**REAL ESTATE**

I have made arrangements with T. M. Belk, the real estate man of Lancaster, S. C., to handle any lands or property that may be for sale in this section. So if you have anything you want sold I shall be glad to advertise it and sell same on a small commission—no sale no pay.

If you have a lot or tract of land close in and suitable for an auction sale, or a large plantation that can be cut up and sold better in small tracts, T. M. Belk, who is also a practical surveyor, will gladly inspect same and tell you how to get the most money out of your property.

If you have anything for sale write, phone or call on me. A26.

**Why They Vote the Republican Ticket.**

Wilmington Star. The "malefactors of great wealth" vote the Republican ticket, not that they love the Republican party for its beauty and goodness, but because it stands for a tariff which fattens "Big Business."

**WOMEN IN THE WAR.**

Over a Million of Them Are to Fight Consumption in Every State of the Union.

What women have done in the past four years in the campaign against tuberculosis, is discussed in an interesting report issued today by the National Association for the Study and Prevention of Tuberculosis.

Four years ago the only active women workers in the anti-tuberculosis movement were a little group of about thirty women's clubs. Today 800,000 women under the Health Department of the General Federation of Women's Clubs in every State and territory of the United States are banded together against this disease, and more than 2,000 clubs are taking a special interest in the crusade. Not less than \$500,000 is raised annually by them for tuberculosis work, besides millions that are secured through their efforts in state and municipal appropriations. Mrs. Rufus P. Williams is the chairman of the department that directs this work.

In addition to the work of the General Federation of Women's Clubs, the Public Health Education Committee of the American Medical Association, composed largely of women physicians has carried on an educational campaign of lectures during the past year in which thousands have been reached. The Mothers' Congress, the Young Women's Christian Association, and many unattached clubs bring the number of women united in the tuberculosis war to well over a million. There is not a state in the union where some work has not been done.

Through the activity of women, sanatoria and hospitals for the treatment of tuberculosis have been erected; travelling libraries have been circulated, posters, circulars and other kinds of literature have been distributed to the number of millions of pieces; thousands of lectures have been given, large sums of money have been secured, hundreds of needy cases have been helped; tuberculosis work has been started in many communities where no movement had existed; and millions of women have learned the dangers and methods of prevention of tuberculosis.

The work of the women extends from the drawing room of the rich to the homes of the poor, and embraces all classes, including the factory girl and millionaire. During the coming year a special campaign of lectures to women will be carried on in all parts of the United States.

**The Cheapest Kind of Politics.**

Statesville Landmark. Mr. S. S. McNinch, the recent convert to Republicanism who has been honored with his party's nomination for Congress in the ninth district, has made public the following letter from Mr. Roosevelt, addressed to "My Dear Mr. McNinch":

"I wish I could do as you suggest, but you have no conception of the multitude of demands upon me. \* \* \* Since writing the above, I have received your letter from Mr. Loeb. Indeed, my dear sir, I remember you well. You are one of the men in whom I believe."

The same being signed "yours faithfully, Theodore Roosevelt," has been published as an endorsement of Mr. McNinch. The letter, as the contents show, was written in reply to a request for Mr. Roosevelt to make a speech in the ninth for Mr. McNinch, which requests Mr. Roosevelt declined. The publication of the letter is puerile and the cheapest sort of politics. Any Republican candidate for Congress can write a similar letter and get a similar reply. There is nothing in the incident to show any special consideration for McNinch on the part of Roosevelt. When Mr. Roosevelt was President he even showed special consideration for Spencer Blackburn—for a time.

**Editor of Progressive Farmer to Circle the Globe.**

Raleigh, Aug. 3.—August 23d, Editor Clarence Poe, of The Progressive Farmer, will sail from San Francisco for a tour around the world, during which he says he expects to have his eyes especially open for every lesson the South can learn from distant countries in matters of agriculture, manufacturing, race and political problems, conservation, religious unrest and commercial opportunities. He will visit especially Japan, China, the Philippines, India, the Holy Land and Egypt. He expects to reach Raleigh on the return some time in January.

**ADDING 4,000 SPINDLES.**

Equipment of Harden Mills Being Enlarged—A Marriage—Some Road Talk—Local and Personal News of Worth.

Correspondence of The Gazette.

WORTH, Aug. 8.—Last Sunday, the 31st of July, the Church of the Resurrection was dedicated to the Lord by the Lutherans at this place. Rev. P. D. Risinger, the pastor, and Rev. Mr. Deaton, of Hickory, officiating. A very large congregation was present and the church was seated to its fullest capacity. Recently the church has undergone repairs, being repainted and carpeted together with the new pulpit recently put in, makes the church very pretty inside. The people at this place are very generous in giving to good religious causes and now they have a place to worship in that is appreciated.

Rev. J. M. Senter, pastor in charge of St. Paul's Lutheran church near here, is in Hickory in the interest of church business.

A surprise wedding to the people of this community was solemnized last Sunday morning at the residence of Mr. D. A. Garrison, whose daughter was married to Mr. Miller Abernethy, a young man living at the home of Mr. Garrison. Rev. Risinger officiating. The bride and groom are good people and their many friends are congratulating them on the happy event.

Messrs. Earl and Worth Carpenter, accompanied by Mr. Frank Thornburg, went to Blowing Rock Saturday in an automobile.—Mr. T. L. Ware, county road supervisor, paid us a pleasant visit Friday.—The county commissioners are having a public road laid off from Mr. Sam Wilson's to Harden. The old road-bed is so bad and hilly they have decided to make another road-bed which no doubt will be appreciated, as the road is the most rugged in the county. If any part of the county needs a road that ought to be put in better condition it is the one from Harden to Dallas. We are glad the commissioners are taking this step and we feel their work in this community will be appreciated. Mr. Eli Costner is looking after the road under the supervision of Mr. Ware. The road which is and has been under way for quite a while to be macadamized to the river from Dallas should be turned at Mr. Wilson's and run to Harden Mills, as a great deal more travel is made by Harden Mills than by the old Vestal's Ford road. The bridge across the South Fork at Harden is a double-track bridge, while the bridge at Vestal's Ford is single. The bridge at Harden Mills is a substantial construction and has cement pillars and is above high water mark. Both bridges are above high water. If a thorough investigation is made there is no doubt that the road would be changed from Mr. Wilson's to Harden instead of to Vestal's Ford. The way the river runs and the way the people are located in the community the road by Harden Mills would be a far greater convenience to the public than the other route. The people above Harden Mills could get a nearer point to the macadam than any other place. The people north and northeast of Vestal's Ford now have a road nearer to Hoyle's bridge than the one to Vestal's Ford. Making a road to Vestal's Ford bridge the people north and northeast would have two macadam roads within one to two miles while the people at Harden and north would have three to four miles, the best that could be done, to the nearest place to tap the road if none was at Harden Mills and one at Vestal's Ford.

Mr. and Mrs. George Whitesides, of Southside, are at Mr. William Huggins', whose little boy is sick with fever.—Mr. John Thornburg, of Cleveland, is visiting friends and relatives in this community.

Worth Carpenter killed a mother snake last week and Dr. Miles Summey performed an operation, taking 50 little snakes from her. Worth has the little ones bottled in alcohol ready to send to the State museum. How is that for snakes? This is no Kansas snake story.

Yes, there is no doubt, in spite of the constant grumbling, that we are certainly having a prosperous period, regardless of the fact that the mills are hit so heavy. The farm products are in abundance and they are cheap enough, all except cotton, and it would be cheap enough if there was enough margin in the manufacturing business to keep the mills running.

Mr. O. D. Carpenter is adding 4,000 more spindles to his mill. While the mill business is not so good now he has faith in the future.

Mr. Calvin Mason, the miller in charge of the flour mills here, says he finds the wheat to be better than for years and more of it. Mr. Mason says he is making flour now as good as the best patent and more

healthy.

Mr. M. A. Rutledge received the sad intelligence last week that his son, Vance, in Texas is in very poor health.

Cotton and corn is beginning to look flourishing in this community. Mr. R. S. Withers' little boy, who has been seriously sick for quite a while, is now improving, we are glad to state.—Mrs. Albert Bolick and two little boys are visiting Mr. R. S. Withers.

Yesterday as your correspondent was standing near the public highway his eyes met a string of vehicles going down the road at a pretty lively gait and instantly wanted to know what all that meant. The information was that Grady Friday and Miss Vassie Plonk were going to Esquire Friday's to get married. But when they reached the Squire's home they found that he was not there so the parties changed their minds and drove to Philadelphia where Rev. P. D. Risinger, of Dallas, was holding services and there they obtained the services of the minister who joined the popular young couple in the bonds of holy wedlock. Grady is a son of Mr. A. L. Friday and the bride is a daughter of Mr. and Mrs. Cas Plonk. The happy young couple have many friends who wish them well as they journey along life's pathway. At present they are making their home with the groom's father. May joy and peace be their lot.

**Unsuccessful Merchants.**

Newbern Sun. There are a great many merchants who stay in business year after year, managing to exist and make a scanty living, but who do not seem to branch out, or increase their business. Others fall by the wayside and go out of business altogether. In many of these cases you will find that these standstill merchants are those who do not advertise, but merely believe that by putting out a sign customers will flock to them. This is not the case in the twentieth century. The man who gets the business, and whose business increases year after year, is the one who goes after business, who lets people know that he is in business. Take John Wanamaker for instance. He is one of the largest merchants in the United States and he is a believer in printers ink. Take the American Tobacco Company and other large manufacturing and they spend millions every year advertising their products. In a recent speech former vice-president Fairbanks speaking of advertising said, "Does advertising pay?" has been the theme of numerous and labored utterances, and there are no doubt remote and obscure corners of the country where it is still a vital, living question, but as a rule, it has become academic, and many of the successes we witness in the market place have been achieved by the fullest recognition in practice of the affirmative of the proposition. The best advertiser and the best merchant are synonymous, and the poorest advertiser is usually the one who finds himself in a court of bankruptcy." Great men realize the value of advertising, the sooner the merchants who do not believe in it wake up, the better it will be for their bank accounts.

—Miss Juanita Starrette, of Mooresville, is visiting her sister, Mrs. F. P. Rockett.

**WHO WANTS HAIR?**

Who Wants to Get Rid of Dandruff? Read These Letters.

On March 25, 1910, E. A. Widman, 8 Norfolk St., Newark, N. J., wrote: "My hair was falling out and my head was full of dandruff. Since using Parisian Sage the dandruff has disappeared and now have quite a growth of new hair."

On April 2, 1910, Mrs. R. M. Worden, 5 St. James Ave., Holyoke, Mass., wrote: "Parisian Sage is the best hair dressing I ever used. It gave my hair life and a gloss which no other dressing ever did, besides stopping it from falling out. It is the only dressing for up-to-date women."

March 24, 1910, Mrs. J. C. Ketcham, 4 Chester place, Bangor, Me., wrote: "My husband, J. G. Ketcham, was troubled with dandruff which caused his hair to fall out, and your Parisian Sage has freed the scalp from dandruff and given a natural gloss to the hair. No money could persuade him to be without it."

Parisian Sage is guaranteed by J. H. Kennedy & Co. to cure dandruff, stop falling hair and itching scalp in two weeks, or money back. It makes hair grow lustrous and luxuriant. It is a delightfully refreshing hair dressing, cooling the scalp, and will immediately banish all odors. Large bottle 50 cents at druggists everywhere, and at J. H. Kennedy & Co's. A5-12.
