GOLDSBORO, N. C. THURSDAY MORNING, JULY 18, 1929

PRICE FIVE CENTS

COUNTY TAX RATE FOR THIS YEAR SET AT \$1.18

38 CHILDREN EXAMINED HAVE TB: TO BUILD SANATORIUM

County Board Approves Budget That Will Save Payers \$9,600 in Year

Rate for Levy for Past Year Was \$1.20 on \$100 Valuation

LEVY FOR 6-MONTHS SCHOOLS CUT 9 CENTS

The News Gives Comparison on Rates for This Year and for Last

The Wayne county tax rate for the year which began July 1, will be \$1.18 cents as compared with \$1.20 for the past year under the county budget adopted by the county board of commissioners yesterday.

The total budget requirements are estimated at \$743,584.92, and the total estimate of expenditure requirements as \$719,487.15.

The total tax levy for the new year is divided as follows: general fund, 15 cents; poor fund 5 cents, road and bridges 30 cents, debt service 8 cents, six months schools 60 cents.

A comparison of the new rate with the old rate reveals that the general fund has been increased by 2 cents, that a poor fund has been created, that the roads and bridges levy is increased by 10 cents, that the debt service levy is decreased by 10 cents, and that the six months school levy is decreased by 9 cents.

The ten cent reduction in the debt service levy this year as compared with last is made possible through applying the \$43,000 which Wayne will receive from the special gasoline tax fund for debt purposes.

The rate for the past year was as follows: general fund 13 cents, Road and bridge fund 20, county debt service 18 cents, six months school fund 60 cents.

A summary of the budget estimate as adopted yesterday will be found on another page in this issue.

ELON GIRL TO RETURN HOME

Attempted to End Her Life by Jumping Into River Near Waycross

WAYCROSS, Ga., July 17.—(AP)—A young woman held here since Friday after police said she attempted to commit suicide by jumping into the Satilla river, today was identified as Frances Teague of Elon College, N. C.

Before identification she gave the name of Thomas. She declined to reveal the name of her parents. Police quoted physicians as saying she was temporarily mentally unbalanced.

Mrs. C. E. Tapscott of Elon College, mother of the girl, advised officers that she was forwarding transportation for the girl's passage home.

SHIP BURNING ON FLA. COAST

Coast Guard Making Investigation to Determine Aid Needed

ST. PETERSBURG, Fla., July 17.—(AP)—A telephone message to the St. Petersburg Times from its Sarasota correspondent early tonight said a large steamer was apparently burning off the coast at that point.

The Coast Guard base here had no report on the ship but was investigating. The radio station was trying to raise all vessels that were in that locality.

2 ARE RETURNED TO COUNTY HOME

Civil War Veteran Had Strange Collection in His Pockets

Needham B. Whitfield, 84 year old inmate of the Wayne county home near the city, and Will Wilson, 39, a three-day resident of the same institution, were yesterday morning returned to the county home after an absence of about 24 hours on the part of Whitfield and an absence of only a few hours for Wilson.

Whitfield, who declares that he is a Civil War veteran, was lodged in the city jail Tuesday about noon following his arrest by Officer Chink Rhodes on a complaint by a resident of South Goldsboro that the aged man had gone into their house and gone to sleep.

Whitfield, who is small in stature and is feeble, is said by officers to have a habit of going up on people's porches and lying down and going to sleep. He has been locked up in jail on several occasions, and on one of these, most recent times, scratched from under the wire fences surrounding the county jail, according to his own admission. The old man gets the "wandering bee" every once in a while, and when one of these spells hits him, makes an excursion into town. He has been at the county home for a number of years.

Wilson, who was taken back to the home yesterday along with Whitfield, was brought to the police station here after an Edgewood resident had called the headquarters and told officers that she had been frightened by a man. According to the police, Wilson had left the county home earlier in the day to come to town and get some clothes from the home of a brother, said to live here. The man had lost his way, and in attempting to get his bearings had asked the lady for some information, it was said.

Wilson was seriously injured last fall when he was assaulted and robbed while riding with two men from Raleigh to Goldsboro. The incident occurred near Smithfield, and Wilson was removed from the car and left alongside the road in a semi-conscious condition. He was brought to a local hospital and it was several days before he recovered. The man had been staying with relatives here until about three days ago. He was also badly injured at Spartanburg, S. C. more than a year ago when knocked down by an automobile. His leg was broken at this time. Wilson told the (Continued on page 5)

HOME REPORT TO BE GIVEN

Eyes of North Carolina Odd Fellows To Be Turned to City Today

The eyes of North Carolina Odd Fellows will be turned toward Goldsboro today. About noon, members of the order of the sixth district will gather for their annual picnic at the Orphan Home, and this afternoon the directors of the home will meet to consider the report of the committee which recently made an inspection of the property.

Grand Master R. F. Simmons of Winston-Salem will attend the picnic as guest of honor and be present for the trustees meeting this afternoon. Copies of the report of the special committee which came to the city following appointment at the Grand Lodge meeting in Winston, had been received here yesterday by members of the trustees, but their contents were not disclosed.

Odd Fellows of Goldsboro, Wilson Tarboro, Elm City, Mt. Olive, Rocky Mount and Spring Hope are expected to gather for the picnic this morning.

Russia Breaks Relations With China Nationalists

MOSCOW, July 17.—(AP)—The Soviet government tonight broke off diplomatic relations with the Chinese nationalist government.

The Soviet government made public its reply to the Chinese note, the latter having come in response to an ultimatum from Russia. In this note the Soviet Union said that all means of reaching amicable agreement had been exhausted.

New Farm Board Starts Big Effort

President Hoover sits with his newly created Farm Board at the first meeting in Washington, D. C. Left to right, sitting: James C. Stone of Lexington, Ky., vice chairman, representing tobacco; Secretary of Agriculture Arthur M. Hyde, ex-officio member of the board; President Hoover, Alexander H. Leggo, Chairman; Charles G. Teague of Los Angeles, fruit raising; Standing: William F. Schilling of Northfield, Minn., dairying; Charles S. Wilson of Hall, N. Y., Eastern agricultural interests spokesman; Carl Williams of Oklahoma City, cotton and C. B. Denman of Farmington, Mo., live stock.

To Decide Baseball Status at 8:15 P. M.

Whether or not it will be possible for Goldsboro to finish the season in the Eastern North Carolina League is expected to be determined at a mass meeting to be held in the chamber of commerce rooms at 8:15 this evening. Everybody who is willing to do his part in boosting attendance at the games here is invited to attend and the 175 stockholders in the baseball club are urged to be there. It is generally agreed that it means cannot be found to increase attendance at home games that Goldsboro will have to surrender her franchise. Already the club is faced with a deficit ranging from \$5,000 to 7,000 for the current season.

HEART ATTACK PROVES FATAL

Duke University Student Was In Swimming At Lake Junaluska

LAKE JUNALUSKA, July 17.—(AP)—Howard Ashley, 23, of Boone, N. C., died of a heart attack while swimming in Lake Junaluska today. Ashley, an expert swimmer, had just entered the lake about 4 p. m., when he disappeared below the surface. Companions brought him to the shore but he failed to respond to efforts at artificial respiration.

Physicians after an examination said that death was due to heart failure. Ashley was graduated from Duke University the past June and was doing further study at Junaluska Summer school.

PAUL T. LONG TO BE TEACHER

Arrives as Farm Instructor for Brogden and Seven Springs Schools

Paul T. Long arrived yesterday to assume his duties as instructor in vocational agriculture at Brogden and Seven Springs high schools.

PAUL T. LONG TO BE TEACHER

He is a native of Northampton county, a graduate of State College and for four years has been teaching agriculture at West Edgemore high school in Edgemore county.

No agreement has yet been reached on who will succeed A. H. Veasey as vocational teacher at Rosewood, but a number of candidates are being considered.

FIRE DESTROYS TOBACCO BARN

Charles W. Best of Thompson's Chapel Suffers Loss of \$400

A tobacco barn containing 450 sticks of curing tobacco belonging to Charles W. Best, of Goldsboro, route 5 near Thompson's Chapel, was completely destroyed by fire yesterday morning about 3 o'clock. Mr. Best's son was at the barn, but had dropped off to sleep when the fire started. Mr. Best had gone to bed, but happened to see the reflection of the blaze from his bed-room window. He left the house immediately but when he reached the barn the blaze had gained such headway as to render extinguishing it almost impossible.

Mr. Best estimated his loss at approximately \$400, which was not covered by insurance. A stack of wood piled up at one end of the barn, was saved, but another pile of tobacco sticks was burned before they could be removed. Mr. Best told the News that in his opinion the blaze started when one of the curing sticks of tobacco fell on the hot flue inside the barn.

No Word Yet From John G. Jinnette

An entire week had yesterday passed since John G. Jinnette, 51 year old carpenter of 108 S. Stocumb street, disappeared from his home, and during this time his wife and children have received no direct word from him, and only one report, from a relative to Mt. Olive to the effect that the missing man had been seen by the streets there the same day he left his home here. This relative even spoke to him for a minute or so, but when he looked around again the man had left. As far as can be learned here, nothing has since been heard from Jinnette.

Final Report on School Clinic Comes Few Hrs. After County Board Acts

Ten White Children and 12 Colored Found in Need of Sanitarium Treatment

TWO CASES OF "ADULT" TUBERCULOSIS FOUND

Thirty-Seven "Suspicious" Cases Reported in Findings of Dr. Yoder

Thirty-eight positive cases of tuberculosis and thirty-seven "suspicious" cases are revealed in the final report of recent tuberculosis tests conducted in Goldsboro and Wayne County Schools. The final report came yesterday from Dr. T. M. Yoder, of the State Sanitarium extension service, who gave the tuberculosis test to approximately 1,500 white and negro children in cooperation with the local health department. Several hundred X-ray pictures were made as a check where the results of the tuberculin test indicated the check was needed, and the report of Dr. Yoder is based upon a study of the X-ray photographs.

Ten of the white children found to have tuberculosis are in need of sanitarium treatment. Dr. Yoder reported. Eight white children were reported as positive "but sanitarium treatment," the report read "was questionably necessary for them, depending very largely on their home conditions. If they are not living in contact with an open case of tuberculosis, and if they can get reasonably good attention at home, they will probably get by, otherwise it would be well for them also to come to the Sanitarium."

Twelve colored children were found positive and sanitarium treatment recommended.

Three white and three colored children were found to have the "adult" type of tuberculosis, and we think it very necessary indeed that they have sanitarium treatment as early as possible, as they are possibly infectious to those with whom they live."

Two children were diagnosed as having tuberculosis of the neck and it is urged in the report that they should have X-ray treatment for these glands, combined with dietetic and fresh air treatments. If they cannot get these, together with X-Ray treatments at home it would be well for them to come to the Sanitarium."

Twenty-four white and thirteen colored cases are classified as "suspicious" in Dr. Yoder's report.

His report continued: "In some of these cases I have recommended that another X-ray picture be made of their chest, in from one to three months. These cases should be considered very much as the active cases above mentioned. The parents should be instructed to give them plenty of good, nourishing food, they should be urged to have the children lie down for at least two hours each afternoon, and the children should not be allowed to take any strenuous exercise, such as running, jumping, ball playing, etc., and they should spend, at least nine or ten hours in bed at night. They should also have (Continued on page 5)

Commissioners Provide for \$25,000 in Notes for County Sanitarium

DELEGATION APPEARS TO URGE NEED SANITORIUM

Building to be Provided to Care for 30 Patients Assured This Year

Wayne county will construct a tuberculosis sanitarium to cost \$25,000 sometime during the present year, it was voted by the county board of county commissioners in special session yesterday. An appropriation for the sanitarium was not made in the budget adopted for the current year, but the county will use its credit, either in the form of short term notes or bonds, in erecting the hospital. Definite approval of the project was given after a delegation had appeared and urged its necessity to the commissioners.

Among those petitioning the board for the sanitarium were Mrs. M. B. Robinson, Mrs. J. N. Johnson, Mrs. D. W. Davis, Mrs. B. G. Thompson, Dr. W. H. Smith, Judge D. H. Wood, W. A. Dees and Dr. L. W. Corbett.

Provision for the county to erect the sanitarium was made only after assurance had been given by Dr. E. S. Rankin over long distance telephone that the State Sanitarium would allow \$1 per day per patient cared for.

It was argued by the commission that from a standpoint of economy alone, it was a wise thing to erect the sanitarium. It was pointed out that the county maintains on an average of 7 to 8 pauper tuberculosis patients in the State and in other county sanitariums, and that this cost would be more than sufficient to carry interest charges on financing a county institution.

With the \$25,000 which will be made available, it is proposed to erect a sanitarium that will accommodate 30 patients. It is expected that it will be erected on county property near the present County Home, and that the selection of plans and awarding of contract will be made shortly.

AUTO ACCIDENT TOLL

RALEIGH, July 17.—(AP)—Only automobile accidents exceeded homicide during June as the cause of persons meeting violent deaths in North Carolina. The monthly report of the state board of health reveals 66 persons were killed in automobile accidents while 27 were killed by one of their fellowmen.

SPEED COPS TRAVEL SOME

Rouse and Howell Have Traveled 13,724 Miles in Line of Duty

The two members of Goldsboro's police force who have as a part of their duties the riding of two-wheeled motor bikes have together traveled 13,724 miles during the past twelve months, and practically all this riding, in line of patrol duty, has been done inside the city limits. Officers June Howell and F. H. Rouse are the bluecoats who are seen daily riding about the streets, paths and byways of the city on their Harley-Davidsons, and the two officers have become a menace to speeding motorists and other violators of the city's speed and traffic laws.

The speedometer on officer Rouse's gasoline steed has registered 8,192 miles since January 12, or nearly 1,000 miles each month, while Howell's "Harley" has circled and traversed the city to the tune of 7,532 miles since late last summer.

While having as their specialty the arrest and warning of speeders and traffic violators, Officers Rouse and Howell are frequently called upon to make arrests in other cases, and to assist in making investigations, serving summons and answering complaint calls.

The warehousemen in Goldsboro tobacco market at heart as much (Continued on page 5)
