The Whole Big Show.

Mr. J. A. Bailey, W. W. Cole and the Sells Brothers have proved themselves the kind of men that never do anything by halves, consequently the complete great Adam Forepaugh and Sells Brothers' consolidated show will be here—every animal, every net, every rare feature, every unique and exclusive attraction. As a matter of sound business policy, well as of common justice, our people are entitled to just as much for their money as those of any other locality, and they will get it. All ally or false rumors to the contrary, it may be stated right here that no tested show was ever divided, or ever will, or can be. It is simply a preparatory and physical impossibility. Thursday, Oct. 18, is the date.

Nation Believes in Expansion.

Yorkville Enquirer.

Mr. J. J. Hunter, who has been with H. C. Strauss for several weeks, goes to Chester to-day to open up a large clothing store for E. W. Mellon, of Charlotte. The offer, as it comes to Mr. Hunter, from Mr. Mellon, is a most advantageous one, and Mr. Strauss generously waived his claims Mr. Hunter's services for the balance of the year. Mr. Hunter will handle clothing exclusively, and will carry an immense stock. He would have probably opened the business at this place, but was unable to do so, because of the lack of a suitable store room. It is not his intention to take his family to Chester at this time.

Native, and-as Advertised.

While some citizens managers think it excusable and smart to try and fool all the people, those of the Great Adam Forepaugh and Sells Brother's Consolidation which appear here on Thursday, October 18th do not deem it either bonable or profitable to attempt deceiving anybody, at all. Were it a physical possibility which it is not, never was and never will be, to divide the exhibition, they would never attempt it because they aim to do, by rich and poor, high and low, old and young, and everywhere under all circumstances, to treat each and all generously, honestly and all impartially.

Stockholders Meet.

Charlotte News, 10th.

The stockholders of the Charlotte Casket Company met to-day in the office of the Charlotte National Bank. The following board of directors was elected for the ensuing year: Messrs. B. D. Heath, C. F. Wadsworth, J. M. Foot, N. P. and E. C. Cannon, J. D. Brumfield and B. L. Hardage. The officers will be elected at an adjourned meeting tomorrow. The affair of the company are in satisfactory condition. The factory is doing good work and has a fine business.

School Board.

The county school board met in Dallas on Monday last. All the members of the board were present. The treasurer's books were examined and found to be correct. Mr. J. B. Cornwell who has been elected commissioner offered his resignation which was accepted and Mr. R. K. Davenport of Mt. Holly was elected to fill the vacancy.

The friends of Dr. and Mrs. W. H. Crowell will be sorry to learn that they have decided to leave Gastonia. Dr. Crowell has been here nearly a year and has made many friends. They go to Oberon, S. C., from here. We trust they will be pleased with their new home. Dr. Crowell sold his house and lot back to Mr. John F. Love.

Long Bros' store has been crowded with visitors this week to see the cooking exhibition. Mr. Bradford has charge of the range and explains the merits of the Majestic range. Coffee and hot biscuits were served free. Next tables and chairs were provided for the visitors and the store was made very attractive. The coffee served is sold by Gray & Love and is the Merfing Glory. E. M. Andrews had handsome china set on exhibition also. The ladies seem to enjoy it very much.

LYCEUM ASSOCIATION.

The Course Will Consist of five Attractions—Two Musicals and Three Lectures.

The Lyceum Association held a meeting in the Y. M. C. A. a few days ago and selected the course for the approaching season. The course selected is one which will meet with the approval of every one. There is enough variety in it to satisfy the most fastidious. At the same time it is high class in every respect. Each attraction costs \$100 for each performance. The manager is endeavoring to get either Folk Miller or Bob Taylor for this month. If he is successful the public will be made cognizant of the fact within the next ten days. Every one has heard of the two above named gentlemen and they should not miss the opportunity of hearing them. Folk Miller is one of the finest impersonators on the stage. His special forte is in imitating the negro.

There will be an entertainment each month from November until March. The first on the course is the Temple Quartette composed of Messrs. E. R. Bullock, R. D. Welber, Robert Hroce, B. G. Willard. This company being one of the best quartets in the country also has a reader, Miss Burnett who has a wide reputation as a reader.

The next attraction is the Picture Plays by Albert Armstrong. He will probably present "The Little Minister" here.

Mr. Armstrong's dramatic pictorial entertainments are increasing in favor from year to year. Indeed, so novel and fascinating are they that entertainment goes have been wholly delighted.

In January Mrs. Cortha Kung Baker in her dramatic recitals will delight her audience. She will probably appear in one of Shakespeare's plays.

For February the Metropolitan Star Quintette. This Quintette is composed of five young ladies. Miss Helen Reed is a soprano, a soloist of rare ability. This feature of the entertainment alone is worth the price of the entertainment as a whole.

The last entertainment will be in March and this will be the historical lecture Dr. W. H. Crawford.

Season tickets will be \$2.50. This will entitle the holder to a reserved seat. These tickets will be on sale in a short while, and as there is a limited number it would be well to speak to Prof. J. H. Shepard at once. Already quite a number have been sold.

A Landmark.

New York World.

"I presume you carry a memoire of some kind in that pocket of yours?"

"Precisely; it is a lock of my husband's hair."

"But your husband is still alive."

"Yes, but his hair is all gone."

The Dowager Empress has deputed the highest official of the empire to make all necessary arrangements for a most imposing funeral in honor of Baron Von Kestler, the late German minister to China. She has also ordered the erection of a suitable temple at the capital in his memory.

Three of a Kind.

Three men of taste and experience in smoking tried three separate brands of cigars we sell: Sir William, Grant—Lee, Saboroso. Result: all three satisfied, all three recommending their favorite brand to their friends. That's how we build up trade; that's how and why we can and do buy in quantities sufficiently large to sell a capital cigar for five cents, of course a better one for ten.

DOGS BARRED FROM CARS

A Hobo Dog's Rough Experience in Trying to Beat His Way.

The order prohibiting dogs from riding on street cars has worked much hardship among orderly, well-behaved dogs, which received the edict with growing disapproval says the Detroit Free Press. A resident of Jefferson avenue has, however, an intelligent canine that gets around the regulation smoothly. This dog has been for years in the habit of accompanying his master to the downtown office and remaining there until the homegoing hour. He had accustomed himself to riding on the cars and he naturally objected to trotting home. He was kicked off the platform frequently enough to become thoroughly acquainted with the conductor's uniform, and his canine sagacity told him never to enter the car when the man that pulls the bell was looking. One day when the conductor's back was turned the dog sprang lightly into the open car and stowed himself under the seat. He was given most of the passengers, but as he gave the no attention they offered no objection. Since then Mr. Dog has been successfully beating his way in and from the office, and he is often seen dashing from the car when his master's destination is reached. Once in a while he is viciously kicked at, but the kick usually falls short. The owner is proud of his hobo dog, and he is trying to figure out how he will work the dodge when the open cars are discarded for the season and there is more chance of detection.

SALE OF LAND.

By virtue of a mortgage deed, containing a power of sale, and executed on the 15th day of February 1900, by John Littlejohn and wife, obligees to Benjamin and Carroll, mortgagees, in and to the land of Gastonia, North Carolina, known as the home place of the said John Littlejohn, and being on the waters of Beaver Dam Creek, said tract bounded as follows: Beginning at a Post Oak and running thence N. 80° E. 1/2 mile to a stake on David F. Ploof's line thence South 40° West to another Post Oak thence 80° West to a Blue Oak on the Matthew Creek line thence 80° West to the beginning, containing 60 acres more or less.

Second tract: Beginning at the 4th corner of number 100 lot and running thence N. 20° E. 1/2 mile to Blue Oak thence N. 80° E. 1/2 mile to a stake thence N. 80° E. 1/2 mile to a stake with said line S. 80° W. 1/2 mile to the beginning, containing 40 acres more or less.

Any information desired about these two tracts of land can be obtained by applying to Mr. J. M. Dellinger, Cherryville, N. C. Terms of sale cash.

J. L. BRADY, Adm'r. of W. Carroll deceased, This September 21st, 1900.

Deputy Sheriff Jno. B. Dellinger, of Iron Station, has as heirloom which he prizes very highly. It is a bloodstone which was brought from Germany by his great-great-grandfather, Captain Nicholas Friday, 140 years ago. The bloodstone in olden times was supposed to possess the virtue of stopping the flow of blood. This stone is a pretty specimen of red oxide of iron, and is three inches long and highly polished.

Barheaded Women.

New York Sun.

Complacent groups of barheaded women now walk through the streets in the evening, usually on their way to and from the theatre, and look at the natives wearing their hats with an expression of mild surprise that a great city like New York should still be so far behind in the fashions as not to know that it is good form at night to go without headgear in the streets as well as at the theatres. For these women are all visitors to New York cities where this custom has been accounted for several years. In Boston, Washington and most of the towns outside New York women look upon a hat on summer night just as unnecessary but rather the mark of a "alienee" to keep up with the last word in modes. New Yorkers are accustomed to their mildly patronizing attitude when they come here in autumn, but have so far refused to follow their example. As the visitors show plainly by their looks that they find it hard to realize how New York can remain so far behind the time, both are satisfied. But the victory, as it was decided by greater degree of comfort, rather roared with the victors on the recent warm nights.

The Care of Furniture.

To keep polished furniture and polished floors in first-class order without the labor and sickness of furniture-polish, proceed as follows: Each week when rooms are done out wash thoroughly every article of furniture, no matter how fine, with cold water and champagne leather. Wipe dry with same leather wrung out. Floors, stairs, banisters, ect. should be treated thus daily and they will shine like a mirror.
