The doctrine of self-help exaded by the Charlotte Oberver and Charlotte Chronicle is good and sound. While none the less truthful, it loves con-

stable force in coming from a m slready so Ogdenized that its "poor whites" cannot even row from the city library a ok with which to improve their minds without getting their rogans tangled up in Mr. Car-egie's thousand-dollar bills.

From all accounts, we will not be surprised to see Gaston coun-ry souverted into a great min-ng region."

It would not indeed be surng to see Gaston become a og region of cousiderable stance. Iron, gold, and mit have been mined in tur have been mined in the county from the days of our elathers, and now that tin ans been added to the catalogue the interest grows with each new vein discovered. Actual cts of the mines and al sales of the product prove hat the exists in Gaston in paying quantities, while prospecting and development of the tin deaits are scarcely yet begun. It is gratifying to note this nong the many things now ning to make Gaston a od county to move to.

SHORT NEWS ITEMS

While traveling seventy or seventy-five miles an hour the Twentieth Century Limited, the fastest long distance train in the world, ran through an open switch at the little town of Mentor, cast of Cleveland Wednesday night, causing one of most horrible wrecks in the history of the road. Nineteen people are dead and many injured and the famous train demolished.

Mr. E C. Edwards, a prominent young man 29 years of age was killed by a train Monday alternoon at Henderson. Mr. Edwards was walking on the track at the time near the Ox-ford depot, and within the yards at a point where the view of the track was obstructed by a long line of empty freight cars, and the train was within a few feet of him before he was aware of its approach. Hre he could step from the track be-yond reach, he was struck in the back of the head, receiving blow which fractured the skull.

In connection with the recent arrest of the Mason boys and wilmington road, it is related, as a matter of fact, that their undoing is traceable to an indellible impression made upon their minds at a recent moving picture exhibition of the exploits of the James boys in Missouri at a recent carnival in this city, ac-

vice. The Gaston County Raral Letter Carriers' Association met at Dallas Thursday night June 15th, and had a very interesting meeting though the attendance was not what it could have been. Several years the deeds of daring bandit ago, when lying ill with a fever, heroes all over the country. The like Peter's wife, he discovered pon the moving picture exhibien than any other class. As the captain rolled helpless and nervous upon his bed a neighbor's guinea came to the back fence, mounted to the topmost rail and hollered: "Pot-rack! pot-rack! pot-rack." The wierd, ghost-like call got on the patient's nerves. At every note the cap-tain felt like he would die, and finally told his son, George, that if he did not drive that guinea away or kill it his daddy would die of prostration The racket ceased and Capt. Bason recovered, but he had learned a lesson, and it was to this effect, that the calling of the guinea-chicken causes insanify among country women. He has told of his discovery in every county where he practices law. The guinea, he says, is the greatest unisance in the work
