N. Glenn, of Gastonia, will deliver a free lecture in the auditorium of the Central graded school on the subject of "Germs." The exact time of the lecture will be announced in next Tuesday's Gazette.

**Attended Greensboro Meeting.**

Dr. Mc. G. Anders returned Wednesday night from Greensboro where he spent Tuesday and Wednesday in attendance on the annual meeting of the North Carolina Association for the Prevention of Tuberculosis. He reports that the sessions were well attended and that the meeting was a decided success. There were on the program as speakers a number of very distinguished physicians, including Dr. Woods Hutchinson, Dr. Farrand, Dr. C. M. Stiles and others. Dr. Hutchinson had planned to spend the day in Gastonia Thursday en route to Asheville but, because of his limited time and the delay he would have experienced in getting to Asheville, was compelled to change his plans. He is a well-known practicing physician of New York city and is known far and wide because of his writings on medical subjects for The Saturday Evening Post and other publications. It is a matter of very great regret that he found it impossible to come to Gastonia. The Gazette expects to give its readers a somewhat extended account of this meeting in Tuesday's Gazette.
