as follows: "We, the undersigned merchants and business men of the city do hereby agree that: in consideration of the unfortunate circumstances which have made it impossible for the local baseball club to take in sufficient money to meet the expenses of operation, and because we wish to see the local baseball club a success, we do hereby promise to cooperate with the local club in their promotion of Goldsboro Day on Friday, June 29, 1929, by closing our places of business, or if that is impossible, to allow those in our employ who so desire to attend the games."

The above petition was signed by the following firms and business men: A. T. Griffin Manufacturing Company, The Goldsboro News, Southern Cotton Oil Company, Charles Stores Company, The Vogue, Dillon Electric Service, Al Heaton, McLellan Stores Company, Merritt Shoe Company, Inc., Smith and Sherard, Goldsboro Battery Company, Mrs. John S. Andrews Asks More Rigid Requirements Law License

WRIGHTSVILLE BEACH, N. C., June 27.—(AP)—A vigorous plea for adequate restrictions on the issuance of licenses for lawyers in North Carolina was made here tonight by Alexander B. Andrews, president of the North Carolina Bar Association, at the opening session of the 31st annual meeting of the organization.

Classing the matter of legal education and admission of attorneys to practice before the courts as one of the most important things facing the bar of North Carolina today, Mr. Andrews pleaded for the adoption of restrictions on admission to the bar along the lines of requirement of more thorough preparatory education and the standing of an examination before a state board of examiners and before the supreme court, as at present.

There are two widely divergent schools of thought on the matter of legal membership, he said: "one class of citizens taking the very liberal view that the lawyers constitute the most numerous and active class in politics and legislation, and therefore the door for admission should be wide open to anyone who

Make Canvass For Members Chamber of Commerce Today

All arrangements have been made for the completion of the membership campaign now in progress by the Chamber of Commerce. Up until last night a number of signed membership cards had been mailed into the secretary's office, and the drive this morning for new members, it has been hoped, will carry the subscription list to 100. Today's campaign offers the man power of Goldsboro an opportunity to show their interest in the efforts of our local Chamber of Commerce, and we hope that a ready response will be met from the prospective member by the canvassing committee.

"Goldsboro," said Secretary W. C. Denmark, has a population of more than 17,000 people, and its Chamber of Commerce membership should exceed 500. What could we accomplish in our city with 500 men working together for development?

The following have been named by the Directors of the Chamber as a canvassing committee, and these gentlemen are requested to meet at the office of the Chamber this morning at 9:00 o'clock:

- Geo. S. Dewey, Geo. K. Freeman, Abram Well, L. R. Thomas, Geo. Walters, E. J. Jeffers, R. E. Stevens, Bruce Ellis, Royall H. Spence, Z. T. Brown, Paul Yelvyrtion, Herman Well, E. A. Griffin, Spicer Holmes, J. J.

wishes to practice. This class of people urge the idea that a person coming to the bar not qualified to practice will by experience equip himself, or else the public will find him out and he will quit the practice of his own accord.

"The other school of thought on admission to the bar is that the attorney's license should be like the hall-mark on silver plate and publicly attest the thorough preparation of the attorney for admission. In other words, that an attorney at law's license should be notice to the public that he has complied with certain requirements, which educators think will aid him in his life work, and is thus commended to the public."

One of the most generally accepted requirements for the latter, but not North Carolina, is that the applicant must have completed two years of college-course or its equivalent before commencing the study of law in a full time institution having a course extending over three years, and upon completion the applicant shall be eligible for admission to the bar, examination of the state. Goldsboro Gets a Look At New State Highway Patrol

"This is the sort of meal we have been looking for ever since we started this tour," remarked Dewey Lewis, Goldsboro man, as he smacked his lips at the barbecue tended the members of the State Highway patrol upon their visit here yesterday. The twenty-seven patrolmen of whom Lewis is one and eleven lieutenants reached Goldsboro from Wilmington via Kinston at 2 o'clock yesterday afternoon.

The barbecue was served at the Memorial Community Building, a driving rain having forced abandonment of plans for serving it at Herman Park.

Kenneth C. Royal, attorney for the Wayne Highway Commission, made good on his promise to let the guests get to the barbecue with a minimum of formality. Mr. Royal told the lieutenants and the patrolman that the length of the formalities incident to bidding them welcome in "do way did justice to the pleasure which they felt in having them as its guests. HODGINS YOUTH SERIOUSLY ILL

Parents Say Pneumonia Followed Assault on Boy by Eustace Bizzell

Legal action against Eustace Bizzell, New York business man, in connection with an alleged assault on six year old Thomas Hodgins, son of Mr. and Mrs. G. E. Hodgins, of East Ash street, on June 10, was pending here yesterday, and some definite step in the matter will be taken within the next few days, the parents stated yesterday. A warrant charging Mr. Bizzell with disorderly conduct, was sworn out at police headquarters here by Mr. Hodgins several days ago, but it has been decided to have a new warrant issued and served through the sheriff's department. The News was told.

According to information furnished The News by Mrs. Hodgins, mother of the boy, young Hodgins is seriously ill with pneumonia, and has been confined to bed since the day of the alleged attack. "My son came home on June 10, crying and hardly able to speak. When I asked him what was the matter, he couldn't answer, but another boy who was with him and said 'mean man kick Tommy'," Mrs. Hodgins told The News. "I left the house as soon as I got my son quieted, and went over to John street. Here I met up with Mr. Bizzell," Mrs. Hodgins declared. The boys, between them, had managed to tell the lady who it was that had struck Thomas, she said. "As soon as I saw him, I stopped him and asked him what he meant by striking my boy," Mrs. Hodgins stated. "He replied that he was merely correcting Thomas, but when I asked him if he didn't kick him, he said that he did lightly," she said.

According to the account of the occurrence as related to The News by Mrs. Hodgins, Thomas and a playmate were standing in front of a vacant store building on North John street, and with toy guns, were aiming at some elephant pictures on circus posters in the store window. "They were just playing when Mr. Bizzell came along and without saying a word grabbed my boy by the collar and shook him several times. Then he gave him a shove and kicked him in the back," Mrs. Hodgins told The News. "I think Mr. Bizzell owns that property, but Thomas wasn't hurting anything at all," she declared.

According to Mrs. Hodgins, the little boy has been running a temperature of from 102 degrees to 105 degrees since the day the alleged assault was said to have occurred. "I know that he is a mighty sick boy, because the doctors have told me so," the mother of the child declared.

Goldsboro Players Say Weafer's Heckling Brought on All Trouble

TEAGUE'S PEACE-MAKING EFFORTS COME TO GRIEF

Disorderly Conduct Charges Against Weafer, Schofield Teague and Bickham

Following the melee at the Wilmington ball park in the second inning of the Goldsboro-Wilmington game yesterday, Hal Weafer, manager of the Pirates, and Schofield his shortstop, Jim Teague, Bug manager, and Bickham his first baseman, were held under bond of \$50 each on a charge of disorderly conduct. They will be called in New Hanover recorder's court when next Goldsboro journeys to Wilmington for a ball game.

Goldsboro players charged last night that the trouble all started when Weafer came to bat at the end of the second and popped out. Instead of going to his dugout Goldsboro players were ordered. Weafer stopped off the coaching line at first base and began to heckle Bickham, using profanity, telling Bickham that he hadn't been able to stick in higher than class D. Ball, and the Goldsboro players added, daring him to a fight.

Bickham at first talked back to him, but stopped, and Weafer continued to heckle him, finally in desperation, Goldsboro players said, Bickham left his post and attacked Weafer, hitting him about the face and body.

Manager Teague, according to the account of the melee given by the players, and other members of the Goldsboro club rushed to the scene, and Teague attempted to part the two, who clinched after exchanging blows. As Teague sought to part them, the account ran, Schofield, Wilmington shortstop rushed up, and struck Teague in the back of the head. The Bug manager was then described as desisting from his peace-making efforts and wading into Schofield.

In the melee, according to dispatches from Wilmington, Teague got a cut on the face, and Schofield an injured hand.

Umpires banished Weafer, Schofield, Teague and Bickham from the grounds, and New Hanover county officers charged them with disorderly conduct. It was first the intention of the New Hanover officers to insist that the Goldsboro players remain over until this morning for trial today, but upon petition of Teague, trial was postponed until the next visit of the club to Wilmington.
