**New Lodge Organized Across the
Line by Messrs. Kendrick and
Sloan—Thirty-Four Charter
Members.**

A new convale of the Improved
Order Heptasophs was organ-
ized at Oak Ridge school house,
York County, S. C., Tuesday
night by Deputy Supreme Organ-
izer John B. Sloan, of Rock
Hill, S. C., and Deputy Organizer
T. N. Kendrick, of Gastonia.
Thirty-four members were pre-
sent to meet the organizers and
the lodge was instituted and
named the J. M. Kendrick Con-
clave after Mr. Kendrick's
father, this being the first con-
clave Mr. Kendrick has organized
in his district.

By a unanimous vote 43 ap-
plicants were passed on and it
will be seen that the member-
ship of the new convale is
already large enough to insure a
good lodge. The following
officers were elected: past
archon, T. E. Brandon; archon,
John J. Stewart; secretary,
Thomas L. Sparrow; financier,
Dr. T. N. Dulin; treasurer, J.
Rufus Sparrow; provost, William
H. Glenn; prelate, J. Hope
Barnett; inspector, E. L. Hud-
speth; warden, J. M. Barnett;
Sentinel, L. R. Brandon;
trustees, R. L. Quinn, Fred
Jackson and J. E. Brandon.

After the election the officers
were installed and all members
present were obligated and in-
structed in secret work after
which the meeting adjourned to
meet again Monday night June
24th. Many of the charter mem-
bers and officers of the new lodge
are members of Gaston Conclave
No. 391, of Gastonia, and are
well up on the work of the
order and it is needless to say
that the new convale will be a
success.

ROCKY RIVER WATER POWER.

**Movement on Foot to Furnish
Electric Power to Towns in
Adjacent Counties.**

We learn from parties who
were in Concord yesterday from
Smith's Ford that there is a
movement on foot to develop
the excellent water power on
Rocky River at this point. A
northern company, represent-
ed by Dr. John M. Blair, of Mon-
roe, is taking options on adjacent
property with a view to establish-
ing an electric plant there. It
is proposed to furnish the electric
power to operate local man-
ufacturing plants to be established
there, and also to furnish power
to mills and factories in Concord,
Albemarle, Charlotte, Mt. Pleas-
ant and other towns. It is 15
miles from Concord, 24 from
Charlotte, 18 from Albemarle
and 10 from Mt. Pleasant.

Dr. Blair will in a few days go
to Smith's Ford with a civil en-
gineer, who will at once make a
survey of the place. There is a
fine water power on Rocky River
at this place, and enough power
can be generated by it to turn
many thousands of spindles.
The water power is owned by
Messrs. D. W. and Jno. S.
Turner, R. L. Hartzell and
others.

The final exercises of Trinity
College commencement took place
Wednesday, and marked the end of
the most successful year in the
history of the college. The com-
mencement exercises, like the
school year, eclipsed all previous
records. The commencement ser-
mon was delivered Tuesday by Dr.
Donald Sage Mackay, of New York,
his annual address being made by
Prof. Jerome Dowd of Charlotte,
Wednesday was final and best day,
the chief feature being an address
by Chief Justice David J. Brewer,
of the United States Supreme
Court. Justice Brewer spoke for an
hour and 15 minutes and held the
closest attention of his audience all
the time. During his address
Judge Brewer paid a tribute to the
tribute to the State for her respect
of law in regard to the South Dakota
bond suit.

The account reproduced be-
low from Tuesday's Monroe
Journal will be of interest to a
number of Gastonians, inasmuch
as the bride, Miss Gaddy, has
visited here, having been the
guest of Miss Ethel Gray. It is
as follows: "Dr. E. S. Green
and Miss Ashe A. Gaddy were
married Tuesday night, May
28th, 8:30 o'clock, at the home
of the bride's sister, Mrs. Dixon
Sikes, by Pastor C. A. G.
Thomas. This was one of the pre-
ttest home weddings of the year.
The parlor was beautifully
decorated and tastefully ar-
ranged. Light refreshments
were served and everybody pre-
sent had a most delightful time.
Dr. and Mrs. Green are among
our most popular young people
and have the congratulations
and best wishes of a host of
friends. Dr. Green has been in
Monroe about a year and has al-
ready secured a fine practice in
the profession of dentistry."

The following special from
Stanley to yesterday's Charlotte
Observer will be of interest to
many Gastonians: "At a beauti-
ful home wedding this afternoon
at 4:30 o'clock, Miss Clara
Thompson became the bride of
Mr. A. M. West. The ceremony
was performed at the home of
the bride, which was beautifully
decorated for the occasion. The
spacious halls were artistically
decorated in the colors of pink
and white, while the parlor was
resplendent in green and white
with ferns and potted plants to
form the background in front of
which the bride and groom stood
while the ceremony was being
performed. Exactly at the ap-
pointed hour the bridal party
entered the parlor to the strains
of Mendelssohn's 'Wedding
March'. Which was skillfully
rendered by Mrs. Loy Thomp-
son. The first to enter was the
groom with his best man, Mr.
Walter West, of Rutherford Col-
lege. Then came the lovely
bride on the arm of her brother,
Professor Loy D. Thompson, of
Rutherford College, who gave
her away. The ceremony was
performed in an impressive man-
ner by Rev. Joseph E. West, of
Rutherford College, father of
the groom, ably assisted by Rev.
E. W. Fox. During the cere-
mony Schubert's Serenade was
played. The bride was attired
in a lovely creation of white
crepe de chine over silk and a
bridal veil caught up with orange
blossoms, and carried American
Beauties, while the groom wore
the conventional black.
Immediately after the cere-
mony the bridal party repaired
to the dining room where light
refreshments were served. The
happy young couple were the
recipients of many handsome
presents. Mrs. West is the
beautiful and accomplished
daughter of Mr. and Mrs. W. C.
Thompson, and is loved by all
who know her for her for her
many traits of kindness and
sweet disposition. Mr. West is
the popular secretary and treas-
urer of the firm of Thompson-
Pegram Company. He is too
well known for further comment.
They left on the 6 o'clock train
for an extended tour North and
will be at home to their friends
after the first of July."

FACTS ABOUT JAMESTOWN.

The village of Arts and Crafts
at the Jamestown Exposition is
a group of small buildings, of
the colonial style of architecture,
which will house the exhibits of
the industries of the first settlers.

The picture shows this won-
derful group of enormous pines,
which are taken in by the ex-
position grounds. These pines,
many of them 100 feet tall, will
be of great interest to many vis-
itors of the Jamestown Expon-
ition who have never before had
the opportunity of seeing the
Southern Pines.

The Pennsylvania State build-
ing at the Jamestown Exposition
will be a reproduction of the old
Independence Hall at Philadel-
phia. Located on the water
front of the exposition grounds,
the Keystone State has one of
the most desirable sites for her
building that the grounds of the
Jamestown Exposition affords.

This picture shows the grounds
of the Jamestown Exposition at
Sewell's point, the surrounding
country and the waterways. The
grand naval display can be seen
as it will appear during the
period of the exposition, with
the ships of the representative
countries of the world anchored
out in the historic waters of
Hampton Roads.

The Pocahontas Hospital at
the Jamestown Exposition is one
of a group of buildings to be
known as the village of Arts and
Crafts. The building will be
fitted up with all the modern
equipments of an up-to-date hos-
pital.

The Confederate monument in
Norfolk is located on Main and
Commercial Place in the busi-
ness section of the city and is
one of the handsomest monu-
ments of the city.

This picture shows the out-
side of the floral fence enclosing
the exposition grounds. This
barrier between the exposition
grounds and the outside world
is more than two miles in length
and is entirely covered with
beautiful flowering vines.

The Princess Anne, is the
largest hotel at Virginia Beach,
one of the leading summer re-
sorts of the Old Dominion. Lo-
cated on the immediate beach,
this hotel affords a beautiful
view of the broad Atlantic.

This picture shows the great
coal piers at Lambert's Point,
the largest piers of the kind in
the world. From this port, in
the last six months, more than
1,000,000 tons of coal have been
shipped away. These piers, ris-
ing 100 feet out of the water
with the great barges and
schooners lying along side,
make an impressive sight.

The old Norfolk courthouse,
is one of the most picturesque
old buildings of the State. Built
along the colonial lines of ar-
chitecture, the court house
stands as one of the landmarks
of the early days.

THE CONFEDERATE SEAL.

**\$15,000 is Tendered for it—Body
Servant of Jefferson Davis Re-
fuses to Break Faith.**

Raleigh, June 4.—A telegram
to-day from Richmond contains
a story concerning the alleged
hidden "Great Seal of the Con-
federate States" said to have
been hidden by President Davis
at the close of the war with his
former body servant, James
Jones, the only one who shared
the secret of its hiding place.
Jones was sworn to secrecy.
The story says that Jones has
been offered \$15,000 by a com-
mittee of Confederate veterans
to produce the seal or reveal its
whereabouts so as to put it in
the Confederate museum at
Richmond, and that Jones in-
dignantly refused to betray the
trust of his old master.

Jim Jones formerly lived in
Raleigh for many years, and vis-
its here now every year. Gen-
eral Cox got him a position in
Washington fifteen or twenty
years ago which he still holds.
When here Jones was a local
Republican politician and was
county jailor for a number of
years. He served on the board
of aldermen and was elected to
the legislature once back in the
eighties.

Foray the county is somewhat
stirred up over a report which
is abroad to the effect that white
and negro convicts are made to sleep
together in the same rooms. The
charge is being investigated by
the grand jury.

Greene and Gaynor, the men
charged with fleeing the govern-
ment out of more than half a million
dollars, must abide by the sentence
passed upon them, according to an
opinion handed down by United
States Circuit Court of Appeal at
New Orleans Monday. The sentence
is four years imprisonment for each
and fines totaling \$375,000.

YORK AND YORKVILLE

**What's Doing Among our Neigh-
bors Just Across the Line.**
Yorkville Enquirer, 4th.

Prof. J. D. Huggins, who has
for several years past been prin-
cipal of the Presbyterian high
school at Bethany, has decided
to accept a position in the new
high school to be established
by the King's Mountain and
Sandy Run Baptist association
eight miles west of Shelby, N.
C. The building for the pro-
posed high school has not yet
been completed, but it is well
under way and will be ready for
the opening of the next year.
The trustees of the Bethany
school have not yet decided up-
on a successor for Mr. Huggins,
but are canvassing the situation
as carefully as possible.

Mr. J. H. Youngblood of
Blairsville, was in Yorkville yester-
day and reported heavy wash-
ing rains throughout his neigh-
borhood on Friday and Saturday.
He said that the rain was heavy
from Blairsville to Yorkville, es-
pecially on Saturday. There
was some hail also, but no dam-
age of any consequence. The
heaviest damage was because of
the washing of the land, there
being great slews through some
of the fields along the road, par-
ticularly fields belonging to J.
M. Brice and A. W. McFarland.

The Gaffney baseball "fans"
are discussing the organization
of a league, composed of Gaff-
ney, Gastonia, Rock Hill, York-
ville, Shelby and King's Moun-
tain. The arrangement is con-
sidered to be practicable for rea-
son of the proximity of the towns
named and the convenience of
the schedules. It is proposed
that the salary limit be fixed at
a figure that will not involve ex-
pense greater than the towns
can bear.

Judge Pritchard, of the United
States circuit court, has granted
the prayer of the Carolina and
North-Western railroad asking
for a temporary restraining order
against the corporation commis-
sion and attorney general of
North Carolina as to the enforce-
ment of the North Carolina rate
law. The order was served on
the state officials on last Satur-
day. The hearing is to be had
at Asheville on June 27, and
similar complaints by the South-
ern, Seaboard Air Line and
Atlantic Coast Line railroads
are to be held at the same time.
All the railroads complain that
the rates fixed by the North
Carolina law are ruinous and
that they will not admit of suf-
ficient revenue to pay fixed
charges.

The town council has decided
to submit to the question as to
whether they are willing to
exempt new manufacturing en-
terprises, having a pay roll of as
much as \$50 a week, from mun-
icipal taxation for a period of
five years. Of course, it is un-
derstood that the power to make
such an exemption rests only
with voters of the municipality.
The object is to encourage the
establishment of manufacturing
enterprises that would not be es-
tablished otherwise. All kinds
of manufacturing enterprises are
to be included in the proposed
exemption; but it is probable
that the principal beneficiaries
will be cotton mills.
