TROOPS ON GUARD WHILE OFFICERS MAKE ARRESTS

74 STRIKERS ARE ARRESTED BY NIGHTFALL

Four Companies of National Guardsmen Now on Patrol Duty

OFFICERS EXPECT MAKE MORE ARRESTS YET

Warrants Charge Those Arrested With Participating in Riot

MARION, Aug. 31.—(AP)—Sheriff's officers, beaten and bruised yesterday in a clash with strikers from the Clinchfield mill and strike sympathizers, today swore out warrants for 148 members of the National Textile Union from the Clinchfield and Marlon Manufacturing company's mills, and at nightfall 74 had been arrested. While the officers were carrying out the arrests, four companies of National Guardsmen patrolled the Clinchfield mill village, owned by the Marlon Manufacturing company, which has closed. All persons arrested were searched. Two companies, a cavalry unit from Asheville, and an engineering company from Morganton, had been stationed at Marion, a mile from the mill village. These troops, late yesterday rescued sheriff Oscar Adkins and several deputies when they were set upon by a crowd of stone throwing club, wielding strikers in the Clinchfield village. The crowd was dispersed without serious injury to anyone.

MARION, Aug. 31.—(AP)—Armed with 148 warrants, all of which charge "inciting a riot," sheriffs officers today began a hunt for the men and women who last night drove officers from the Clinchfield mill village with clubs and stones. The trouble, the outgrowth of a strike at the Clinchfield Manufacturing Company, resulted in four companies of National Guardsmen being sent here. Streets of the mill village were being patrolled by the militia as the court attaches continued their work of serving warrants, which included one for Alfred E. Hoffman, southern organizer for the United Textile Workers, branch of the American Federation of Labor.

Before noon today the officers had jailed thirty eight men and one woman all of whom were charged with participating in the riot. Hoffman, however had not been arrested. With thirty eight in custody, others were being brought to the McDowell jail as fast as they could be located and arrested. Deputy sheriff Brodie Robbins, who received the only major injury in the clash, between officers and strikers, was able to join in the round up of the rioters today. The deputy was struck on the head, with a club, as a mob estimated by the sheriff at 600 men and women forced the officers to leave the mill village. Sheriff Adkins and his officers went to the Clinchfield village late yesterday upon word that strikers were attempting to prevent Charles Gibson who had moved to the village from Carolee, Rutherford county from placing his furniture in one of the mill houses. The mob took the furniture to the state highway, several yards away and the officers were attacked with stones and clubs as they sought to disperse the crowd. Asheville and Morganton cavalry companies, which had been held in the town of Marion a mile from the village were ordered to the scene by N. A. Townsend, executive counselor to Governor O. Max Gardner. Mr. Townsend has been in Marion for ten days, spending the first week in the Clinchfield mills.

KEPPELIN TO MAKE TOUR OF ALASKA

JUNEAU, Alaska, Aug. 31.—(AP)—The Graf Zeppelin is coming to Alaska next April for a series of Arctic explorations with Fairbanks as a base. Governor George A. Parks and Major Malcolm Elliott, president of the Alaska road commission, have been advised by Ernest Walker Sawyer, executive assistant to Secretary of Interior Work.

Gale Across Hangar Doors Delays Zepp's Departure

PASSENGERS ALL ON BOARD AT 12:45 O'CLOCK THIS MORNING BUT NINE MILE WIND HOLDS UP RETURN TRIP

LAKEHURST, Sept. 1.—(AP)—The great east doors of the Graf Zeppelin hangar here had been swung open at 12:45 a. m. in preparation for the departure for the home port at Friedrichshafen. The passengers were all aboard, and the ground crew was awaiting the word for the take off. At 10'clock a. m. Captain Lehman who will command the giant ship on its flight back home, announced that the wind was blowing across the doors of the hangar at the rate of nine miles an hour, and that the ship could not be taken out until the gale died down to seven miles an hour.

At 1:10 a. m. it had been announced that in the event the wind did not fall sufficiently to allow the removal of the zeppelin from its hangar, the passengers would probably sleep on board the ship until morning rather than return to their hotels.

LAKEHURST, Aug. 31.—(AP)—Captain Ernest Lehman, who will command the Graf Zeppelin on its return flight to Friedrichshafen, Germany, announced tonight that the giant liner would depart from its mooring mast here as soon as possible after 1 o'clock. The 19 passengers were to arrive by special train at 9:30. The departure will be made as soon as possible after their arrival, Lehman said that no attempt would be made to break the time record made on the round-the-world flight, as the ship had had the wind at its back on the previous crossing of the Atlantic.

The Graf should arrive at the home port September 3 or 4, the position of the zeppelin while making the crossing will be made to the naval department at Washington every three or four hours.

LABOR DAY WILL BE QUIET HERE

Several Institutions be Closed And Ball Game in The Afternoon

The attending of the baseball game here Monday afternoon between Goldsboro and Rocky Mount will probably be the extent of Goldsboro's actual celebration of Labor Day. As far as could be learned yesterday, no special exercises, or other celebrations are being planned, although a few years ago, Labor Day was the occasion of a number of picnics by various organizations.

Several of the city institutions will be closed, and employees of these places may take a jaunt into the country, or to some nearby watering place. The Goldsboro public library the local government post office, and all the freight depots will be closed.

This Hen Believes In Change of Pace

SALISBURY, Aug. 31.—(AP)—I. B. Deal of China Grove recently came to Salisbury and had something unique in the ways of eggs to exhibit to his friends.

The eggs, laid by the same hen on successive days, were just about as opposite in size as a hen egg could be.

One day the fowl laid an egg measuring 6 1-2 inches in circumference and the next day the egg produced was barely an inch in circumference. The hen, a buff orpington, has since that time laid normal size and weight eggs.

Three Warehouses Ready For Mart Opening Tues.

All indications point to the most successful tobacco market opening Goldsboro has ever enjoyed when the market opens here Tuesday morning, September 3, is the opinion of local weed experts who have been around among the farmers in this section. Co-incident with the opening of the Goldsboro market, 15 other markets in the new Bright Belt will open.

Many farmers from Wayne and surrounding counties will probably begin hauling their loads of weed into the local market tomorrow morning, so as to have their loads on the spot by early Tuesday morning. It is believed that by early Tuesday morning the floors of all three warehouses in the city will have been filled. The three warehouses which will be operated in the city this fall are the Currin, The Brick and the Yelverton House. Dqn W. Taylor and J. R. (Bud) Taylor are partners in operating the Currin. Sheriff W. D.

92 ARRESTES ARE MADE IN AUGUST

Cases of Drunkeness Head List With 17 Defendants on This Charge

Members of the city police department here made 92 arrests during the month of August, according to figures secured yesterday by The News. Of the 92 defendants arrested during the month, 55 were convicted in city court, 10 were dismissed, and 27 were bound over to the county court.

Drunkeness was the feature charge preferred against violators. There were 17 cases of drunkenness and 14 for speeding of an automobile. Among the other charges were assault, violating traffic laws, riding bicycles on the sidewalks, jumping board bills, passing worthless checks and trespassing. Fines and costs taken in during the month totalled \$403.10. Five defendants were given road sentences totalling 150 days.

Snow to Hold Hearing on Bridge New Bern

NEW BERN, Aug. 31.—(AP)—Major W. A. Snow, United States district engineer at Wilmington, will hold a hearing at New Bern Tuesday morning in connection with the application of the state highway commission to reconstruct a bridge across the Neuse river here.

The plans submitted for the new bridge call for it to be constructed on the site of the old with a draw with a horizontal clearance of 50 feet, and vertical clearance of 24 maximum high water, 43 feet at normal high water, 63 at normal low water and 83 feet at maximum low water.

Three Warehouses Ready For Mart Opening Tues.

Grant, Arnold Smith and J. E. Jones are proprietors of the Big Brick warehouse, and Paul Yelverton is entering the business for the first time at the tin house on South John street.

The houses in Goldsboro are especially well lighted, insuring the farmer that his piles of weed will be viewed from favorable light. There will also be plenty of buyers on the local mart on the opening next Tuesday. According to the statements of proprietors of the local warehouses, farmers in every section of Wayne and a number of the surrounding counties have announced their intention of bringing their tobacco to the local markets. Another of the manifold advantages of the local mart is the fact that it is centrally located, and has an excellent system of highways leading in to the city from practically every direction.

Hoover Congratulates Eckener

President Hoover extended congratulations in person to Commander Hugo Eckener, on the steps of the White House as the gallant adventurer of the air, who made a hurried flight to Washington following the arrival of the Graf Zeppelin in Lakehurst, N. J.

Sentenced to Pen For Killing Wife

FAYETTEVILLE, Aug. 31.—(AP)—Frank Birchman, Fayetteville plumber, was sentenced to not less than four years and not more than seven years in the state prison this afternoon by Judge T. L. Johnson, following his conviction on a charge of second degree murder. Birchman was charged with inflicting fatal wounds on his wife. She died in a Fayetteville hospital August 12.

DOES NOT LIKE LINDYS STUNTS

Makes Request for Investigation of Lindbergh's Stunt Flying

CLEVELAND, Aug. 31.—(AP)—A request to investigate the stunt flying of Col. Charles A. Lindbergh, which according to pilot Samuel Taylor, of the Stur-Airline Incorporated, topped yesterday Taylor's big passenger plane during the air races here, was preferred by William P. McCracken, assistant secretary of the Department of Commerce today to C. C. Baldwin, Commerce inspector.

The investigation was requested by Cliff D. Henderson, manager of the air races, after a dispute between Lindbergh and Taylor. McCracken said that he could not act on the request without a report from Baldwin, and Baldwin said he had no report to make. The dispute started when Taylor attempted to land with the plane loaded with passengers and baggage flying over the field during the races had been forbidden to non contestants and Lindbergh quit stunting with two naval fliers to pursue the plane.

Captain Eaker Off in Shuttle

CLEVELAND, Aug. 31.—(AP)—Capt. Ira K. Eaker, pilot of the endurance plane Shuttle, took off in the record-timed ship for New York this morning to prepare another flight.

Four Oaks Men Are Released Under Bond

The quartette of Four Oaks white men, who were arrested near the edge of the city by deputy Carl Smith Friday afternoon about 5 o'clock as a chase of nearly 30 miles, were released from the county jail yesterday morning under bond for their appearance in county court here Monday morning to answer to charges of reckless driving and a hit and run count. Roby Laestier was released under \$500 bond, and the other three, Thomas, Major and Ayden Allen, brothers, are out under \$200 bond each.

DIVORCE FAW NOT VALID

MEXICO CITY, Aug. 31.—(AP)—The Mexican Supreme court in an unanimous decision today held a divorce law of the state of Yucatan unconstitutional.

Mt. Airy Man Commends Work Patrolman Lewis

By M. R. DUNNAGAN
RALEIGH, Aug. 31.—"I want to thank you personally for having trained men to these high standards and to congratulate you on your ability of selection, and furthermore to assure you that you may depend on me at all times for all the support in my power in connection with the North Carolina State Highway Patrol. J. D. Sargent, president of the North Carolina Granite Corporation, Mt. Airy concluded a long letter written to Captain Charles D. Farmer of the highway patrol.

Mr. Sargent related an incident, in which his wife, accompanied by relatives was driving from Mt. Airy to Oriental was struck by a truck and told the aid rendered by Patrolman D. G. Lewis, located at Goldsboro, in providing every convenience, held the truck driver sent for a car expert to appraise the damage, secured bond from the driver for complete repairs to the car, called Mr. Sargent to inform him of the accident and conditions. "All this man handled in such a

Dan Cupid Was Active In August, Figures Indicate

SALES OF MARRIAGE LICENSES TO BOTH WHITE AND COLORED APPLICANTS INCREASE DURING PAST MONTH

More than twice as many marriage licenses were issued from the office of Miss Dossie Grantham, register of deeds for Wayne county, during the month of August than were issued during July, figures secured by The News yesterday show. Miss Grantham expressed the opinion that the sale of marriage licenses would probably increase each month from now on through the fall months. July is an unusually light month for the marriage license business, it was said.

During August 22, licenses were issued to white applicants as compared with the eight that were issued to whites during July. According to these figures, the sale during the past month nearly tripled the sale of the permits in July. A total number of 118 permits were issued to colored applicants during August as compared with the 17 that were issued in July showing an increase of nearly 100 per cent. Comparatively few applications for licenses have been made under the

new marriage ban law, which went into effect on July 1. More negro applications have been made during the two months period, however, than have whites. Six negroes have applied for license five days before they could secure the same, compared with only four white applicants who have been forced to wait the necessary five days.

Three marriage licenses were issued yesterday. Two were issued to white applicants, and one to colored applicants. The licenses were issued to white applicants as follows: W. J. Farris, 50, of Green county to Lena Price, 21, of Green county; Darwood Hood, 21, of Grantham township, to Elsie Watta, 17, of Redden township. License was issued to colored applicants as follows: James Brown, 21, of Nehalem township, to Sue McNeal, 21, of Nehalem township.

CITY BOARD TO MEET MONDAY

Suggested Widening of Slocumb Street Will Probably Be With 17 Defendants On

The suggested widening of Slocumb street from Cole's store to Elm street to permit the entrance of the proposed Pink Hill highway directly into the city will probably be brought up for consideration at the meeting of the city board of aldermen to be held here tomorrow night.

Two or three possible routings of the highway, are being considered by the state highway commission, it is understood, but it is the general belief that the route entering into Slocumb street would be the most convenient and at the same time the cheapest.

To route the Pink Hill highway in the direction of the Broadhurst bridge road, across country to highway 10 east of the city, would entail a great deal of expense in cutting through in addition to making fills.

PLANE CHASH IS AVERTED LINDY'S MOTORS ESCAPES

CLEVELAND, Ohio, Aug. 31.—(AP)—A head on collision of two airplanes at the National air races here was averted because the pilot of one of the planes preferred to crash to the ground to avoid the collision.

Mrs. Evangeline Lindbergh was an occupant in the plane that escaped. She was coming here to meet her son, Col. Charles A. Lindbergh.

15 MARKETS TO OPEN TUESDAY

Goldsboro is One of New Bright Belt Markets Opening September 3

MARION, Aug. 31.—(AP)—The North Carolina tobacco market, with some 60 warehouses handling the weeds, will have their "break" Tuesday September 3.

The New Bright Belt area will start Tuesday, and it is the general belief that the route entering into Slocumb street would be the most convenient and at the same time the cheapest. Two or three possible routings of the highway, are being considered by the state highway commission, it is understood, but it is the general belief that the route entering into Slocumb street would be the most convenient and at the same time the cheapest.

Total sales of weed in the New Bright Belt last season by producers amounted to 230,777,000 pounds with total dealer sales of 200,000,000 pounds. An average price of 20.00 per hundred was received. The total sales of the Old Bright Belt last year amounted to 178,254,000 pounds with an average of 18.15 per hundred pounds. With the opening of the New Bright Belt the first Federal-state grading service on tobacco will be inaugurated at Smithfield. A similar service has been in vogue at Lake City, N. C., this season and has proved very successful. Last year several markets had the same system and found it successful and apparently an agent is working better prices for the weed.

Wilson, one of the New Bright Belt markets, is the largest tobacco market in the world, it is claimed. Last year weed to the amount of 12,917,000 pounds was sold for \$1,738,000.00 at an average of 20.43 cents per pound on the Wilson market. The year before there were 76,529,204 pounds sold at an average of 23.24 cents per pound or total of \$17,609,226.00. The reason for yearly receipts paid out on the Wilson market was set in 1913 when the sales total was barely more than half what it was last year but the average was 23.87 per hundred. In 1919 sales were 42,330,549 pounds for \$22,720,280.44 (\$22,720,280.44).

HOOVER OFF FOR RIVER LODGE IN VIRGINIA

WASHINGTON, Aug. 31.—(AP)—President Hoover left by motor yesterday for his camp on the Rapidan River in the Blue Ridge Mountains of Virginia, for a sojourn over Labor Day.

Nineteen guests, including five members of the Federal Farm Board, were invited to spend the entire week end with the President. Mr. Hoover and their son, Allen, will be Mr. Hoover's longest vacation since he became president.
