SPECIAL NOTICES

LADIES LOOK

Do you cut your own stencil patterns? It's much cheaper than buying them already cut and you can find more desirable designs. We have the stencil cardboard, 20x24 inches, at 25 cents a sheet. Also carbon paper about same size for 10 cents a sheet.

GAZETTE PUB. CO.
236 W. Main Ave.
Phone 50.

R. F. D. ENVELOPES.
People living on rural free delivery routes should use return envelopes; it is safer and insures return of your letters if addressees don't get them. We have them printed for every route in Gaston county; good quality of envelope, the kind you pay 10 cents per package of 25 for at the stores blank. Only 30 cents per 100. Mail orders receive prompt attention. Use them once, you'll keep it up. Gazette Publishing Company, No. 236 Main Avenue, Gastonia, N. C.

Important Word to Advertisers

We wish to remind advertisers that copy for change of advertisements in The Gazette must be in this office not later than 3 a. m. on Tuesdays and Fridays in order to be sure of insertion in the papers of those days. Otherwise we cannot insure insertion. When it comes in later than this it is impos-

ble to give it the proper attention if it can be handled at all. Advertisers who get their copy in by noon on Mondays and Thursdays will secure better displays and more satisfactory service in every way as we will then have more time to devote to them. It is as much to the advertiser's interest as it is to ours to have a neat, well-displayed, correct advertisement and to this end we ask your cooperation by getting copy in early and giving us sufficient time in which to properly handle it. New business will, of course, be handled as well as possible and as late as possible before going to press. Penny column advertisements can be handled as late as 1 p. m. on Tuesdays and Fridays. These regulations are necessary because of the constantly increasing demand on The Gazette's advertising department. Mr. Advertiser: Help us to give you the best possible results by giving us plenty of time on your copy.

Grand Excursion to Portsmouth-Norfolk, Via Seaboard Air Line, August 2nd, 1910, Pullman Sleepers.

The Seaboard Air Line is going to operate their annual excursion to Portsmouth-Norfolk August 2. This is the grandest excursion of the season and every one should take advantage of it; the rates are very low and the accommodations are the very best. Pullman sleepers on this train berth rate \$2.50 each way, two can occupy berth at same rate. Reservations should be made early by writing to James Ker, Jr., T. P. A., Charlotte, N. C. Persons from west of Charlotte will use train 132 into Charlotte and special train from from there. Special leaves Charlotte 8:30 p. m.; this train arrives at Portsmouth 10:30 a. m., third; leaves Portsmouth returning, August 4th. This train will make a fast run in both directions. The rate from Charlotte for the round trip is only \$4.50, and accordingly low rates from all stations from Rutherfordton to Hamlet, Clarkton to Hamlet, Chester to Monroe, Hamlet to Cary; for further information call on your nearest agent or write the undersigned. Make your reservations early.

Let wonderful WASHWAX do your family washing; saves rubbing and saves the clothes; makes them clean, sweet and snowy white. WASHWAX is a new scientific compound that washes in hot or cold water without the use of soap. It is entirely harmless and different from anything you have ever used. Send ten cents stamps today for regular size by mail. You will be glad you tried it. Agents wanted to introduce WASHWAX everywhere. Address Washwax Co., St. Louis, Mo.

Tent Meeting.
A tent meeting, under the direction of the Presbyterian church, will be begun tomorrow (Wednesday) evening at 8 o'clock near the Modena Mill and will continue through the following Sunday week, August 7th. The preaching will be done by Rev. G. W. Belk, a well-known Presbyterian minister, who is serving for three or four months as evangelist for Kings Mountain Presbytery. Services will be held each night and the public is cordially invited to attend.

CATARRH GOES.

So Does Sore Throat, Bronchitis, Croup and Asthma.
You can easily tell by reading the symptoms below, whether you have catarrh or not:
Offensive breath, frequent sneezing, discharge from the nose, stoppage of the nose, huskiness of the voice, tickling in throat, droppings in throat, a cough, pain in chest, loss of strength, variable appetite, spasms of coughing, low spirited at times, raising of mucus, difficulty in breathing, loss of vital force.
J. H. Kennedy & Co. have a sensible remedy (money back if it fails) for catarrh, called Hyomei (pronounced High-o-me) which is a vaporized air, so antiseptic, that when it is breathed over the inflamed and germ-infested membrane, it kills all germ life, gives relief in two minutes, and cures catarrh.
The price, including hard rubber inhaler, is only \$1.00. The hard rubber pocket inhaler will last a lifetime, so that should you need a second bottle of Hyomei, you can get it for 50 cents. 26-A9.

Our Health Department

CITIZENSHIP AND PUBLIC HEALTH.

Responsibility for Public Health Our Greatest Civic Responsibility.

The essential difference between the citizen and the savage is the expression in his daily routine by the former of the principle, "No man liveth unto himself." This biblical axiom is the basis of civilization, because it expresses a relation that law defines and controls. It naturally follows that the clearer our mental perception, the more distinctly will we recognize the many and subtle bonds that unite our fortunes or our fates into a web of weal or woe. Knowledge gives acuteness of mental vision, and, therefore, it is knowledge that opens the gates of a higher civilization and gives to him who desires the opportunity to become a better citizen.

The relation of one man's property to another's is easily recognized, and is firmly established upon universally accepted principles of civil law. The relation of one man's life to another's has only within the last half century been established upon principles of natural law. But, as yet, the knowledge of these natural laws has not been widely enough disseminated to produce sufficient sentiment to weld them into our statutes.

Man's greatest civic obligations is to the public health. This sounds like the exaggeration of an enthusiast. Nevertheless, it rests upon those primary and fundamental principles of law that for over four thousand years have been the basis of civilization. Write in tables of stone by the Supreme Judge Himself these legal principles are so comprehensive as to embrace man's every possible relation: His relation to the Court of Heaven; his relation to the court of home, and his relation to the court of man. But note, and note carefully, that the first of the five rules governing man's relation to man is the law protecting life. First, not by haphazard, but first by Omnicient design, because it is just as fundamental to the last four of the five laws as life is fundamental to chastity, property, reputation, and neighborly comfort. Note further, that "Thou shalt not kill" carries no provisions limiting its application to the 5,000 deaths occurring annually in the United States through willful acts of commission, and excluding the 500,000 deaths annually occurring in our country by an act of passive omission. Every citizen who does not take a serious interest in the public health of his or her community is a partisan to this criminal destruction of life. Like Lady Macbeth dipping her bloody hands in water, we say, "Out! damned spot," but it will not out, for all the real and feigned ignorance and indifference into which we submerge our individual and public consciences.

And now, lastly, how can the conscientious citizen—this does not include everybody—discharge this obligation? He can easily inform himself, with a total amount of reading of not over ten hours, of the principal facts which will enable one to take an active and intelligent part in this work. He can be supplied, without cost, with this literature by writing the Secretary of the State Board of Health at Raleigh to place his or her name on the mailing list for the monthly Bulletin. He can read articles on this subject appearing in this paper monthly. He can vote for aldermen, county commissioners, and legislators who are informed in regard to this important problem.

North Carolina Gems at Spruce Pine. Charlotte News, 19th.
Messrs. Wolfe Brothers are today sending to New York to be cut and polished some fine native North Carolina gems which were found at Spruce Pine. The region about Spruce Pine on the new Carolina & Clinchfield Railroad yields nearly every kind of gem known. In the collection which was sent off today by the local jewelers were beautiful specimens of topaz, garnet, golden beryl, aquamarine, amethyst and rhodolite. In this same region are found some of the clearest and most perfect diamonds in the world and the mining of these different gems has become quite an industry in that section, together with the mining of monazite, of which North Carolina supplies a large part of the world's supply.

FARMERS INSTITUTES.

Get Your Neighborhood to work and Prepare for the Best Meetings You Have Ever Had.

The Progressive Farmer and Gazette, June 25, 1910.

Messrs. Editors: The summer months are near at hand and so is the time for beginning our Farmers' Institutes. Already letters are coming in from committeemen giving us glimpses of what we may expect at their respective institutes. A letter just received from the mayor of Star, in Montgomery county, announces that if we will hold an institute at that place the merchants will take the matter in hand, advertise the meeting and give us an attendance of a thousand people. A letter from Mr. W. B. Upchurch, Chmn., and C. F. Williams, Sec'ry., says of the prospective institute at Green Level: "We are planning to have the biggest institute ever held in Wake county. We had several prizes to offer for the best prepared food, for the best bread, cakes, etc. We want the lady members of the institute party for the judges. We are also going to offer prizes for good stock. We want to encourage better cooking, better farming and the raising of more and better live stock." What community in North Carolina will propose to do better than the Green Level people? We want this same spirit and determination to prevail in every part of the State.

There has just come to hand the report of the Farmers' Institutes of the Province of Ontario, Canada. Down South we have been regarding that section as a cold country without agricultural possibilities. But we have misjudged her. The report shows that there were held in that Province last year 224 regular farmers' institutes, and 418 supplementary meetings, with attendance as follows:

Regular and supplementary meetings.—Farmers' Institutes, 121,323; Women's Institutes, 116,493. Special Institutes.—Fruit Institutes, 5,565; Local Poultry Shows, 5,750; Poultry Institutes, 1,221; Seed and Live Stock Judging Classes, 14,300; Seed and Drainage Meetings, 863; Factory and Creamery Meetings, 20,418. Total attendance, 286,032.

Evidently the people attend the institute meetings in that Province. The attendance at similar meetings in North Carolina last year was considerably less than 50,000. Let us do better in North Carolina from now on.

The subjects discussed at their institutes were very similar to those discussed at ours.

There is but one way for us to get anything out of an institute, and that is to attend it; and then to get the most out of it we must make ourselves a part of it. Take an interest in it, ask questions, draw out the speakers, and in every way possible make the meeting interesting and profitable.

We want the largest attendance and the best institutes this summer that we have ever had. The success of the institutes lies in the hands of the people who attend them. Let us all do our part toward making them successful.

T. B. PARKER,
Director Farmers' Institutes.

Fred Thompson, aged 18, of Mt. Gilead, who was running as an extra trainman on the A. & A. Railroad, was killed Saturday near Miscoe in an accident.

FASCINATING HAIR.

Every Woman Who Uses Parisian Sage Has Plenty of It.

Women who desire plenty of beautiful hair with a brilliance and luxuriance that cannot fail to command admiration, should begin using Parisian Sage at once.

Parisian Sage will greatly improve the attractiveness of any person's hair in a few days. It will do more: it will rid the scalp of every particle of disgusting dandruff; it will stop falling hair and itching scalp, or money back.

It cools and refreshes the scalp in summer, and removes every trace of the odor arising from perspiration in a few minutes.

Parisian Sage is a daintily perfumed preparation, delightfully refreshing, and free from grease or stickiness. It will make hair grow and prevent it from turning gray.

Sold by druggists everywhere, and by J. H. Kennedy & Co. for 50 cents a large bottle. Mail orders filled, all charges prepaid by the American makers, Giroux Mfg. Co., Buffalo, N. Y.

"In the time I have used Parisian Sage I have found it very satisfactory both as a grower and dandruff cure."—Miss Ada B. Bratt, Hoosick, N. Y., Mar. 23, 1910. J19-26

HOW ABOUT That Old BUGGY?

It still has lots of good wear in it, but looks battered and worn because the paint has all worn off. Have it painted over and get another year's use out of it. We can make it look new and attractive at a small cost. Our painters and repairers are expert workmen and we guarantee a first class job. Even if you are not ready yet to have the work done drop in and let us give you a price. You will be surprised to find it will cost you so little. Why put it off longer?
