The bride is a student at Linwood College and came to Gastonia this morning with a number of other students to go home for the holidays. Her lover met her here and they eloped to Dallas where the license was procured and the knot tied. They returned to Gastonia and are at the Falls House.

AS OTHERS THINK.

Everyone in Gastonia Has a Right to His Own Opinion.

While everyone has a right to his own opinion, yet it is wise to always consider what others think and profit by their experience.

Nothing makes life so miserable, or interferes so widely with the usefulness of the average American, as indigestion, and it is well for us to give fair consideration to what others think about this remarkable affliction.

J. H. Kennedy & Co. are positive that in Mi-o-na stomach tablets they have an absolute cure for indigestion and the many disagreeable symptoms that follow this disease, such as distress after eating, coated tongue, bad taste in the mouth, dizziness, flatulence, nervousness and debility.

Their action in selling Mi-o-na on a guarantee to refund the money unless it cures, shows plainly their belief in the value of this remedy. They take all the risk, and there will be no charge whatever for Mi-o-na unless you are satisfied that it has relieved you of indigestion.

To Our Subscribers.

It is not often that The Gazette duns its subscribers through the columns of the paper. For the past two months we have been too busy to send out statements to our subscribers and we take this opportunity to say that we hope all who are in arrearages will pay up if possible by the first of the year and renew for 1908. Recently we have been put to a heavy extra expense in moving our plant into a larger building. We have purchased a linotype machine which was shipped from New York this week and which will be installed early in January. We are putting ourselves in shape to make 1908 by far the biggest and best year of The Gazette's history. All of these things require money and we hope that our friends will lend us their assistance in carrying out our plans by promptly paying.

About the first week in January we will mail statements to all whose subscriptions have expired. We have a nice memorandum book, containing calendar for 1908, much useful information and blank space for making notes for each day in the year, and we are also printing some nice calendars, both of which we will send out as soon as we have the time.

The Gazette has more than 500 more subscribers to day than it had a year ago and we expect to put on a thousand more during 1908. We expect to merit more than ever the already well earned title of "Gaston County's Leading Newspaper."
