W. F. MARSHALL, Editor and Proprietor.

Devoted to the Protection of Home and the Interests of the County.

\$1.50 a Year in Advance.

VOL. XXVII.

GASTONIA, N. C., FRIDAY, JUNE 8, 1906.

NO. 46

"Fortune's wheel turns best for him—
If we but knew it—
Who always puts, with all his vim,
His shoulder to it."

And the main impetus of making the wheel of
Fortune roll the way you want it is Saving.
But there are ways and ways of saving. :: ::

Depositors Receive Every Consideration

CITIZENS NATIONAL BANK

It is a curious fact that in a
village on the coast of the Bay
of Alogia a stuffed serpent is
kept by the natives who have
built a temple for it.

P. H. Fike, formerly city
editor of the Spartanburg Herald,
has been appointed private
secretary to Congressman J. T.
Johnson, of the fourth district.

LEAGUE MEETING.

**Business, Literary and Social
Meeting of the Epworth League
Tuesday Night—New Officers
Elected.**

The League room of the Main
Street M. E. Church was the
scene Tuesday night of a very
pleasant occasion. The event
was the regular monthly busi-
ness and literary meeting. Miss
Carrie Morris, the League's pre-
sident, presided, with Miss Lowry
Shuford as secretary. In addi-
tion to the regular business the
semi-annual election of officers
was held, and as a result the
following were elected, to take
office July 1:

President—Mr. C. A. Hury.
First Vice-President—Mr. Eli
Kendrick.
Second Vice-President—Mr.
Averit McLean.
Third Vice-President—Mr.
Geo. W. Wilson.
Secretary and Treasurer—Mr.
Robert J. Sifford.

After the business meeting,
the literary program, which had
for its subject Tennyson's "In
Memoriam," was rendered. Two
excellent papers were read; one

a character sketch of Tennyson
by Miss Lowry Shuford, and
another on the "In Memoriam,"
by Miss Annie Williams. Selec-
tions from Tennyson were
read by Misses Jessie Shelton
and Janie Morris. Instrumental
music was rendered by Misses
Ethel Gray, Hazel Robinson and
Katie May Miller. Mr. Will
Marshall rendered a beautiful
vocal selection.

A short social meeting was
enjoyed just after the conclusion
of the program. Refreshments
of cake and cream were served
by the members of the literary
committee, assisted by Misses
Zoe Latham, Jessie Shelton and
Osie Shuford.

The Journal says that Mr.
Thos. A. Edison and party, who
have been looking for cobalt in
Lincoln county, have gone to
Tennessee to continue the
search for the mineral. The
mineral was found near Mach-
pelah, but it is not yet known
whether in sufficient quantities
to pay for mining or not. A
small force of hands will be left
to work out this mine and it is
hoped that it will prove to be
in sufficient quantities to pay.

YOUNG PEOPLE ENTERTAINED.

**Daughters of the King Entertain
at Presbyterian Manse in Honor
of the Young People of the
Church.**

The Presbyterian manse on
Marietta street was thrown open
to the young people of the
church. Tuesday night, the oc-
casion being a delightful social
meeting given by the Daugh-
ters of the King.

Music both instrumental and
vocal was rendered by the ladies.
Miss Mamie Cabiness also en-
tertained the party with two ex-
cellent readings.

A short address on social
gatherings was made by Rev.
R. C. Anderson. The evening
was a most enjoyable one in
every way and a large number
of young people were present.
Delicious refreshments of cake
and cream were served.

We will send THE GAZETTE
twice a week from now until
1907.

OUR Sewing Establishment

We desire to impress upon the public the merits of our
manufacturing department. The active season in merchandising
and millinery has kept our sewing establishment in the back-
ground so far as advertising it is concerned. Let us say that
we are amply prepared to care for all orders for ladies garments
of every description. We design, cut, trim, make and com-
pletely finish everything in feminine wear from a plain skirt to
the most elaborate trousseau. Our capacity of a dozen elec-
tric sewing and button hole machines, with ample stock and
work rooms, and expert specialists and assistants, enable us
to guarantee promptness as well as high-class work. We so-
licit your orders in full confidence that you will be greatly
pleased with our service.

JAMES F. YEAGER

At Love's THE PUBLIC DEMONSTRATION OF Snow Drift Shortening AND Wesson Cooking Oil At Love's

Will begin at JNO. F. LOVE'S STORE, Dry Goods Department,
Monday Morning, June 11th AND CONTINUE TO Saturday Evening, June 16th
Delicious cakes and pastries served. Lessons in culinary art. Every lady in town and country is invited to attend these demonstrations.

Snow Drift Lard.

Not many years ago cotton seed, thought to be a worthless product,
were wasted. Now, oil pressed from seed, experimented with and im-
proved upon, and finally made into Snow Drift Lard, has given us the
purest and most wholesome fat for shortening ever discovered. Snow
Drift then is made from pure water-white, odorless, tasteless vegetable
oil, and a small per cent, of choice stearic to make a solid.
It is easy to understand why the vegetable fat is preferable. Food
cooked with animal fat absorbs so much grease that it becomes un-
wholesome and to a great degree indigestible. Animal fat, hog lards,
are liable to diseases that may be conveyed to man, saturating the
tissues with diseased products. It is true the process of making ani-
mal fat for commerce usually deprives the product of its poisonous
qualities, but it does not invariably do so, and the thought of using
food, even sterilized and naturalized products of disease, is not pleasant.
Snow Drift, the vegetable lard, is free from this objection, most easily
assimilated, perfectly pure, digestible and for economy is as desirable
an addition to the human diet as it is possible to imagine. It is cheaper

than lard or butter and a less quantity will accomplish the required re-
sult.
Almost every American family fries every day, and because of the
kind of fat used this frying has resulted in many households in dys-
pepsia and its inevitable consequences—bad tempers and general un-
happiness.
Butter fats easily decompose at a low temperature and are therefore
the poorest frying materials. Animal fats, such as lard, are liable to
contamination—both are indigestible. There is, however, a way to fry
and bake which does not render the food indigestible, and that is with
Wesson Oil and Snow Drift.
Go to the Demonstration and allow an expert to prove to you the
superior qualities of these products, for all BAKING, FRYING OR
SALEADS. There are various other products on the market made from
vegetable oil, the "just as good" and "same thing" varieties as com-
pared with SNOW DRIFT, but why take a substitute when you can get
the genuine article? Both granulated sugar and brown sugar are made
from the same crude material, but they represent quite different degrees
of excellence.

Wesson Cooking Oil

Wesson Cooking Oil is the pure refined oil or liquid fat from which
Snow Drift lard is made. For all frying it is superior to lard or butter;
only half the quantity is required, as compared with animal fat. After
using, strain, and it can be used over and again. Confirmed dyspeptics
who cannot touch things cooked in lard may eat with impunity the same
food made with Wesson Oil.
"Water is not purer than its source. Hog lard cannot be purer than
the hog. Snow Drift and Wesson Oil are absolutely pure vegetable pro-
ducts, cheaper than lard, healthful, and far more wholesome."
Southern products for Southern people. By using them you contribute
to a home enterprise, aid the farmer and benefit the material interests of
our Southland.
