### YORK AND YORKVILLE

What's Doing Among our Neighbors Just Across the Line.

Yorkville Enquirer, 8th.  
Mrs. Henry Massey, of Rock Hill, is visiting her sister, Mrs. J. C. Wilborn.—Miss Ella Love of McConellsville, is the guest of Miss Geraldine Lowry.—Miss Emma Ford of Bethel, is visiting in Yorkville, the guest of Miss Rose Hunter.—Mr. and Mrs. Charles Finly McKesson of Morganton, N. C., have issued invitations to the marriage of their daughter, Miss Elizabeth, to Mr. Paul Thompson McNeel of Yorkville. The ceremony is to take place in Grace Episcopal church, Morganton, on November 20th.—The county commissioners on last Wednesday ordered the building of a one span bridge over Bullock's Creek, near the residence of Mr. R. N. McElwee, provided the people of the neighborhood would construct the approaches without cost to the county.

Capt. E. R. Stuart, corps of engineers, U. S. A., representing the government in the matter, has received the acceptance of Messrs. McKain, Meade & White, who were some time ago asked to design the monument the government proposes to erect on King's Mountain. A representative of the firm of McKain, Meade and White will meet Capt. Stuart at the site of the proposed monument soon for the purpose of looking over the situation.

The body of Mr. W. H. Snider, whose death at Texarkana, Texas, Sunday, was mentioned Tuesday, reached Yorkville this morning, and was interred in the Yorkville cemetery. The body was met at the train by a large concourse of friends of the family, and taken immediately to the cemetery, where the funeral services were conducted by Rev. E. E. Gillespie. The floral tributes were numerous and pretty. The pall bearers were Sheriff H. G. Brown, Messrs. W. E. Ferguson, M. B. Jennings, W. H. Herndon, J. E. Lowry, A. M. Grist. Mr. Snider died of heart failure.

Twelve wagons, one following another all in a row, each drawn by a spanking pair of big, fine mules and each loaded with five heavy bales of cotton was an interesting sight on the streets of Yorkville Wednesday. The cotton belonged to Mr. S. M. Jones of Chester, and was being transferred from his Tizrah plantation to the warehouses of Messrs. Latta Bros. But a more interesting part of the story is that these sixty bales referred to was only a part of the crop. One of the wagon trains was stopped at the Liberty street crossing, until Miss Rosa Lindsay could make a photograph. Mr. Jones has four hundred bales of cotton in all, and all of it is to be stored for better prices. Mr. J. C. Wilborn is authority for the statement that 150 bales of the cotton were made by five mules—thirty bales to the plow, and that on the entire plantation, the corn average to the plow was 250 bushels.

#### WHO USES HYOMEI?

The Best People in Gastonia, Say J. H. Kennedy & Co. Guaranteed in Catarrhal Troubles.

No other remedy or treatment for catarrh has ever been as popular or made so many remarkable cures in Gastonia as Hyomei.

The best people attest its curative virtues, say J. H. Kennedy & Co., who are the local agents. The fair way in which Hyomei was sold, to refund the money unless it gave satisfaction, was the best proof when it was introduced that it possessed unusual curative powers. J. H. Kennedy & Co., took all the risk of the treatment giving satisfaction, and left it to the purchasers to be the judge.

Later, when Hyomei was used and recommended by our well-known physicians and business men and their wives as a treatment that absolutely cured catarrh, no matter how serious or long standing, the sales rapidly grew and to-day there is no other remedy in J. H. Kennedy & Co.'s stock that has such a large and staple sale.

The first breath of Hyomei's healing air kills all catarrhal poison. Try Hyomei to-day on J. H. Kennedy & Co.'s offer to refund the money if the treatment does not give you satisfaction. N12 19

President Roosevelt yesterday told a committee from the American Newspaper Publishers' Association that he would recommend to Congress that the tariff on press paper and wood pulp be abolished and would direct the Department of Justice to investigate the so-called "paper trust".

The special session of the Alabama legislature met yesterday. In his message Governor Comer declares that the L. & N. Railroad is openly defying the laws of the State and must be brought to book. The laying of the keel of America's giant 20,000-ton battleship Delaware began last Friday at Newport News. The Delaware will be the largest vessel ever constructed on the Western Hemisphere.

### PRINTED BY REQUEST.

Recipe is Easily Prepared at Small Cost, and Many People Here Now Swear by It.

Mix the following by shaking well in a bottle, and take in teaspoonful doses after meals and at bedtime:

Fluid Extract Dandelion, one-half ounce; Compound Kargon one ounce; Compound Syrup Sarsaparilla, three ounces. A local druggist is the authority that these simple, harmless ingredients can be obtained at nominal cost from our home druggists.

The mixture is said to cleanse and strengthen the clogged and inactive kidneys, overcoming Backache, Bladder weakness and Urinary trouble of all kinds, if taken before the stage of Bright's disease.

Those who have tried this say it positively overcomes pain in the back, clears the urine of sediment and regulates urination especially at night, curing even the worst form of bladder weakness.

Every man or woman here who feels that the kidneys are not strong or acting in a healthy manner should mix this prescription at home and give it a trial as it is said to do wonders for many persons.

The Scranton (Pa.) Times was first to print this remarkable prescription, in October, 1906, since when all the leading newspapers of New York, Boston, Philadelphia, Pittsburg and other cities have made many announcements of it to their readers.

#### UNCERTAINTIES OF POLITICS.

Leslie's Weekly.

Oklahoma's sweeping Democratic majority in its first election reminds us that the politicians often err regarding the side which new States will take, and reminds us also that a State's first vote does not always tell how it will go in subsequent elections. Fearing that the canvass would be close in 1864 the Republicans admitted Nevada, with its 12,000 or 15,000 population, and though that State gave its electoral votes to Lincoln in that year, the result showed that he could have given away dozens of votes and still have carried the country. In the meantime the Republicans had created a rotten borough, which went against them in 1880, 1892, 1896 and 1900. Deluded by the promise of support for Tilden made by Colorado's politicians, Speaker Kerr, Samuel J. Randall and the Democratic House of Representatives consented to admit Colorado in 1876, and it got in just in time to cast its vote for the Republicans. Had the Democrats postponed Colorado's admission a few weeks longer Tilden and not Hayes would have been made President. Colorado fooled the Republicans by turning against them in 1892, 1896 and 1900.

"We have made ourselves solid with the States and with the whole of the West, and there will be no more Democratic victories," exclaimed many Republican politicians "when, in 1889-1900, the two Dakotas, Montana, Washington, Idaho and Wyoming entered Statehood. Immediately afterward Cleveland swept the country, beating Harrison and carrying such stalwart Republican Western States as Illinois and Wisconsin, and getting one electoral vote from Ohio, while Idaho went to Weaver, the Populist, and North Dakota divided its vote equally between Harrison, Cleveland and Weaver. In 1896 several of these new States gave their vote to Bryan. By his vast personal popularity, Roosevelt won all those States and the whole of the West back to the Republicans in 1904, but with any other man than Roosevelt as the candidate in 1908 some of these States may go to the Democrats again.

Probably Oklahoma will, like many of the other new States, have surprises for the prophets. It will add a little to the Democratic vote in the Senate and House in the approaching Congress, but not enough to make much of a difference in square party divisions. It will give its vote to the Democrats in 1908, except that Roosevelt, if renominated, would have a fair chance to carry it, as well as to carry the whole of the West, as he did three years ago. In any event, several forces will operate against continued Democratic sway in Oklahoma. The absurdities and vices which the Democrats have put into the State's constitution will be sure, when they go into operation, to turn many votes in favor of the Republicans. Most of the immigration hereafter into the State will be likely to be from the West and North instead of from the South, and thus add to the Republican vote. The State's increase in wealth and education will bring balance and conservatism, and thus aid the Republicans. It will not be at all surprising if, before 1912, the State of Oklahoma swings over to the Republican side.

### \$200,000 WORTH OF COTTON.

Large Amount of the Fleecy Staple in Yorkville Warehouses—Farmers' Union Growing Stronger Every Day—Some Attempt Being Made to Stir Up Animosities.

Charlotte Observer.

Yorkville, S. C., Nov. 10.—It is estimated that about \$200,000 worth of cotton is stored in the local warehouses. A large amount of money was loaned on this cotton previous to ten days ago by the local banks, but it is said that notwithstanding the fact that they are well supplied with funds they are making no new loans at present, but are awaiting developments.

It is generally conceded that never in the history of this section were the farmers in better position to stand a siege than at present. They have more corn in their cribs than ever before, and many of them have an abundance of home raised meat in prospect, as well as cash sufficient to meet their needs for some time to come. There is no sign of weakening of the farmers who will try to hold out for 15 cents, but will sell at 12 1/2 cents and upwards, provided they can.

The farmers' Union is growing stronger each day, and is equally as popular with its adherents as was the Alliance in 1890. There is some evidence of an attempt to revive the old prejudices and animosities that were engendered between the farmers and all other classes in the early days of the Alliance and that was maintained for several years with more or less intensity but so far it does not seem to be general and it is to be hoped that, in view of the fact that it would again prove hurtful to all classes, including the farmers, it will not spread. There can be no reason to suppose that the fostering of ill feeling between the farmers and the balance of the world is any part of the mission of the Union, and therefore it is safe to predict that the leader will not encourage such sentiment.

Heavy, impure blood makes a muddy, pimply complexion, headaches, nausea, indigestion. Thin blood makes you weak, pale sickly. Burdock Blood Bitters makes the blood rich, red, pure—restores perfect health.

Fire at Salisbury early last Friday destroyed the old Mansion House, entailing a loss of nearly \$60,000. The records and papers of the Yadkin Valley Fair Association were lost in the fire. Adjoining buildings were only saved by the most strenuous efforts of the fire companies.

The steamship Lusitania has again broken the record for a quick trip across the Atlantic. She arrived in New York Friday, having made the run from Queenstown in four days, 18 hours and 40 minutes, which is one hour and 52 minutes better than her previous record.

Francis Marion, an actor, was accidentally shot and probably fatally injured at Wilmington Friday by David Laboy, another member of his company. Laboy was examining a pistol which he thought not loaded. Marion's home is at Selma, Alabama.

Passenger train number ten, from Asheville to Columbia, was derailed near Union Friday morning, four coaches leaving the track. None of the passenger or crew was injured, however, as the coaches were not overturned.

The postoffice at Mill Springs, Polk county, was entered by burglars last Thursday night and \$200 in stamps and money stolen.

### LIFE'S JOURNEY

Is Burdensome to Many in North Carolina.

Life's journey is a heavy burden with a constantly aching back, with urinary disorders, diabetes, with any kidney ill. Doan's Kidney Pills relieve and cure J. H. Robinson, bricklayer, of 915 N. Tryon St., Charlotte, N. C., says: "For a long time I suffered with a bad back, undoubtedly due to disorders of the kidneys. The secretions were all out of sorts, very dark and full of sediment. I heard of Doan's Kidney Pills and got a box at a drug store, and gave them a thorough trial. They restored the secretions to their natural color, made the secretions normal and strengthened my back so that it does not pain me at all. In fact, I have not had an ache since I used the remedy."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's—and take no other. —2—
