Every once and again somebody hobbles up wailing over the paucity of Mr. Cleveland's worldly effects, citing in justification their hysterical excitement over the tax books of Princeton, N. J., which show but \$180,000 worth of property to his credit.

The facts in the case justify us in warning the press against the Gooch Green Lumber Company of Greensboro, N. C. The GAZETTE has sent bills three times for advertising past due, and the account has had no attention whatever.

Somebody wanted to know the amount of Governor Daniel Russell's salary. It is \$8,000 a year. He gets also "furnished house, fuel and lights" from the State and all the free passes he wants and doesn't want from the railroad.

And still they come. Since our last issue a number of men who for the last two elections have voted against the Democratic party, have told the editor that they will never be guilty of the folly again. That's right warring men. By each action you show that you were honest in what you did, and that you wish to prove your honesty by correcting the evils which your votes have done.

The stockholders of the York cotton mill are fully agreed upon the desirability of increasing the capacity of their plant. The earnings are highly satisfactory, and there is every encouragement for such a step.

Talking about freight rates being high, we can haul cotton to and from here on Charlotte on wagons for 14 cents to 25 cents on the bale less than the railroad charges. Freight on cotton was 10 cents per hundred, but now it is 18 cents, which drives us from the Charlotte market.

The Record is published every day except on Sundays and public holidays.
Lovelock, N. C., Nov. 24, 1897.
The continued dry weather helps the farmer to harvest his corn and cotton and hinders in preparing for a wheat crop next year.

Mr. L. E. Dameron has moved here and revived the livery business again. Mr. Hauer Stovall has gone to Henderson to work with a carpenter force. Mrs. Maria Huber will build in Henderson and make it her home in the future.

Mr. Broadus Hallinger has accepted the position of agent of the Southern Railway at Tryon, a station on the Spartanburg and Asheville road. It is said to be a nice little town and we are sure Mr. Broadus will make them a nice little agent.

Mr. Lee Ford and Miss Leah Whitehead were married here at Sunday in November at the residence of his pastor, Rev. B. A. Miller. Mr. Melvin Good has been laid up with rheumatism and sciatica for the past two weeks, but is a little better.

Miss Dora Abernethy came down on a visit to Esq. Cornwell's last week, returning home Saturday. Mr. J. O. Meselman can justly be termed the boss fisherman of this section. He catches more large fish than any man we know of.

The Gaston Fox Club or a part of them, are off this week to Richmond to have some more sport. They have imported several foxes into Gaston this summer and will chase them this winter for pastime. Mr. U. C. Cornwell returned Saturday night from Asheville where he had been to attend a conference.

The many friends of Rev. M. T. Steele will be glad to learn that he has returned to this circuit for another year. Miss Bena Ford and Miss Miss Lewis, of South Point, are boarding here and attending Prof. Hodgins' school. Mr. P. Gruchy goes to Belmont today to begin a job of painting for Mr. Lewis and others.

There will be services at the Presbyterian church Thursday. Also a shade tree setting around the church. Mrs. Crouse, Miss Mamie and Master Arthur returned from King's Mt. last evening, where they had been on a visit to relatives and friends.

Money to Loan.
That's not my business, I always borrow. But you can have money to loan. You can get it and take care of it by buying judiciously - especially what you eat. A dollar well spent goes a long way these times.

Witness its unrivaled average daily circulation exceeding 100,000 copies, and an average exceeding 120,000 copies for its Sunday editions, while imitations of its plan of publication in every important city of the country testify to the truth of the assertion that in the quality and quantity of its contents, and in the price at which it is sold "The Record" has established the standard by which excellence in journalism must be measured.

The Daily Edition of "The Record" will be sent by mail to any address for \$3.00 per year or 25 cents per month. The Daily and Sunday editions together, which will give its readers the best and freshest information of all that is going on in the world every day in the year, including holidays, will be sent for \$4.00 a year or 35 cents per month.

State Detectives Newbold, when he saw it, surrendered to a friend, and had a message sent to Governor Ellerbe that he was coming to Columbia this morning. On the 10th of the month, W. H. Newbold shot and killed J. H. Turner in Spartanburg county, and although an offer was made for the arrest of Newbold, he went wherever he wanted to without interference and seemed to be able to travel over several counties at his will.

A Charlotte man, just returned from the mountains, reports that near Marion he saw a sight that reminded him of anti-bellum days - a man in charge of a drove of turkeys on the way to market. The owner of the drove is from Mitchell county, and he was enroute to Charlotte, and at the rate he travels he will be here by Monday. He had bought up the turkeys from farmers in his neighborhood. It will be something worth seeing when the drove comes into town. Driving turkeys to market was a common thing before the war.

A rather unusual sight in Reg. Bacon's court on Friday last was a man apparently 20 or 25 years old dressed in female apparel. He came from below Cairo some miles, and is dressing in such a garb, so we are told, because it is cheaper than ordinary men's clothing. We'll bet 10 to 1 that is the most striking illustration of poverty under the gold standard that is on record.

Dig down to the cause of your sickness. If you want to get well and stay well, you must know the cause of your ailment. The irritating process of fermenting, putrid food, left in the stomach by indigestion, causes head-ache, neuralgia, nervousness, dizziness, at-on-achia, nausea, irritability, and all the other well-known symptoms of indigestion. They also cause stony pains and disorders which are often laid to other causes and hence are not easily cured.

Give a delightful finish to the day. Nothing is more agreeable than music when it emanates from the SWEET PIANOS which are the finest home instruments in this country.
