Only two more months of 1907 remain. Read The Gazette's remarkable subscription offer on page four. A bevy of Linwood College girls were shopping in the city yesterday. The heaviest frost of the fall season so far lay on the ground this morning. Mr. Robert Moton held the lucky number shoe coupon at the Lucas Co.'s last week. A revolving post-card wheel in the show window of the Williams Drug Co. is attracting attention. The merchants are beginning to prepare for the holiday trade, which promises to be good this year. FARMERS UNION.

County Organization Elected—Members Advised to Hold Cotton. Representatives of thirteen out of the fourteen local farmers' unions of the county met at Bessemer City last Saturday and organized a county union. Outside of the delegates there was only a fair attendance, but great interest in the organization was manifested by those present. A partial list of the county officers includes J. W. Lowry, of Lowell, president; Mr. Lewis, of Gastonia, vice-president and D. A. Stroup, of Bessemer City, secretary and treasurer. There is an executive committee of five with the power to act on all matters of importance. A resolution was passed advising all the members to hold their cotton for 15 cents as far as it was possible to do so. After a vote of thanks to the school management for the use of the hall, the union adjourned to meet the first Saturday in January with the Tanyard local, about four miles southeast of Gastonia. The prospect seems good for the organization of a number of additional local unions in the county. Mr. J. G. Armstrong, the organizer, goes from here to Mecklenburg county.

Had Forty-One Pints.

Cluff Gist, colored, who seems to be a traveling dispensary, was lugged by the police officers here Saturday. He was arrested by Policeman Hicks just after he stepped from the train and a search of his baggage revealed forty-one pints of blind-tiger booze. He was tried before Mayor Armstrong and bound to court in the sum of \$200. In default of bond he was committed to jail to await trial at court. The only other case Saturday was one against John Jones, also colored, for hitching a horse to a shade tree on the sidewalk. He was fined \$1 and costs. Several cases were disposed of in the police court yesterday morning. They were as follows: Charlie Johnson, drunk and disorderly, fined \$2.50 and the costs; Dave Harmon, drunk and disorderly, fined \$5 and the costs; W. A. McVickers, drunk and disorderly, fined \$1 and the costs; Ess Irvin, drunk and disorderly, fined \$2.50 and the costs.

Tommy Donnelly.

A reminder that this is election year is given in the splendid show of the Donnelly and Hatfield Magnificent Minstrels which are here Friday, November 1st. Tommy Donnelly, the very mirthful comedian, and most ubiquitous minstrel, presents himself as Judge Taft-Candy in a political absurdity which he calls 'The Orators'. His character, that of a self-educated politician, depicts all of the characteristics of the stump speaker—the 'genus vocabularis gustibus'—common every election period, and he carries out the role of the ranting, verbose, incoherent president, making dreamer, with distinctive ability. Gov Bowen as the crafty, politicalward-heeler, proves a splendid foil for Tommy Donnelly, while Pat Ryan as the district messenger keeps the fun rolling. The press reports say that this is one of the great hits of the show.

If taken patiently and persistently will relieve the most obstinate cases of indigestion, constipation, bad blood, bad liver no matter how long standing. That's what Hollister's Rocky Mountain Tea will do. 35 cents, Tea or Tablets. Adams Drug Co. At Dunbarton, S. C., Sunday, the dead body of R. F. Weeks, a merchant, was found in the living room which he occupied over his store. The window was shattered and his body was peppered with buck shot.

Physical Education Popular.

A long and normal life is the highest prize of existence. The most pathetic sight is a broken human life; a being only partially alive. Health means continual youth and harmony. Harmony means joy and happiness. The invalid at twenty is old, while the sound man at seventy-five is young. If you are not a well being you can obtain health and long life. If you are well you can keep well by knowing yourself. My system of Physical education never fails to give desired results. It is the business man's best friend. The office man needs it as much as he needs his breakfast. Are you nervous? Do you suffer from insomnia? If so, take Physical Culture and be cured. Have you indigestion? If constipated, relieve yourself. You can do it. Result of my method: Development, health, strength. You should know the benefits to be derived from habitual deep breathing. I teach it. The expense is small, benefits large. None is debared. All are invited to share this secret of adding years to life and life to years. Classes now being organized for men and boys, also for LADIES. For additional particulars see or telephone me at the Falls House. THOMAS C. ADAMS, Director.
