GOING BACK TO THE WEST.

After Visiting at Their Old
Lincoln County Home Messrs.
Bert and Louis Dellinger Re-
turn to Texas and Nevada—
Rather Remarkable Coinci-
dence.

Charlotte Observer.
Ten and twelve years ago, re-
spectively, Messrs. Louis and
Bert Dellinger, sons of Mr.
Lawson A. Dellinger, of Iron
Station, Lincoln county, went
West to try their luck. They
have just been at home for a few
weeks' visit and were in the city
last night en route to James-
town, which they will take in
before returning to their West-
ern homes.

The latter lives at Miles,
Texas, being a prominent man
of his community. He was
single when he left this State,
but fell a victim to the charms
of a Texas lassie several years
ago and is now the father of
several children. His visit home
this summer was the first since
he left his parental abode.

Mr. Louis Dellinger went
farther West than his younger
brother and has rambled con-
siderably more, being still single.
He has been up in British
Columbia and Alaska, and en-
gaged in mining, besides wash-
ing dirt in about a half-dozen
of the United States. At present
his abode is at Goldfield,
Nevada, where he has mining
property and deals in mining
stock. He will accompany his
brother to his Lone Star home
and after spending some days
there will return to Nevada by
way of San Francisco, where he
has business interests.

Both young men like the West
and have succeeded to a marked
degree. They say, however,
that the advantages of the West
are not as great as they were
only a few years ago. All the
best government lands have
been taken up, which was not
the case but a few years back.
Mr. Louis Dellinger says that
he believes the South is begin-
ning to arouse itself to such an
extent that it will soon offer
more advantages to a young man
starting out in life than the far-
famed western part of the con-
tinent.

Somewhat of a coincidence is
connected with the visit of these
young men at their old home.
One came in on Sunday and the
other the following day, neither
knowing that the other was
coming. At one point on their
journey they were only an hour
apart, on different trains.
Neither had seen the other since
they parted twelve years ago.

Fire Alarm.
The fire alarm went off early
yesterday morning as a result of
a fire in the Star Bakery, which
was caused from a gas stove.
However, the fire was put out
without any damage, before the
firemen arrived.

New Milliner.
Miss Ethel Hicks has been en-
gaged for the season as assistant
milliner for the Jno. F. Love,
Inc., stores. Miss Hicks has
had eight years experience in
the millinery business and comes
to Gastonia well recommended.

Business Changes.
Mr. A. G. Ellison leaves Sat-
urday for Columbia, S. C., to ac-
cept a position with the South-
ern Cotton Oil Company. He
will be relieved at the Gaston
Loan & Trust Company by Mr.
D. Mason Robinson. Mr. Rob-
inson will be relieved as book-
keeper at the City Grocery by
Mr. D. V. Wright.

Map of Gastonia.
Civil Engineer Summey C.
Cornwell has been surveying the
various streets of town this week
for the purpose of making a
map of the town of Gastonia.
Mr. Cornwell is the town engi-
neer having been elected some-
time ago to survey the streets.
Mr. Cornwell several years ago
made a map of Gaston county
which is being extensively used
throughout the county.

Protracted Meeting.
Rev. J. A. Hoyle, the pastor,
is conducting a most successful
protracted meeting at the Loray
Baptist church, having begun
last Sunday night. The services
will continue through the com-
ing Sunday. Preaching services
are held at 3 p. m. and 8 p.
m. daily. Already there have
been a number of professions.
Pastor Hoyle will preach at Long
Creek Baptist church Sunday
afternoon at 3 o'clock.

There are now 70 national and 280
State, private and savings banks in
North Carolina.

CITY FATHERS MEET.

Regular Meeting of the Board
Tuesday Night—Requests for
Street Improvements—Mr.
Rutter Goes to Baltimore.

The board of aldermen met in
regular session in the city hall
Tuesday night for the transac-
tion of town business. All the
members were present and
Mayor Armstrong presided.
The request made to the board
by the J. M. Adams 5 & 10 cent
show for a blanket tax rate for
one week during October was
referred to a special committee,
which means that the rate will
not be granted, but the show
will be allowed to come here
provided they pay the regular
tax. Mr. J. S. Torrence ap-
peared before the board and
asked that Third street be ex-
tended several hundred yards in
order to take in his property.
He also requested that the town
accept the new Columbus street
which has just been opened up.
The requests were referred to
the street committee and a re-
port will be made at next meet-
ing.

Mr. J. L. Beal requested per-
mission to build a brick veneer
residence on Airline street with-
in the fire limits. This request
was also referred to a committee
for a report at next meeting. A
request was also presented for a
new street on Happy Hill, which
was referred to the street com-
mittee.

Mr. Harry Rutter superintend-
ent of public works was granted
permission to go to Baltimore to
inspect the new lighting plant of
the Westinghouse Electric
Company. Mr. Rutter goes at
the expense of the Westing-
house Company.

The meeting adjourned to
meet again Thursday night at
7.30 o'clock.

First Shipment.
The Flint Manufacturing Com-
pany will make its first ship-
ment of yarns this week. All
the machinery is now in opera-
tion. The product of this mill
is yarn Nos. 40's and 50's. The
Flint is Gastonia's newest cot-
ton manufactory and is starting
with bright prospects for a most
successful career.

Had Two Wives.
J. E. Arrowood was tried in
the mayor's court yesterday
morning on a charge of bigamy
and was sent to jail to await a
hearing before Judge Ferguson.
Arrowood has been living
in Gastonia for the past several
weeks with a woman he recently
married; He acknowledged hav-
ing a wife at Mooresboro.

Mr. Kendrick Alternate.
Mr. Thomas N. Kendrick re-
turned yesterday from Ander-
son, S. C., where he went to at-
tend the district meeting of the
Improved Order Heptasophs.
The meeting was held in the
Masonic Hall Tuesday night for
the purpose of electing a deputy
supreme archon and alternate
for district No. 64 which includes
South Carolina. There were a
number of delegates in attend-
ance and Mr. L. Littman was
elected district archon and Mr.
T. N. Kendrick alternate. After
the district meeting was held the
Hampton Conclave of Anderson,
entertained the delegates to-
gether with a large number of
visiting brothers with a banquet.

Begonia Victorious.
The Begonia baseball team de-
feated the picked team of P. J.
Lineberger on the Begonia
grounds Wednesday afternoon
by a score of 5 to 3. Meek and
Brandon did the battery work
for Begonia and Price and Line-
berger did the same for P. J.'s
team. Meek struck out 9 men
and allowed 6 hits, while Price
took in 14 men with only 5 hits
against him. This was the last
game of the season, the Begonia
team having lost only three
games out of 12 played. After
the game was over Mr. C. H.
Parham, manager of the Begonia
team, entertained his team and a
large number of their opponents
and friends with an ice cream
supper which was greatly enjoy-
ed.

Train Time.
A Kansas editor since the
ruling of the inter-State com-
mission cut off his pass, has
dropped the time table from his
paper and prints this line:
"Trains are due when you see
the smoke."
The Omaha and Texas Express
train, on the Rock Island system,
was raided Friday morning, near
Murdock, Neb., by three masked
men. The robbers went through the
chair car, robbing every passenger
therein, securing their pocketbooks
and purses, covering the train crew
with revolvers and escaped.

LORAY LOCALS.

Correspondence of The Gazette.
Loray, N. C., Sept. 11.—Mr.
Sid Hull, boss weaver of the
Lancaster Mill, Lancaster, S. C.,
looked through the Loray Mills
Friday. Mr. Hull was on a visit
to his brother, Mr. M. L. Hull.

—Mrs. K. C. Eiters is visiting
her mother, Mrs. Susan Miller,
at Resner this week.—Mr.
Lloyd Dunn, who has been as-
sistant overseer of weaving here
for several years, has resigned to
accept a similar position with
the Hoskins Mills, Charlotte,
N. C. We are sorry to see Lloyd
go but he is getting back near
to his boyhood home, where he
can enjoy the fellowship of
home folks. We voice the
sentiment of a host of his friends
when we say we are sorry to see
him go.—Mr. E. T. Harrell has
moved back among his old
friends again. He comes back
from Charlotte, where he has
been fixing looms, and takes a
similar position here.

Work is progressing on the
placing of the new boilers here.
A force of hands have been busy
on them for nearly three weeks.
It will be some time yet before
they are ready for operation.

Our chief engineer, Mr. Geo.
Hill, has returned from his
recent trip to Jamestown, where
he took in the wonders of the
great exposition.

The new Franklin Avenue
church was opened to the public
Sunday evening. Services were
conducted by Rev. E. L. Bain,
who preached a very appropriate
sermon for the occasion. There
will be services there again next
Sunday evening at 3 o'clock,
when the church will be orga-
nized. Rev. J. M. Downum, the
pastor will divide his time be-
tween the new church and West
End the remainder of this year.

The Loray Presbyterian Church
will be organized Sunday eve-
ning at 3 o'clock. Rev. A. S.
Anderson has been very busy
since he came here and has
succeeded admirably in his
work.

There is a protracted meeting
in progress in the new Baptist
church this week. The pastor,
Rev. J. A. Hoyle, is doing the
preaching himself. Much in-
terest is being manifested and
no doubt there will be many
conversions and additions to the
church. With three new and
beautiful churches the morals of
our town should be exemplary.

The Lawyer Had Sized His Pile.
Philadelphia Ledger.

"What have you to offer to off-
set these charges?" asked the
court severely. "Not a thing,
Judge," replied the prisoner,
"not a thing unless you can get
my lawyer to divide. He seen
me first."

**Georgia's Only Negro Legislator
Resigns.**

Atlanta, Ga., Sept. 10.—W. H.
Rodgers, of McIntosh county,
the only negro member of the
Georgia Legislature, to-day re-
signed his seat in the General
Assembly. He gave no reason
for his action but it is believed
that the passage of the negro
disfranchisement bill by the last
Legislature influenced him.

Easy Victory.
Lenoir News, 10th.

The question of issuing \$100,-
000 of 30-year bonds for the
purpose of installing water works
and sewerage and making street
improvements was voted on yester-
day and the election resulted
in an easy victory for the propo-
sition. A very light vote was
polled, owing to the fact that so
many persons were disqualified
by not having paid their poll
taxes before May 1. Our forms
closed before the final count is
made but the vote for the propo-
sition is at least twice that
registered against it. This is
the grandest stride forward our
town has ever taken and it is a
cause of congratulation that the
sentiment was so unanimous in
favor of the proposition.

antee.

John Eads, of Siloam, Surry county,
was shot down and killed by one
of his tenants, Nathan Donathan,
Saturday evening. Eads had re-
monstrated with Donathan for let-
ting his chickens run loose on the
place damaging Eads truck patch.

THE UNIVERSITY OPENS.

Eight Hundred Students Looked
For This Year—New Library is
Being Occupied—Dissecting
Hall and Infirmary Building
Nearly Completed.

Charlotte Observer.
Chapel Hill, Sept. 10.—The
University of North Carolina
opened its doors yesterday, and
the campus is beginning again
to assume its normal condition
after its deserted aspect of the
summer time. An unusually
large number of students are ex-
pected this year, and it is con-
fidently predicted by some that
before the year closes the registra-
tion will reach the 800 mark.

The new library which was
made possible by the generous
gift of Mr. Andrew Carnegie and
by the loyalty of the alumni, has
been completed and the books
have been moved from the old
building to their new quarters.
Owing, however, to the non-
arrival of some furniture the
library will not be opened for a
few days.

The new dissecting hall, to
replace the one destroyed by
fire in the latter part of June, is
almost completed and will be
ready in ample time so that the
work of the medical school will
in no way be hindered.

The infirmary building is fast
nearing completion. The furni-
shings have been ordered for
some time, and the building will
be ready soon for the reception
of students. The proper care of
the sick, which heretofore has
been an ever present problem in
the old inadequate quarters, is
now assured. The college phy-
sician will have his office in the
building, and among the other
new features are a kitchen and
dining room, where sick students
may secure food suited to their
condition.
