

GLENN FOR GOVERNOR.

WON ON THE FIFTH BALLOT.

Something About the Nominee for Governor—All Other State Officers Renominated—Most Turbulent Convention in History of the State—The State and County Tickets in Fall.

Greensboro Special to Charlotte News, 25th. Shortly after 3 o'clock yesterday afternoon the greatest convention ever held in the Old North State passed into history.

The immense gathering of Democrats in Greensboro was indicative of the greatest victory in the November election that has ever been achieved by the party in its history.

The convention was not only great in the number of delegates present but in the character of the men who shaped the deliberations of the body.

It was great in the amount of noise that was made but this was because of the intense enthusiasm that filled the hearts of the good and true men who made up the body.

From the very moment the convention was called to order by Senator Simmons until Permanent Chairman Doughton declared the body adjourned, there was the sign of victory depicted on every face in that vast assemblage.

There was no kind of doubt or uncertainty there expressed or implied. It was nothing short of absolute confidence, a certainty of which there could be no mistake.

The great army of the State's Democracy gathered for a purpose and that purpose was to name men, good and true, to take charge of the State's affairs.

That this purpose was fulfilled, there are none who can truthfully deny. That the party rose to the dignity of the occasion, cannot be controverted.

The man who will lead the fight has been a leader of men for years. He has fought many battles and has won them all. He has sounded the praises of his party from one end of the State to the other.

He never has sulked nor will he ever be called for the fray and not answer promptly.

In my mind the paramount agency that contributed to the nomination of Mr. Glenn, was gratitude. The people sometimes forget. They do not at all times reward those deserving.

But North Carolinians are a grateful people. They love to be grateful and they will always, at sometime or other, show their gratitude in one way or another.

Mr. Glenn stood in the same light as Senator Simmons. Both had served their party without a suitable reward. Their party felt that an obligation was to be met and right handsomely did the people meet this obligation, in both instances.

Mr. Glenn will be elected Governor of North Carolina by the largest majority in the history of the Democratic party of the State. He will make a splendid and popular chief executive, because he will be guided by the wishes of the majority of the best people, and this majority is seldom wrong.

There is little need of going through the list of the other State officials. It is enough to know that a Democratic State Convention, representing every county in the grand old commonwealth, has made these selections and no mistake has been made.

It is now high time for the Democracy to put on the armor of a righteous cause and be in readiness for every battle that will be fought between this and next November.

The people will rule and it is right that they should. Before I close this article I am going to speak one word for the three gubernatorial candidates who were defeated by the Greensboro convention. I will mention them in the order they appeared before that body:

He entertains no heart-aches nor will he be found other than in the front ranks, fighting Democracy's battles.

Mr. Turner, comparatively young yet, is still to be reckoned with. He has a multitude of friends throughout North Carolina and if nothing happens to prevent, he will be a decidedly likely as well as strong candidate then. He is one of the State's best men. A gentleman in all that the name implies.

How Tim Broke the News.

Mr. Nolan had acquired a great reputation for tact, so that when Mr. Cassidy fell from a ladder and broke his leg it was quickly decided by all the workmen that Mr. Nolan should bear the tidings to Mrs. Cassidy.

"He broke the news gradual," said Mr. Leahy to his wife that night, "and by the time she learned the truth she was as calm as a clock, they say. Oh, he's the great man, is Timothy Nolan!"

"How did he do it?" asked Mrs. Leahy, impatiently. "Like this," said Mr. Nolan's admirer. "He went to the house and rang the bell, and he says, 'Tim Dinuis is not dead, Mrs. Cassidy, or you'd never be so gay lookin'."

"Dead," she screeches. "Who said he was dead?" "Thin its not true: he's near to dyin' wid the smallpox, either," said Timmy Nolan, "or you'd never be lookin' so amazed."

"Smallpox," she cries. "Has he got the smallpox, Timmy Nolan, and been-tuk to the hospital widout me sayin' good-bye to him?"

"Sure an' he has not," said Timmy Nolan, in a comfortable tone. "It's only that he broke a few bones in his right leg, fallin from a ladder an' I'm aint ahead wid the news."

"It's you that's a true friend, and you have lifted a big load from me heart," said Mrs. Cassidy, and she gave a warm shake to his hand and went back to her washin'."

IT IS A MATTER OF HEALTH. ROYAL BAKING POWDER. Absolutely Pure. THERE IS NO SUBSTITUTE.

STANLEY.

Stanley, N. C., June 23rd.—The cotton mill at this place has shut down in order to make some repairs. The boilers will be replaced with a more improved pattern.

A whirlwind of chips has been observed in the novelty wood shops at this place during the past week and some of Gaston county's most excellent bickory timber has been converted into handles for agricultural implements.

All of the wheat and most of the oat crop has been harvested; both seem to be of good quality. All crops seem to be standing the dry weather fairly well.

Plenty of cotton squares showing white-lips in his field, says Mr. Dan Long.

The funeral of Mr. Edward L. Pegram was largely attended, the Presbyterian church being hardly sufficient to hold the number. Many friends and kindred from both Lincoln and Mecklenburg were present.

His brother, Mr. Franklin Pegram, was present, with many of Gaston county's most prominent citizens. We observed two men with silvery locks and long flowing whiskers conversing together and heard them remark "that Ed Pegram was one of our Company B of the gallant old 28th and that in all the lines, all of the marches, and all of the bloody charges there was no Company, no regiment and no battalion that did more along their line of duty than Company B of the Twenty-eighth Regiment of North Carolina Troops, although we say it ourselves."

On next Monday just forty-one years ago Mr. Edward L. Pegram of this company, with these brave comrades by his side, was in the memorable charge at Gettysburg's stony heights where so many of this gallant band of Southern heroes, so many in the flower of their manhood, yielded up so readily their lives for what they believed to be the right.

This comrade whose face we now gaze on for the last time received a minnie ball square in the face. It was cut out of his throat the next day by Dr. Gibbon of Charlotte. Mr. Pegram kept the ball for a number of years, but accidentally lost it near Mountain Island while showing it to some friends.

Mr. Pegram always spoke regretfully of losing this little souvenir of his warlike experience. In conducting the funeral of Mr. Pegram, Rev. W. H. Wilson was assisted by Rev. Eugene Fox of Stanley and Rev. R. A. Miller of Lowell.

Rev. O. J. Jones was in Stanley yesterday, (Sunday). Mr. B. F. Carpenter has returned, as he says, from the most prosperous convention that it was ever his privilege to witness. He was in his proper element and is hoarse, happy, and hilarious.

The pleasing elocutionist, Miss Eva Marie Miller, appeared here Saturday night. She delighted her audience in mimicking mortals, in some of the great problems that sometimes vex, often perplex, the human race. This is the second time this talented young lady has appeared at Stanley.

Mr. Hill Abernethy has moved to Lowell to operate a brick plant. The painter's brush has brightened some of our buildings.

Through some cause our locals for last week failed to reach THE GAZETTE in time. They were as follows: Dr. T. C. Quickle has moved to Lincolnton to practice his profession. Dr. Charles McLean has moved to Stanley.

A number of our citizens are preparing to go on the excursion to Wilmington next Wednesday.

PISGAH PENCILINGS.

Pisgah, N. C., June 25.—Huckleberries are getting ripe. What about a street car line from Gastonia to Jones Seminary? They have daily rural mail, but what about a closer relationship?

Crops in this section are now very promising. Small grain is about all harvested. Corn is looking well and indications point to a good yield. Cotton is doing well and the plants look healthy and vigorous.

Mr. Geo. M. Howell has up to this time set out 5,650 sweet potato sprouts this season. A couple of years ago Mr. Howell was an operative in the Modera Mill and, his health failing, he engaged in agriculture and horticulture. J. F. Jackson has about 30 acres of the finest corn in this

part of the country; he made 600 bushels of corn on the same 30 acre field last year.

Mr. Summey Mullen, the mail carrier on route No. 1, broke the record and smashed all previous trips Saturday, 18th. He made the trip in 2 hours, including 50 stops, an average speed of 12 1/2 miles per hour on his automatic motor cycle.

Mr. D. G. Metts, of Bowman, Orangeburg county, S. C., has sent the Charleston News and Courier a cotton bloom picked the 15th; who will send the first one to THE GAZETTE?

[THE GAZETTE received the first cotton bloom Saturday, the 25th, from Mr. A. A. Leeper of Belmont.—Editor GAZETTE.] Mrs. Jao, J. Howell of Loray, visited the family of her nephew, Mr. Geo. M. Howell, last week. The editor promised to come out Pisgah way some of these hot days and visit our test farm. A welcome, happy welcome, awaits you.

We hope Hon. E. Yates Webb will soon secure an appropriation to have a topographical map of Gaston county made. It is needed; sadly needed. We wrote to our popular Congressman some time ago in regard to making an appropriation for topographical maps of Cleveland, Gaston and Mecklenburg.

Mr. J. D. Daily has moved into his recently completed residence near Loray. Colonel R. Dewitt Martin went to the convention Wednesday.

York County Items.

Yorkville Requirer, 25th. Mrs. Jane A. Boyd, of the Point section, has returned from an extended visit to friends and relatives in Pulaski county, Arkansas. Miss Aida Johnson, a niece of Mrs. Boyd returned with her on a visit to relatives.

Revs. J. S. Grier of Sharon and J. H. Simpson of Hickory Grove, passed through Yorkville Wednesday on their way to their respective homes, after attending the Ministers' Conference at All Healing.

Mr. W. J. Whitener has tendered his resignation as policeman, to take effect on August 1. After that time he will be with Messrs. Glenn & Allison and have special charge of their farming operations.

The trustees of the Graded school have completed the selection of the faculty of that institution which will be as follows: J. C. Allen, superintendent; L. W. Jenkins, principal; Miss Ella Neely, Miss Sudee Allison, Miss Norma VanLandingham of Charlotte, N. C., and Miss Emma Razor, of Donald's, S. C.

There were sixty-eight people present when the state campaign meeting opened at Manning on Wednesday, and the crowd was increased to about 150 before the speaking was over. The people don't seem to be very much interested for the reason that there is little to interest them.

The committee of arrangements in charge of the farmers' picnic to be held at Rock Hill proposes to make the good roads question the feature of the proceedings of July 28. Mr. M. V. Richards, land and industrial agent of the Southern Railroad, has accepted an invitation to be present and there will be other speakers of prominence.

There is no public money available for the celebration of the 125th anniversary of the battle of Kings Mountain next year; but we have no doubt that it will be easy to raise all the money that may be necessary by means of private subscriptions. Although the grounds have suffered from neglect, and are grown up in underbrush, etc., we are quite sure that our people are not indifferent to this matter. As soon as there is a call for money, private subscription will be forthcoming not only from York county but from the whole Piedmont section of the state.

Mr. W. E. Faison of Raleigh was elected National councillor of the National Council of the Junior Order United American Mechanics at the thirty-sixth annual convention at St. Louis on Friday.

A wheelbarrow factory has been built by C. G. Goode, at Connolly Springs in Burke county. Both flat and scoop wheelbarrows are manufactured. The plant has a capacity of 250 to 300 a week.

The following cabinet appointments were officially announced Friday: William H. Moody, of Massachusetts, Attorney General; Paul Morton, of Illinois, Secretary of the Navy; Victor H. Metcalf, of California, Secretary of Commerce and Labor.

Kings Mountain Items.

Kings Mountain Herald, 23rd. Tompson Jackson, who is now making bricks at Grover, will move his machinery here and make the brick for the cotton seed oil mill.

It is rather difficult to decide whether the tin fever or base ball fever is highest in our town; both appear to have laid good hold on our people just now. Even the little tots have both.

Some thief went into the bicycle shop of Davis Bridges on Monday night and stole a wheel and several tires. Entrance was made through a window, and no trace of the thief has been detected.

A very heavy rain with considerable hail fell in the section 6 miles west of town Sunday evening, as we are informed, doing some little damage to growing crops, and washing the land very badly. It was worst in the section of T. M. A. Ware's.

Mrs. E. C. Gladden, of Grover, has gone to Richmond for treatment for cancer of the breast under a specialist who has been successfully treating several in the vicinity of Grover, where the people have great confidence in him.

The company now has fifty hands at work at the tin mine and the only reason they cannot get them. Hands are in demand and at fair pay. These are engaged in doing prospective work. The ore is found at almost all points in larger or smaller quantities, but as to what developments will show only time can tell.

Henderson Long, of Gastonia, was here one night last week on a visit and taking Masters Will Rudisill, Grady Watterson and Harry Falls, he went gigging. They were quite lucky and came in with a 9-pound turtle, and also a fine quantity of nice fish. With the fun of gigging they were well paid for the trip.

Baron Rothschild's Dialect Joke.

Baltimore Herald. Owen Wister, the novelist, was talking about puns. "I detest puns," he said, "but Fanny Kemble, who was my grand-mother, used to tell one made by a certain Baron Rothschild that was good of its kind.

"The Baron was dining out, and some one spoke of venison. 'I,' said the Baron, 'nevis eats venison. I think it ish not so cut ash mutton.'

"Oh, absurd," some one exclaimed. "If mutton is better than venison, why isn't it more expensive?"

"The Baron laughed, overcome by the brilliancy of the pun that had just come to him. Then he said, and his dialect came in very handy: 'The reason why venison ish more expensive than mutton ish that the people always prefer vat ish deer to vat ish sheep.'

George B. Cortelyou has resigned the cabinet position of secretary of commerce and labor and has been chosen chairman of the Republican National Committee.

SALE RAPIDLY INCREASING.

Mi-o-na, the Dyspepsia Remedy, Has Cured Hundreds of J. H. Kennedy & Co.'s Customers. One of the greatest successes in the sale of a medicine has been achieved by Mi-o-na, the dyspepsia remedy, and its sale is increasing so rapidly that J. H. Kennedy & Co. the popular druggists, have hard work to keep a stock on hand.

It is very popular with well known bankers, ministers, lawyers, and others whose business or profession keeps them closely confined, while those who have brought on indigestion through irregular eating, worry or other causes, have found a cure in this reliable remedy.

Mi-o-na is in the form of small tablets and is sold in a metal box especially designed for convenience in carrying the medicine in the pocket or purse. It is pleasant to take; costs but 50c, gives quick relief and makes lasting cures.

This remedy has been so uniformly successful and made so many remarkable cures that J. H. Kennedy & Co. will in future sell Mi-o-na under a positive guarantee to refund the money if it should not cure. No other dyspepsia medicine ever had a larger enough percentage of cures so that it could be sold in this manner. A guarantee like this speaks volumes for the merit of the remedy.

There is no time like the present to do a thing that ought to be done. If any one has dyspepsia, to-day is the best time to begin curing it. —Jc-21-04

Gaston County Crop Conditions.

June 25. To the Editor of the Gazette: Cotton has made a rapid growth; the plants are in fine condition; now generally promising; healthy color; crop well cultivated; squares forming.

Corn promising, making fair progress; receiving third plowing, a good yield assured. Wheat harvesting; fair to good, some rust. Out outlook is promising; good growth; harvesting.

Apples continue to drop; outlook dubious. Peaches will give small return. Sweet potatoes nearly all set. Stock in fine condition; no contagious diseases. Truck gardens and truck fields fine yield. R. D. MARTIN, Crop Reporter.

Battle of Kings Mountain.

Columbia, S. C., Record, 21st. Governor Heyward has received a number of requests and letters asking that there be some official action taken in regard to the celebration of the 125th anniversary of the battle of King's Mountain, which occurs this year.

The idea was first suggested by a resident of Pennsylvania, and has been taken up by all of the patriotic societies of the state, with the result that some appropriate exercises will take place. Governor Heyward will do all in his power to aid the celebration, but there are no funds on hand with which to call for any official action by the state.

The rural free delivery mail carriers of the State have called a meeting at Greensboro July 6th to elect a State organization.
