In the pavilion at Jones Seminary Tuesday morning a light-hearted throng of old and young gathered to witness the exercises of commencement proper. The stage was pretty with a back ground of evergreens, and decorations of wild magnolia, all native to the mountain forests adjacent.

DELIVERY OF DIPLOMAS. The address by Rev. A. T. Lindsay in delivering the dip-lomas was carnest and impressive. "You are to-day standing at the beginning of your real work," he said to the class. You have acquitted yourselves faithfully in preparation and are worthy of these evidences of commendation at our hands. But you have only learned how to learn. The great school, the university of life, is before you. Be faithful, be earnest, be true there as you have been here. With the prayer that the bless iugs of God may ever accom-pany you, I present to you these tokens of our favor and commendation."

### AN AMERICAN QUEEN.

AN AMERICAN QUEEN. Following this came the splendid address by Hon. R. F. McNinch of Charlotte. His subject was "An American Queen—the Prince, the Power, the Penalty, and the Profit of a Crown." A witty speaker, Mr. McNinch put himself on good terms with the audience at the terms with the audience at the outset by a few neat thrusts at the old bachelors, of which he was one, and at the married men. He then addressed himself in serious way to his topic and with fluent and genuine eloquence dwelt upon each divission in natural sequence. In the old world queenship is a heritage; here it is an achievement; there it belongs to birth, here to character. The price of

a crown, the power, penalty, and profit of the crown which adorns the American queen were each in turn engagingly discussed. The speaker was heard with rapt attention and was enthusiastically applauded at the conclusion of his address.

Tuesday night there was a re-ception to the young men, which we need not say was one of the happiest occasions of all by the happen occasions of all to the young people. On Wednesday, the last of the good byes were said. Thus ended one of the most prosperous and happy sessions the Seminary

ever enjoyed. OLD SQUIRES IN THE SOUTH.

Titles Once Acquired by a Citisen are Carried to the Grave.

New York Mail.

"The title of 'squire, which is rarely heard in the North, is still in vogue in the South. When a man is elected justice of the peace in Dixie he is 'squire, and although he may have subse-quent titles his old friends and neighbors always refer to him as squire," said a Southern lawyer who is attending the sittings of a New York court for the first time.

He had been introduced to several attorneys as 'Squire Blank, of Alabama, and he was Blank, of Alabama, and he was asked by one what the title sig-nified in his case. He said he was elected instice of the peace in his town in Alabama at the close of the Civil war, and al-though he has been a State sen-ator from his district several times, and is a major in a mili-tary organization, he is still 'squire.

"Our people," he continued, "are given to tacking a title to any citizen who is at all active in politics, but they have a sort of reverence for the old English esquire, which they abbreviate, by eliminating the first letter.

"I knew a man who refused to be a candidate for the office of instice of the peace simply be-cause he would have had to give up his professional title if he had been elected. He was a re-tired physician. He was solicited to become a candidate by every voter in the term and me every

voter in the town and was about votes in the town and was about to accept when it occurred to him that he would be called squipe, and he declined for that reason alone. He said he pre-ferred to live and die as a doctor. "In some of the old grave-yards in the South one may find the title squire carved on the headstones which mark the rest

ing place of the man who in the was a justice of the peace. "While we are quite free in the bestowal of titles in the South, squire is never applied in an honorary sense. To be a squire the man must have been elected to the office, which, according to the custom bestows the old English title. "It becomes second nature to

the man who has the title to in-troduce himself, where it becomes necessary, as Squire So--and-So. A title, except that of doctor, would not do so, but to say 'I am Squire Blank' is not considered bad form in the best society." "Joli Bavis" Dollar Found in

The groom is too well known in Gastonia to need any words of praise. Successful as a busi-ness man, being Secretary and Treasurer of the Modena Cotton Mill, treasurer of the town, and a member of the town, and a member of the city council, he is also popular socially. Of the bride the Asheville Citizen of the 8th says: "Miss Moore is a daughter of Capt.
