EMBEZZLED \$68,000. Franc H. Jones, Assistant **Cashier of Charlotte National** Bank, Mysteriously Disappears and Along With Itim Goes Big Sum of Bank's Money.

Charlotte was treated to a sensation Wednesday when the afternoon papers announced the defalcation of Franc H. Jones, assistant cashier of the Char-lotte National Bank, his shortage amounting, so far as is at present known, to \$68,000. The fact of the embezzlement was known Monday and in fact was a topic of conversation not only in Charlotte but in Gas tonia and other towns as well but it was kept out of the papers till Wednesday afternoon presumably that the bank might have time to provide against any possible run by depositors. There was no run, however, the bank's customers continuing to deposit their money as if nothing had happened. Jones was bonded for \$20,000, this leaving an actual shortage of \$48,000, which is more than covered by the \$50,000 surplus fund of un-

divided profits. Of the total amount stolen Jones took between \$40,000 and \$50,000 in cold cash. He had been in active charge of the cashier's work for the past several weeks during the absence from the bank of Cashier Twitty, who has peen ill. Saturday he informed someone in the bank that he had been summoned to Richmond on business and would leave Saturday night. He left over the Seaboard about 7 o'clock and was last seen at Monroe. There the trail is lost. He carried with him a grip in which it is presumed was stored the bulk of the money. It is believed that the defaulting cashier had been dabbling in stocks recently and that he had lost heavily. He stood high in Charlotte and his deed brought a shock to his friends and acquaintances. He had lived in the town for several years and had been teller of the Charlotte National Bank for the past four Only in January or five he was made assistant cashier. He was assistant superintendent of the First Presbyterian Sunday school and was at one time very actively engaged in Y. M. C. A. work in Charlotte. He leaves a wife, who has been seri-

Miss Georgia Richards, of Stanley Creek, N. C., has taken a position with the Dobson Bros.' Cash store.

Mrs. Alonzo Rose returned bome last night from Lincoln-ton, N. C., where she had been called last Friday on account of the illness of her daughter, Mrs. T A Covington.

Mr. R. W. Whitesides, of Smyrna, spent last Sunday in Yorkville and remained over yesterday. He is just recovering from the effects of an operation which he had to undergo on account of a cataract in one of his eyes. After the operation he was confined to his bed for several days during which time he was unable to see even the light.

Invitations have been received in Yorkville, announcing the marriage on Wednesday, March 27th, of Miss Martha Catherine

Hobbs, formerly of Yorkville, to Mr. William August Kline, at the Triple Oaks ranch, near Beeville, Tex.

The family of Mr. J. T. Wilkerson, near Hickory Grove, has been having a siege of smallpox; but now eveybody is well and the danger is over.

Last Sunday afternoon as Mr. S. W. Inman was taking a stroll about his farm he happened to walk through a piece of wood-land and suddenly came upon a gang of eight or ten negroes shooting craps. Mr. Inman played quite a joke on the gamblers by exclaiming: "All right, Love, here they are." The negroes jumped to their feet and took to their heels without undue delay, leaving money and dice on the ground, bent only on getting away. The construction of the lines

of the Southern Power Company through northern York has practically ruined the telephone service over all the lines coming in close proximity to the power lines. The only remedy to the situation is to change the telephone lines from ground to metalic circuit, and about this the telephone people are hesitating for the reason that they claim the rentals received from the lines as now operated do not warrant the expense of the change,

SHORT TALKS BY/ L. T. COOPER. THE STOMACH.

My but peoples' stomachs do cause a lot of trouble. I offered to wager some

people who call-ed on me had to say, they had to agree with me. They heard people come in and tell me that for years they had been near the grave with Bright's disease, or lung trouble, or kidney complaint and all manner of diseases and that the New Discovery had cured them. Of course these people were mistaken, it was nothing but their stomachs. As a matter of fact when the stomach gives out most everything else is thrown out of order too.

When a person feels tired and dull and despondent, is loosing flesh and don't sleep well, has a poor memory, a bad taste in the mouth, a coated tongue, and other troubles he's liable to believe a lot of things are the matter with him. Nine chances to one it's his stomach. I've chances to one it's his stomating back seen Cooper's New Discovery bring back health to too many people in just this shape to believe anything else. Here's a

shape to believe anything else. Here's a letter about it: "I suffered for a long time without knowing just what was the matter with me. I seldom felt like eating. I lost greatly in weight. My digestion was ax-extremely poor and when I did eat I invariably suffered afterward. I was con-stipated and frequently suffered from norve racking, violent headaches. When I heard of what the Cooper remoties were doing for others I resolved to try them." "Rellet came with the first bottle. My appetite and digestion improved rapidly. I am no longer countipated nor do I have those dreadful headaches. I alsop well and am gaining flesh." C. H. Powell, 13 Harrison Addition, Duluth, Minn.

Having completed its work at Great Catawba Falls, the Southern Power Company is now moving its entire working force and construction plant from Catawba Falls to Ninety-Nine island. The site of the proposed Broad River dam is about four miles below the site of the Cherokee Falls Manufacturing Company.
