LOCAL AFFAIRS.

The directors of the Library Association will hold their first meeting at the office of Capt. J. D. Moore this afternoon at five o'clock.

While it was snowing last Wednesday many of the farmers were planting cotton. Mr. Gary Rhyme says that a few years ago he remembers that it snowed while he was plowing young corn.

A merry party of twenty young people chaperoned by Mrs. J. H. Williams and Miss Della Johnson had a basket picnic at Long Creek Saturday. After dinner the crowd went over to Dallas and returned home on the 5:30 train.

The Kings Mountain Herald says: "Like Gastonia our people are working manfully to establish a library in our high school. Give our school a good library and we are placing mind-fool in their reach that is worthy and will be sure to bring its reward."

A brand new laundry wagon was trotted out Saturday morning by Mr. Ed Rankin. It is a beauty and is specially constructed to promote convenience and dispatch in delivering laundry. It was ordered by Craig & Wilson for the Snowflake Laundry.

Yorkville is to have a Confederate monument on its public square. The Daughters of the Confederacy have the matter in charge. Gastonia's Confederate dead are worthy of a stately memorial in stone, and why shouldn't it be placed in the public square in Gastonia?

The general reception at the First Baptist church which was to have been held last Wednesday night has been set for tomorrow night, and we are requested to repeat that all members of the church and congregation are invited and urged to attend that their mutual acquaintance may be improved.

The Poets' Club was very delightfully entertained Friday afternoon by Miss Jennie Pegram at the home of Mrs. S. A. Robinson. The study was Bryant—a number of questions on little cards. The prize, a pretty fan, for the greatest number of correct answers was awarded to Miss Lola Jenkins while the consolation prize—a picture of Bryant fell to Miss Helen Jenkins. Dainty refreshments consisting of oranges, grape ice and cake were served, and each young guest was presented with a pen and ink sketch of Bryant as a souvenir.

Letter to J. A. Hunter

Gastonia, N. C. Dear Sir: A gallon saved is 34 or 35 earned. Devco saves 2 or 3 gallons in 10. How much is it worth a gallon? A gallon saved saves the painting too; and both together cost 34 or 35—2, where labor is cheap; 54 where labor is dear. Our agents in Bridgeport, Conn., Hubbell & Wade Co., tell us: "There are a great many workmen's houses here. They used to paint lead-and-oil and take ten gallons. We have been selling them ten gallons Devco lead-and-zinc, and have in every instance, two gallons returned." The proportion is often higher than that; we have known it five to ten; but that is exceptional. This is the explanation: Devco is ground by machinery, and is ground fine; lead-and-oil is mixed by hand, and isn't ground at all. Yours truly F. W. Devco & Co.

—Mr. Frank Hopperfield went to Yorkville last night, where he is to build the foundation of a soldier's monument which the Daughters of the Confederacy will erect there on the public square. The contract for the monument, which is to cost upwards of \$1000, has not been awarded yet.

—Mr. John C. Rhyme was a welcome visitor in Gastonia a few days last week. He is now an engineer, was promoted a few months ago, before he had been in the service three years. He said when he went on the railroad that if he lived four years and did not get an engine he would retire. So he is at least a year ahead of his limit. Mr. Rhyme at present has charge of the yard engine at Greenville.

Post-office Closed To-day.

The new fixtures are going in at the post-office to-day, and the institution will shut down business with the public except from 7:30 to 8:30 in the morning and 5:30 to 6:30 in the evening. The improvements are needed and will greatly facilitate the business of the office.

Canaler's Precinct Moved.

There seems to be some confusion about the proper place for opening the polls this year in Canaler's precinct. Hitherto the elections have been held at the Abernethy school house. Since last election however, this school house has been moved about a mile away from its old location. The question arises now, where is the voting place? At the old location or the new location? So far as the primaries are concerned Chairman Mason recommends that the election be held at the new location, where the boxes are to be found at this time, and he has requested THE GAZETTE to publish his recommendation in order to prevent further confusion among the voters of the precinct. As chairman of the executive committee Mr. Mason makes this ruling and it is to be hoped that it will be observed in order to prevent confusion. Hereafter the board of elections can pass upon the matter and fix the place and finally authoritatively.

Death of an Infant.

Little Charles, the eleven months old son of Mr. and Mrs. Tom Veach died Saturday morning about 8 o'clock. The child was recovering from an attack of pneumonia, and contracted whooping cough, which resulted in its death. The funeral services were conducted at the home, Sunday afternoon at 3 o'clock, and the little one was buried in the city cemetery. This was the only child of the bereaved parents and is the second one they have lost.

Prohibition Meeting.

The Prohibitionists are getting ready to enter the campaign. Mr. Will White received a notice from Salisbury the other day that the State Mass Convention would be held in Greensboro May 31. "Please write it up," the notice ran, "and talk it up, bring an extra train full of people, also a brass band. Whoop up all the enthusiasm you can for it. We will elect delegates for the national convention, adopt platform and resolutions, and nominate candidates."

Nims Mill to Make Twine.

The Nims Manufacturing Company is just ready to start its annex for making twine—an addition which almost doubles its plant. The twines made will range in size from a small sewing thread to a cord as large as a lead pencil. These twines will be put up in balls, cones and bunches. Superintendent Kale showed us some specimens Saturday that were certainly handsome products. The Nims is the only mill in this section of country equipped for just this class of goods.

Cord-wood Burned.

Had it not been for the prompt work of Messrs. Rhyme, Kendrick and others, Messrs. McArver and Wilson would have lost 625 cords of wood Sunday evening. They had bought the wood on the stump from Mr. P. J. Lineberger and had it cut and corded. The fire destroyed 37 cords. The wood was near the small branch behind Mr. P. J. Lineberger's house. The origin of the fire is unknown, but it is supposed to have been caused by the carelessness of some one in throwing away a cigarette or match.

"Trip Through the States."

This was the title of a contest of ready skill which afforded zestful amusement to three dozen happy guests at the home of Mrs. L. L. Jenkins Saturday afternoon. The letters in the name of each State were "pied" and the trial of skill came in arranging them in proper order quickly. This was done most expertly by Mrs. S. A. Robinson, to whom a beautiful centerpiece was presented by Mr. Jenkins in a bright and pretty speech. The consolation prize, a fancy collar, was awarded to Miss Lowry Shuford. In the dining room refreshments were served in three courses. Entertaining music on the piano was discoursed by Mrs. W. E. Kindley, Mrs. W. O. Gattis, Miss Emma Page and Miss Mabel Craig.

Church at McLean's Chapel.

The petition to establish a church at McLean's Chapel in South Point was granted Friday night by an adjourned meeting of Kings Mountain Presbytery. Those present at the meeting were Rev. J. M. Forbes, Moderator, Rev. R. A. Miller, Rev. J. B. Cochrane, Rev. J. J. Kennedy, Rev. M. McG. Shields and Elders Joe Ratchford and J. P. Jackson. A commission consisting of Rev. R. A. Miller, Rev. G. A. Sparrow, Rev. J. B. Cochrane and Messrs. Andrew Cathey and Logan McKee, was appointed to organize the church, at a convenient time. The regular routine work was disposed of and a commission was appointed to install Rev. W. A. Murray at Ironton. This commission was composed of Rev. M. McG. Shields, Rev. W. H. Wilson, Rev. W. R. Minter and Capt. J. G. Morrison.
