OFFICIAL WHITEWASH.

That's What Mr. Ballinger is to Get, It Seems—Secretary of Interior to be Exonerated and Pinchot Will be Condemned.

An Associated Press dispatch from Chicago to the afternoon papers of Monday says, in part:

According to a special story in the Chicago Tribune today under a Washington date line, Secretary R. A. Ballinger will be exonerated by a majority report of the joint congressional committee which for five months has been making an exhaustive investigation of the conduct of the affairs of the interior and of the bureau of forestry of the department of agriculture.

The investigators who concur in the majority report which carries a condemnation of the course of former chief forester Pinchot, J. R. Garfield and Louis R. Glavis, according to the Tribune story are Senators Nelson, Flint, Sutherland and Root and Representatives McCall, Denby and Olmsted. It also is declared that a minority report will be filed declaring Secretary Ballinger guilty of the charges made against him, to which the signatures of Representatives Madison, James and Graham will be attached.

The majority report is said to find Secretary Ballinger acted within the record and displayed proper judgment with respect to the Cullingham coal claims; that he was wise, honest and conservative in his actions and that he was justified in his criticism of the reclamation service and his abandonment of the policy of Secretary James R. Garfield.

WHY SALVES FAIL TO CURE ECZEMA.

Scientists are now agreed that the eczema germs are lodged not in the outer skin or epidermis, but in the inner skin. Hence, a penetrating liquid is required, not an outward salve that clogs the pores.

We recommend to all eczema patients the standard prescription Oil of Wintergreen as compounded in liquid form known as D. D. D. Prescription. A trial bottle of this D. D. D. Prescription, at only 25 cents, will instantly relieve the itch.

THE OLD MILL.

The rays of the morning sunshine Were fanned by a gentle breeze; And glad were the voices ringing Under the spreading trees.

And as Bessie and I were treading A path toward the foot of the hill, We suddenly came to the entrance Of an old neglected mill.

Then we turned to the left our footsteps, Pausing to rest on a cool, gray stone, And gazed again at the structure Which seemed to say, 'I'm alone.

But I feel there is yet work for me, If men were but willing to Turn to my aid the water Which now has nothing to do,

Then I looked at the mill and wondered If the hands that had made it new, Were still busy with life's duties, Or like it, were silent too.

A CURE FOR ECZEMA.

Many people who have eczema and have tried repeatedly to be cured without obtaining the desired result will be interested in the following statement by Mrs. Jas. E. Blair, of Boston, Mass.

"My daughter has suffered from birth (for twenty years,) from eczema, and had tried many so-called cures and dozens of physicians' prescriptions with little or no relief until I was advised to have her try Bloodine and Bloodine Ointment, and I am thankful today to be able to inform you that she has been entirely cured after using six bottles of Bloodine and four boxes of Bloodine Ointment."

What Mrs. Blair says is enough to convince the most skeptical that Bloodine and Bloodine Ointment used together will positively cure any case of eczema. Bloodine costs but fifty cents a bottle, six bottles for two dollars and a half. Bloodine Liver Pills cure constipation. Mail orders filled by Bloodine Corporation, Boston, Mass.

is the oldest (43 years) and first Business College in Virginia and second in the South to own its building—one of the finest in Richmond. It is thus financially anchored, while its long and honorable record in preparing young men and women successfully for business, induces such statements as the following:

"DEAR FERRY: Your letter received. I have this a. m. been some of the business colleges and I wouldn't advise you to go to any except the Smithdeal. It is so much more widely and favorably known than any other that it would be worth it if it cost a great deal more, which it does not. Its graduates find positions when those from other schools go begging."

"I could have gotten a scholarship at another business college in Richmond for half what it cost me at the Smithdeal, although the regular rates of all the business colleges in Richmond are about the same. When I reached Richmond, I inquired of several business men for the best business college in the city, and without exception they all recommended Smithdeal as the best."

WILLIAM E. ROSS, Law Stenographer and Lawyer, Bluefield, W. Va.

Kind but firm discipline; thorough, individual instruction by scholarly and experienced teachers (four of whom are authors of valuable books), are additional reasons why this college has been steadily advancing, while several similar schools have failed in Richmond.
