

"I DIDN'T KNOW IT"

Of course you didn't, but you might have known it. We told you in plain English but didn't overwhelm you with circus-menagerie advertisements, containing unmeasurable declarations as to the quality and prices of our goods. We simply did that which speaks louder than words—we put into action what we claimed to do. We cut prices on Clothing, Shoes, Blankets, and all winter goods; and it wasn't an uppercut. It was an actual lowering of prices on high grade goods carried out to the letter. Your neighbor knew it and profited by it. . .

We are still giving matchless values in Clothing, Shoes, Hats, Blankets, Dress goods, Underwear and all strictly seasonable goods.

We are now receiving advance shipments of Spring goods, and the interests of our patrons have been faithfully guarded in the purchase of these, as we believe that goods well bought are half sold. . . .

CLEVELAND CULLINGS.

News Items of Interest From an Adjoining County.

Articles of incorporation have been filed with the Secretary of State, for the incorporation of another new enterprise for Cleveland county under the name of Cleveland Gin Co. It will be located at Boiling Springs, and besides ginning, will buy cotton and seed. The amount of capital stock paid in is \$5000. The stockholders are well known and progressive citizens of that community.

Mr. R. M. White who is one of the rural free delivery carriers has purchased from Mr. W. E. Yount, Trustee, the stock of merchandise of the Boiling Springs Co. who filed a deed of assignment last week. We learn that the price paid for this stock was about 62 per cent of its inventoried value. Mr. White will add to the stock and continue the business.

Mr. Jno. A. Parker and family, of upper Cleveland, have moved to Arkansas where they will reside in the future. Mr. Parker has purchased valuable property on the Choctaw river, sixteen miles from Little Rock, and will engage in farming. We regret to lose these good people.

Mrs. Jane Jones, relict of Robert Jones, died at the residence of her son-in-law Mr. O. E. Ford, Monday afternoon, Feb. 11th. She had lived beyond the allotted years of three score and ten, having attained the ripe old age of 87 years. For many years she had been a devout and consistent member of the Methodist church. This dear old lady was tenderly laid to rest in the shadow of the church she loved so well, the funeral services conducted by Rev. R. M. Hovle. Surviving her are four children, two sons and two daughters, as follows: Messrs. Will and Frank Jones, Mrs. M. P. Gault and Mrs. O. E. Ford.

CATARRH GROWING LESS.

Due to the use of Hyomei. Carea Without Stomach Doubling.

Inquiry at the local drug stores shows that the sale of remedies for catarrh has decreased very much in the last year. Some medicines which were formerly bought a gross at a time are now purchased in half dozen lots, and are rarely called for.

There is one notable exception to this decrease in sale, and that is Hyomei. This remedy is, in fact, responsible for the decrease in sale of catarrh medicines, as it has made so many cures of catarrhal troubles that naturally there is much less demand for remedies for that disease.

People who have been trying different remedies for catarrh during many years were induced to begin the use of Hyomei by J. H. Kennedy & Co.'s guarantee, that the remedy would cost nothing unless cured. Much to their surprise, they found that Hyomei did what it claimed (if it did not J. H. Kennedy & Co. could not sell it under this guarantee) and they soon became ardent advocates of the use of Hyomei.

There is no disagreeable stomach dosing with Hyomei; it is used by being breathed through a neat pocket inhaler. The complete outfit costs but one dollar, extra bottles, if needed, fifty cents.

With every Hyomei outfit J. H. Kennedy & Co. give their personal guarantee that the money will be refunded unless the treatment cures, so that you run no risk at all in buying this reliable remedy. F5 19

Project on Foot to Establish One Between Washington and Atlanta—Possibility of Yearly Run of American Automobile Association Being Held in Southern States.

The Gazette is in receipt of a letter from Mr. C. A. Wood, of the firm of Harvey & Wood, proprietors of the new Selwyn Hotel at Charlotte, in which he outlines a movement the object of which is to secure the co-operation of the various counties through which it would pass in the establishment of a regular automobile line from Washington to Atlanta. The movement also contemplates lines connecting with this one at Atlanta from Jacksonville, and also from the Gulf of Mexico.

Mr. Wood says: "Inclosed you will find copy of a letter which I have sent to the chairman of the county commissioners of roads on a line which would be most direct from Atlanta to Washington. For some time we have been working on the matter of an automobile road from the Gulf of Mexico to Washington, to come from Jacksonville to Atlanta, and from New Orleans to Atlanta. A year from now it is possible, if the roads were improved a little, that a yearly run of the American Automobile Association could be held in the Southern States. For the past two years all the automobilists of the country have been making the New England States their headquarters. Next year the objective point will be the Jamestown Exposition. The year after that we are most anxious that Atlanta should be an objective point from Washington. We have taken up the matter of the most feasible route and of each county's doing a little, and thereby gaining a good road. If the date is agreeable to all concerned we would invite you to spend Saturday and Sunday, Feb. 23rd and 24th, as our guests at the Selwyn. At that time I would like to give a banquet to the newspaper men who I hope will be present, and discuss with them the most feasible plan to make our scheme a success.

"Yours very truly,
"C. A. Wood."

Following is the letter addressed by Mr. Wood to the chairman of the county board of commissioners:

"Dear Sir:—From the newspapers you perhaps will have noticed that we are planning to establish a touring country, and also owing to the first-class hotel accommodations which we will be able to give to tourists, we are anxious to undertake the matter of an automobile road from Atlanta to Washington via Charlotte. It seems to us it would be an easy matter to get this road if all the counties north and south of Charlotte would combine, each one to do their part in making a good road. The development of the automobile in the last few years has brought much business to the parts of the country where good roads are to be had. We would like to offer the hospitality of the Selwyn to the chairmen of the county road commissions and their wives at some future date here to discuss this matter: Cherokee County, S. C.; Spartanburg county, S. C.; Greenville County, S. C.; Pitkin County, S. C.; Oconee County, S. C.; Gaston County, N. C.; Cabarrus County, N. C.; Rowan County, N. C.; Davidson County, N. C.; Guilford County, N. C.; Rockingham County, N. C.

"We have already taken this matter up before in the same way at another point with success.

"Please address me care of Selwyn Hotel, marked 'personal.'

"Yours truly,
"C. A. Wood."

"P. S. We would like to fix a date for this meeting when it would be convenient to the Governor of South Carolina and the Governor of North Carolina to grace this meeting with their presence."

The following letter was addressed to Governor Ansel, of South Carolina and Governor Glenn, of North Carolina:

"Dear Sir:—I received your very kind reply to my letter in which I had hoped that you might be present at the opening of the Selwyn Hotel. We hoped that the first class hotel accommodations which we are now able to offer to the traveling public will bring much additional business to Charlotte and this part of the country. In addition to good hotels, good roads are most important. We are most anxious that an automobile road be established through this part of the country, and would accept your help in this matter. Inclosed you will find copy of a letter which we have sent to the different county commissioners through which a road might pass. If the desired meeting can be arranged, we wish to extend an invitation to you, also to be present at this meeting."

"Yours very truly,
"C. A. Wood."

Horrors of the Chinese Famine.

Washington, Feb. 16.—Details of the horrors of the present famine in China have been sent to the State Department by Consul General Rogers in Shanghai after he had made personal investigation. The reports caused the Red Cross Society to renew their efforts to relieve suffering. Mr. Rogers says that the conditions are almost unbearable. There has been no rain in the famine districts for weeks. There is no effort at sanitation. The refugees in the river cities and towns probably number 75,000.
