—Elsewhere in this issue will be found a large advertisement of the auction sale of lots by Mr. S. N. Boyce, executor of the I. N. Davis estate. Next Tuesday, the 9th, is the date. —The Bulletin of the North Carolina Board of Health for June just issued records six deaths for Gastonia during that month, the temporary annual death rate per 1,000 being 7.4. Out of 64 towns from which reports are published only six show a smaller death rate than Gastonia, these being Morganton, Newton, Randleman, Rockingham, Shelby and Waynesville. The highest death rate recorded is 37 per cent.

—The four prisoners confined in the county jail at Dallas awaiting trial at the September term of court

for minor offenses came near making their escape yesterday afternoon. Tuesday the steel cells in the jail were removed and brought to Gastonia to be placed in the new jail, hence the prisoners were held by nothing but brick walls. When their attempt to escape was discovered they had cut a hole through the outer wall and in a short time it would have been sufficiently large to let them out. Fortunately they were caught in the act and placed in handcuffs and chains.

—Elsewhere in today's Gazette will be found an advertisement in which taxpayers are notified that the county commissioners have authorized Mr. A. J. Smith to accept tax returns up to and including August 15 and after that date every person who has not made his return will be double taxed and that without recourse. Heretofore it has not infrequently happened that a taxpayer would carelessly let the time for listing his property slip by, then appear before the board and ask that he be not double-taxed. The board has been very lenient in this respect in the past but we understand that they intend to enforce the law strictly with reference to double-taxing. Better see that you're on the books before the 15th.

Up in the clouds there may be better Stoves and Ranges than ours, but we don't believe it and haven't the time to go up to see. Gastonia Furniture Company.

REAL ESTATE IF—
the Subject is Real Estate

Talk With Haithcock

I have made arrangements with T. M. Belk, the real estate man of Lancaster, S. C., to handle any lands or property that may be for sale in this section. So if you have anything you want sold I shall be glad to advertise it and sell same on a small commission—no sale no pay. If you have a lot or tract of land close in and suitable for an auction sale, or a large plantation that can be cut up and sold better in small tracts, T. M. Belk, who is also a practical surveyor, will gladly inspect same and tell you how to get the most money out of your property. If you have anything for sale write, phone or call on me.
