OVER 200 VACCINATED

Law Being Rigidly Enforced in Riverhead Township—One New Case Near Farror's Store—Effect on Schools.

Up to yesterday more than 200 persons in and around Mount Holly, Mountain Island and Farror's store had been vaccinated under the order issued Sunday by County Physician L. N. Glenn for compulsory vaccination of all persons who have in any way been exposed to the disease of smallpox. The physicians have encountered some subjects who declined to submit and for whom it was necessary to have warrants issued. Wednesday warrants were sworn out for two negroes, Tom Woodard and Green Finger, and two white men, McMillan and Cannon. The two latter lived at Nimsville. They refused to be vaccinated and eluded the physicians but it is safe to say that, if they remain in the vicinity of Nimsville, the warrants will be served. Woodard was a suspect and had been vaccinated and ordered to stay in but refused to obey instructions. Finger boards at the same house with Sam Farror, another negro, who was taken with the disease Wednesday. The latter was drayman for Mr. Jack Farror, the first victim of the disease, who was discharged as well yesterday after being under quarantine for two weeks or more.
Rigid quarantines were established Wednesday at Nimsville and Mountain Island and, until March 20th, unvaccinated persons will not be allowed to leave either place or to enter from points without. Guards have been stationed on all the principal roads leading to these towns to see that these quarantines are not violated. County Physician Glenn says that the law will be rigidly enforced without regard to persons. Un less great precaution is taken there is a possibility of an epidemic and he intends to invoke the aid of the law to the fullest extent to keep the disease checked.
For more than two weeks the school at Farror's store has been closed and the attendance at the Mount Holly graded school has dwindled from 200 to 60. No pupil or teacher is allowed to enter the school rooms unless he has been vaccinated.
Faster and faster the pace is set. By people of action, vim and get. So if at the finish you would be. Take Hollister's Rocky Mountain Tea.

LOCAL AFFAIRS.

—When a woman wants to get rid of her husband for an hour, she sends him up stairs to get something from the pocket of her dress.
—There are many striking examples of the value of good roads. Wherever roads have been permanently improved it is found that there has been a very great increase in value of the adjacent property.
—Report all items of interest to this office. They will be appreciated and each item will help to make the paper that much more interesting. We can't get all the news but by your help we can get the lion's share and that is what we wish to do. We want all the news that's news.
—Here is something that is worth many dollars to every farmer to know: Sprinkle lime in your stock tank and not a particle of scum will form on the water. When the lime loses its strength scum will begin to form, which may be twice during the season; wash out the tank and repeat the dose. It is cheap, not only harmless but wholesome, keeps the water sweet and saves the live stock.
—There are two kinds of girls in the world, the girl who works and the girl who gads. Commend us to the former. Work lends dignity to a pretty girl, is an added charm to her. The girl who works, God bless her, combines the useful and ornamental. She might gad about, and roll on sofas, gossip and read story books, but she prefers to be of some account in the world and goes out stenographer, teacher, saleslady or housekeeper, bravely makes her own way. Such are the salt of the earth and of such is the kingdom of heaven.
—We heard a young man remark last week that, "The world owes me a living." It is hoped for that young man's good that he'll get the intelligent activity and this young man, a grave mistake. He never entertained a more foolish idea nor one which will bring him a smaller measure of respect. The world owes the young man nothing; but instead he owes the world and society an active, noble manhood, a steady, honest energy which will enable him to associate with decent men and women in a true manliness of character that will make his friendship valuable and his presence and companionship desired, the truly intelligent activity and this young man should contribute to society's happiness and welfare the grace which comes through study, toil and honest thought.
The grocers are handling Argo Red Salmon because it takes no argument to sell it, and customers come back for more.
—The weekly country paper has as definite an excuse for being in the world as can be furnished by the city dailies. Such a publication is not only a business guide, but is a pulpit of morals; it is a kind of a public rostrum where the affairs of the State are considered; it is a supervisor of streets and roads; it is a social friend, a promoter of friendship and good will. Edited by a broad and just man, such a publication so treats the different sects that they realize their brotherhood and become in reality what they are pictured in print. The town weekly dare not be Presbyterian, or Methodist, or Baptist, but it must select the valuable in each church, and thus it becomes the harmonizer of discord. It binds those whom theology would often separate. Even the so-called small matters of a village or incorporated town are small only to those whose hearts are too full of personal interest. It is very important if some school boy reads a good essay, or speaks well a piece, or sings well a song, or stands high in the class room, that kind of mention should be made publicly of such success, for more young minds are injured by the want of cheering words than are made vain by an excess of such praise.

LEASES RESORT HOTEL.

Mr. J. A. Boyett, Manager of Falls House, Will Conduct Haywood White Sulphur Springs Hotel Next Season—A Popular Resort—Something About It.

Mr. J. A. Boyett, who some months ago assumed management of the Falls House here, has, in conjunction with Messrs. J. L. and D. M. Alexander, of Waynesville, leased for the coming season the famous White Sulphur Springs Hotel at Waynesville. The style of the management will be Boyett & Alexander. Mr. Boyett will leave Gastonia in May and will open the hotel at Waynesville for the reception of guests June 1st. This is one of the most popular resort hotels in Western North Carolina, the mecca for pleasure seekers from all sections during the hot months. In recent years Waynesville has come to be looked upon as an ideal place for summer rest and recreation and its patronage has increased with each passing season. The Haywood White Sulphur Springs Hotel has a reputation of many years' standing and will continue to merit and have a large patronage under the new management.
Three years ago, because of the demand for additional accommodations, an annex was built containing 60 rooms with baths; the main building contains 54 rooms. The grounds comprise thirty acres of beautiful lawns. There are several springs of sulphur, iron and free-stone water. There are well equipped bowling alleys, pool rooms, tennis courts and other means of amusements.
In the past not a few Gastonians have spent their vacations at Waynesville and doubt less many of them will go there during the coming summer. It is certain that they will find the White Sulphur Springs Hotel a splendid place to spend a vacation.

McGathey to Pen.
Deputy Sheriff C. W. Fuller left on No. 40 Wednesday night for Raleigh, having in custody J. B. McGathey whom he was taking to place in the State penitentiary. McGathey, who is an old man, was convicted of murder in the second degree at the recent term of Gaston Superior Court for the killing of his son-in-law, Lee J. Cudd, and sentenced to seven years in the State prison.

CHERRYVILLE CHAT.
Terse News Notes from Gaston's Northernmost Town.
Cherryville Eagle, 6th.
Rural Free Delivery Inspector J. C. Clifford, of Washington City, was here last week looking over our R. F. D. routes. He resurveyed and recommended some slight changes in No. 1 and No. 2.
Handsomely engraved invitations are out announcing the approaching nuptials of Miss Lula Abernathy and J. H. Hull on the 14th of March. Mr. Hull is a large stockholder in the Gaston Mill.
The Cherrystone lodge of Knights of Pythias won a handsome 8-day clock for the largest gain in membership from June 30th to Dec. 31st. The clock was presented by District Deputy Grand Chancellor Scofield, of Forest City. This lodge is in a flourishing condition and has a very large membership.
The Piedmont Telephone and Telegraph Company are rebuilding their line from this point to Fallston and Belwood. The Bessemer line will also be overhauled and improvements made on the switchboard here. Messrs. O'Brien, Fogle, Blanton and others are here engaged in the work.
The well-known firm of Hunter & Houser has dissolved by mutual consent. H. M. Houser sold his interest and good will to his partner, C. F. Hunter, who will continue to run the business.
The town of Crouse has been incorporated 1/2 mile each way. Horace Houser surveyed out the town yesterday. A mayor, policeman and five aldermen have been elected. We congratulate our neighbor for this advanced step.
