GASTONIA
 County Seat of Gaston County Af-
 ter January 1, 1911.

No. 236 Main Avenue.
PHONE NO. 50.

TUESDAY, JUNE 21, 1910

No surprise was occasioned by the announcement that the house committee on elections decided the Webb-Smith contest in favor of Mr. Webb, the Democratic congressman from this district. The contest was the flimsiest kind of a farce anyway. "Jno a." as our friend Swan, of The Madison County Record puts him down, did not, we presume, ever expect to win.

Ex-President Roosevelt returned to the United States Saturday from his long hunting trip in South Africa and his triumphal tour of other countries. The ovation tendered him in New York on his landing, must certainly have "dee-lighted" the Strenuous One and filled his heart with gladness. Between this notable event, the marriage yesterday of Theodore, Jr. (which was a big society event in the metropolis) and the fact that the Colonel has already settled down to his desk to grind out copy by the cord for The Outlook, of which he is associate editor, the public is guaranteed a surfeit of Roosevelt matter in the daily papers, the country weeklies and the magazines. He has lost none of his value as a journalistic asset.

In Mecklenburg Superior Court last Thursday Robert and Henry Harris were acquitted of the murder of Henry Simpson, the plea being self defense. The verdict brought forth considerable adverse criticism.

Opening Indian Graves.
 Lexington Dispatch.
 Dr. J. W. McNeill, of Lumberton, and Prof. Charles Peabody, of Harvard, have been excavating Indian mounds in Cumberland county. Six miles from Hope Mills is a mound 30 feet wide and 30 feet long, evidently the burial place of a large number of Indians, and a half dozen workmen were engaged to dig into it. A number of skulls and other bones have been found, and it is thought as many as 150 bodies were interred there, perhaps after some battle between the savages long before the white man set foot on the shores of the new world. In one of the skulls a tomahawk was still imbedded and arrows were found in the skeletons.

 Says All the World Will be Crazy in 2165.

In 265 years this world will be one vast insane asylum, declared D. G. H. Kellogg, of Battle Creek Michigan, at Boston, Thursday.

Then he stepped aside to permit the doctors of this "seat of culture" to engage in a warm wrangle over his statement, and most of them intimated that Kellogg himself should go to a "nut specialist" and have his head examined.

"Physical degeneracy and chronic diseases are increasing," declared Kellogg "and insanity has increased 100 per cent in 50 years. This is due to degeneracy originating from our manner of living. Only three women out of four nurse their infants owing to physical degeneracy, which makes it impossible, and 75 per cent. of the bottle-fed babies die before they are a year old.

The increasing use of tea, coffee, tobacco and alcohol spells the end of a sane human race."

Didn't Waste Time.
 "My father," said Chauncey M. Depew, "was a frugal and saving man. He never approved of the waste of anything, including time.

"One night he went to a prayer meeting. The brethren were backward. After a wait of a quarter of an hour my father arose and said: 'It's a shame to waste all this valuable time. Will not some brother tell his experience?'"

"No one rose, and my father continued: 'Will some one lead us in prayer?'"

"There was no response to this appeal and my father said: 'In that case I will improve the time by making a few observations on the tariff.'"

CRESCENT THEATRE TO CHARLOTTE.

To Our Many Friends and Patrons: We will have the pleasure only a few more days of being with you in the moving picture show business in Gastonia. We take the greatest of pleasure to thank you one and all for your kind and liberal patronage during our 19 months with you. It was our intention to open a first-class moving picture show here but we were disappointed in getting a desirable room. So we had to abandon that idea. We have leased a nice room, No. 221 West Trade street, Charlotte, N. C., and will be more than pleased to see all our friends visit our show while they are in the city of Charlotte. We will continue to show first-class pictures on up to July 2nd, which will be our last day and night here, and will be pleased to see as many of our friends and patrons come out every night as can come. Remember, two extra fine reels for Friday. Admission 10 cents.

 Within a short time the Southern will place five new passenger engines, of the newest model, on the Asheville division. The engines are of the 1200 series, weigh 90 tons each and have 58-inch driving wheels—about as large wheels as are seen in these parts. NASAL CATARRH.
 Henry L. Britton Says It Is Easy to Get Rid of.
 "My head, nose and glands leading to my eyes and nose were stopped up and swollen. I tried several so-called catarrh cures, but Hyomei, used thoroughly did the curing. There is nothing too good to say in favor of Hyomei. It cured my nasal catarrh."—Henry L. Britton, Frost St., Eaton Rapids, Mich.
 Hyomei, (pronounced High-o-me) cures catarrh, because it gets where the germs are, and destroys them. It is made of Australian eucalyptus, mixed with other healing antiseptics. When breathed over the irritated and inflamed membrane, it gives relief in two minutes.
 Used regularly for a week it will build up and heal the germ infested membrane and drive out catarrh.
 If you own a small Hyomei pocket inhaler, you can get a bottle of Hyomei at druggists everywhere, or at J. H. Kennedy & Co's. for only 50 cents. If you do not own a Hyomei inhaler, ask for a complete outfit, the price is \$1.00. It is guaranteed to cure catarrh, coughs, colds, croup or sore throat or money back.

Newspaper Homes.
 Charlotte Chronicle.
 A pleasing evidence of the growing prosperity of the newspapers in North Carolina is to be seen in the fact that they are going into the business of building homes of their own. The Monroe Journal is to have a new self-owned office building and, we believe, work has commenced on it. Mr. McClammy, owner of The Wilmington Evening Dispatch, has given the contract for a modern home for that newspaper. The Concord Times sometime ago bought a corner lot and has plans under way for an office building. The Lenoir News owns a fine newspaper home and The Greensboro Record is well fixed in that respect. The Observer Company owns the biggest office home in the State and one of the biggest in the South, but for some time past has been crowding off the lid.
