BROWN

SHOE,

Our buyers are just back from New York. They set out to select a stock that would surpass anything ever brought to Gastonia before, and they did what they set out to do.

We have certainly bought goods more satisfactorily this season than ever before. Each line has been selected with the utmost care. We have the confidence which comes from feeling that we have the proper things of the season. When you buy from us you have the same feeling of satisfaction.

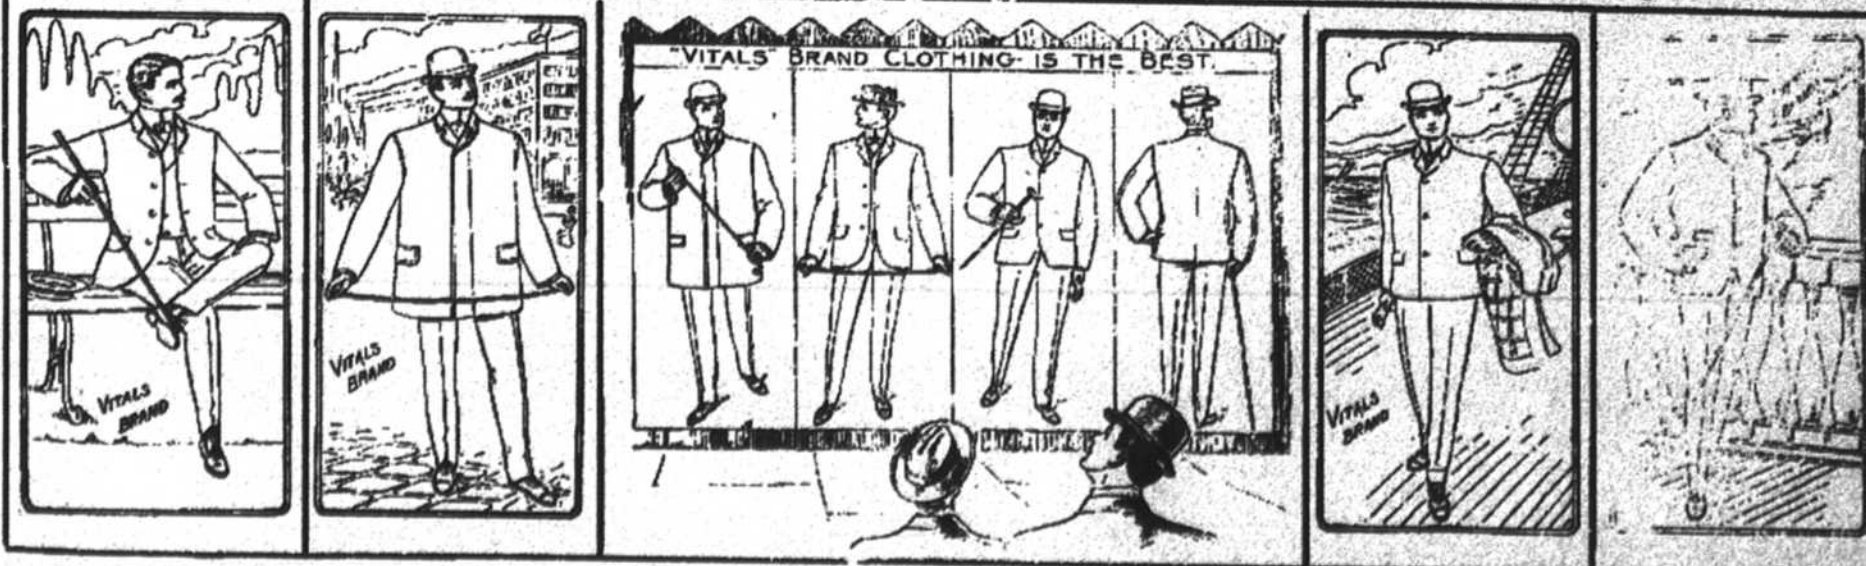

Our interests are mutual. We have gone hand in hand together so long that our customers know these things. They know that

back of our goods is our responsibility, and back of that is our aggressive progressiveness.

No enterprise ever had greater encouragement, no community a better dry goods house than ours. Success has not turned our heads; it has only stimulated us, kept us striving to maintain perfection in our stock and popularity in our prices, to keep values up and prices down to a point where none can match us. We do not have to insult your intelligence with the bombastic claim that everything we sell is worth twice or three times what we ask for it. That story has come to be a chestnut and the chestnut is old, very old.

"Vitals" is

Our Line  
of  
Clothing  
is  
Complete.

A Point of Pride with us is our Clothing Department—never before so full of Fashion Elegance, Garment Goodness, and Price Popularity.

As we said, our customers know these things. If you are not a customer of ours, come to see us. It will be a pleasure to show you what you wish to see. If you can do no more, be sure, at all events, to take a bird's eye view of our spring-time display. We believe it will interest you.
