CORTRIGHT METAL SHINGLES

WHEN Cortright Metal Shingles were first introduced (24 years ago) you had some excuse for being sceptical: But now— If you are sceptical it can only be because you do not know the facts in the case. They are used today from the Atlantic to the Pacific for all kinds of buildings, under all conditions. They are fireproof, stormproof; never leak and last as long as the building itself without needing repairs. For further detailed information apply to

Dr. John M. Faison Nominated. In the congressional convention at Goldsboro at 7 o'clock Wednesday morning Dr. John M. Faison, of Faison, Duplin county, was nominated as the Democratic candidate for Congress in the third district to succeed Congressman Charles R. Thomas. Five hundred and sixty seven ballots were taken. One hundred and thirteen votes were necessary for nomination and Dr. Faison received 122. At no time during the convention was it believed that Congressman Thomas would be renominated. It was thought, however, that Mr. George E. Hood, of Wayne, would be the nominee. Dr. Faison is well-

known over the State as a Democratic politician and his nomination means election.
