COMMISSIONER'S SALE OF VALUABLE FARMING LANDS.

By virtue of a decree of the Superior Court of Gaston County, North Carolina, made this day, in the special proceeding entitled "Mary J. F. Abernethy, Administratrix of the estate of Robert L. Abernethy, deceased, versus Reuben F. Abernethy and others," I will offer for sale to the highest bidder at public auction, at the Court House door in Dallas, at noon, on

MONDAY, SEPTEMBER 19, 1910, all the lands belonging to the estate of the late Colonel Robert L. Abernethy, situate in River Bend township, Gaston County, North Carolina, adjoining the lands of W. B. Hipp, Ed Lee, Cannon, Farrar, Underwood and the Catawba Electric Power & Manufacturing Co., on both sides of the public macadam road leading from Mount Holly to Lucia, containing 233 acres, more or less and

known as

"OPEN VIEW FARM."

This valuable farm has been subdivided into three tracts, containing 95 acres, 62 acres and 77 2-3 acres and will be offered for sale separately and as a whole and whichever bid or bids is most advantageous will be reported to the Court.

The 77 2-3 acre tract has been allotted to the widow as her dower, and, if necessary to sell it to make sufficient assets to pay the debts, the same will be offered for sale subject to her life estate.

Terms of sale: One-third of the purchase price to be paid in cash and the balance in two equal installments on a credit of six and twelve months, deferred payments to bear interest from date of sale, with privilege to the purchasers to pay all cash, title and possession reserved until the entire price is paid.

The lands will be shown to prospective bidders upon application to the undersigned on the premises.

This August 12th, 1910.

MARY J. F. ABERNETHY, Commissioner.

SALE OF TOWN LOT.

THE STOWAWAY.

(Continued from page 2.)

Verity an' me talked it over last Sunday p. m."

"To avoid a marriage!" repeated Hozler.

"Yes, that's it," said Coke. "But look ere, me boy, this gal salls under my flag. I'm—wot d'ye call it?—in locomotive parentibus, or something of the sort, while she's on the ship's books. You keep your mouth shut an' wink the other eye an' leave it to me to give you the chanst of your life. Eh, wot?"

Philip Hozler did not strive to extract the precise meaning of the skipper's words. The process would have been difficult since Coke himself could not have supplied any reasonable analysis. Somehow, to the commander's thinking, the presence of the girl seemed to make easier the casting away of the ship. Exactly how or what bearing her strangely begun voyage might have on subsequent events he was not yet in a position to say.

"Queenstown!" he chuckled. "Not this journey—not if my name's Jimmie Coke, the man 'oo is stannin' on all that is left of 'is 'ard earned savin'. No, sir; I've got me orders, an' I've got me letter, an' the pore old Andromeda gets ripped to pieces in the Recife or I'll know the reason why. Wot a card to play at the inquiry! Owner's niece on board bound to South America for the good of 'er health. 'Oe even 'eard of a man sendin' 'is pretty niece on a ship 'e meant to throw away? It's providential, that's wot it is, reel providential! I do believe ole Verity 'ad a 'and in it."

(To be Continued.)

Three Killed by Lightning.

A special from Asheville under date of the 23rd to The Charlotte Observer says that during an electric storm about noon Sunday on the Meadow fork of Spring creek in Madison county, some fourteen miles from Hot Springs, three men were instantly killed and several others seriously injured by a stroke of lightning which, striking the steeple of Baldwin's chapel, badly shattered the church building and threw the other occupants into a panic. The dead are Jay Baldwin, 50 years of age; Homer Yates, 22 years of age; Joe Cogdill, 18 years of age. Those seriously injured are Thomas Baldwin, B. L. Askew and Houston Raney. Raney was perhaps the most seriously injured of the three and may not recover.

Our Health Department

Other Great Sanitary Victories.

The mortality from diphtheria, once one of the most dreaded diseases, has been reduced since 1895, 80 per cent. Do you realize what this means? It means that, basing the estimate on the census reports, 100,000 lives are saved every year in the United States alone. This is due to the discovery by von Behring of antitoxin as a cure and preventive of this disease. The French and German governments gave von Behring \$50,000 as a prize, for what they considered the discovery most beneficial to man that was made between the years 1850 and 1900.

Typhoid fever has had its mortality reduced 33 per cent during the last forty years. Many cities have reduced their typhoid mortality from 45 to 98 per cent by installing filters for their public water supply. Many of these cities have still further reduced their typhoid death rate by providing intelligent dairy inspection. After a pure water and milk supply have been provided, the remaining cases will disappear just in proportion as the sanitary intelligence of the community grows. And the food for this growth must be furnished by the press and the public schools.

Tuberculosis, certainly the greatest disease problem before the world, is yielding just in proportion to the extent of the educational campaign waged against it. For example, in Germany, with its present rate of decrease continuing thirty years, the disease will be exterminated.

During the last half century the mortality from consumption or tuberculosis among the English-speaking people has dropped 49 per cent. In England and Wales from 1870 to 1906 the mortality was reduced about 60 per cent. Should the present rate of decrease in England continue forty years, that country will be free from the disease.

Prussia, in the twenty years between 1886 and 1906, has reduced her tuberculosis death rate about 45 per cent.

In five Eastern States and ten cities of the United States the tuberculosis mortality has been reduced 18 per cent since 1887. Massachusetts, the foremost State in the Union in public-health work, has reduced her tuberculosis death rate 63 per cent during the last fifty years.

Meeting of Directors.

At Rutherfordton Tuesday, September 6th, the board of directors of the Isothermal Traction Company will hold a meeting at which matters of importance will be taken up. As noted in these columns previously, it has been stated by representatives of the road that there was a strong probability that the link connecting Gastonia and Dallas would probably be built during the coming winter and there is a possibility that this matter may come up for consideration at this meeting of the board. Mr. Geo. L. McKay, the company's representative here, informs The Gazette that his company is now completing its connection arrangements with the steam railroads and that this part of the work would probably be completed this week.

FALLING HAIR

Can Easily Be Stopped, Also Dandruff and Itching Scalp.

If Parisian Sage doesn't stop falling hair, itching scalp, and eradicate dandruff in two weeks, J. H. Kennedy & Co. stands ready to refund your money without argument or red tape of any kind.

Parisian Sage will put a fascinating radiance into any woman's hair in a few days. It quickly cools the scalp and drives away all obnoxious odors.

Susanne Calahan, of Hotel Royal, Bucyrus, Ohio, on March 25, 1910, wrote: "Last August my mother's hair began to come out very badly and her scalp was so sore it was very hard to do anything for it. We decided to use Parisian Sage and it proved a GRAND SUCCESS in every way. Her hair stopped coming out, dandruff all disappeared, soreness all left the scalp and her hair is coming in again very nicely. We only used three bottles.

We recommend it to every one needing it and feel that we cannot praise Parisian Sage too highly."

Parisian Sage is sold by druggists everywhere and by J. H. Kennedy & Co. for 50 cents a large bottle. Mail orders filled, charges prepaid, by Gfroux Mfg. Co., Buffalo, N. Y.

Personals and Locals.

—Rev. Edgar Long, pastor of the Baptist church at Marion, was a business visitor in Gastonia Tuesday.

—Miss Pearl Gallant left Wednesday for Asheville to spend a week or more with friends.

—The Isothermal Traction Company has an advertisement in today's Gazette asking for sealed bids for cross ties, poles, etc. Those interested should hunt up this ad.

—Attention is called to a change in the advertisement of T. M. Belk, the real estate man, and to the fact that he will be in Gastonia on September 5th.

—Little Miss Helen Henry, who has been with Dr. D. G. Philipp's family at Linwood College, N. C., for two weeks, returned home Friday.—Chester (S. C.) Lantern, 23d.

—Mrs. H. R. Craven and little daughter, Dale, of Lexington, N. C., are the guests of Mr. and Mrs. J. H. Coffey at their home on West Airline avenue.

—Rev. J. Frank Harrelson, who has been with The Gazette for the past several months, has moved back to Cherryville, his home town, where he has accepted a position.

—Mr. and Mrs. Anzi Neely, of Lower Steele Creek, Mecklenburg county, have been the guests for the past few days of Mr. and Mrs. W. L. Gallant. They returned home yesterday.

—Mr. E. L. Pegram, formerly a citizen of Stanley, this county, but now living at Jackson Springs, offers for sale in this issue of The Gazette a fine farm of 334 acres on Drowning Creek, Moore county.

—The Gazette is requested by Rev. S. L. Cathey to state that Kings Mountain Presbytery will convene in the Presbyterian church at Mount Holly, Tuesday, September 13th, at 8 p. m.

—Mr. T. M. Belk, the real estate man of Lancaster, S. C., has listed in his advertisement in today's Gazette a number of attractive propositions. If you are interested in real estate look up his ad and read it. Mr. Belk will be in Gastonia on Monday, September 5th, and would be pleased to meet any Gastonians who have property to sell here or elsewhere or who want to buy.

—Mr. Perry Lewis, whose farm is southeast of town on the New Hope road, tells The Gazette that in his immediate section cotton has suffered considerably from the drought and the present indications point to hardly more than half an average crop. The area affected is not large, but the territory affected ordinarily produces a considerable amount of the fleecy staple. Mr. Lewis is the originator of the Lewis long-staple cotton, a history of which was published in The Gazette last winter.

—The Gazette is carrying today an advertisement of the Southern Railway in which special rates are offered to ten different towns and cities for as many special occasions on different dates. The towns and cities to which reduced rates will be available are Winston-Salem, N. C., Cincinnati, Knoxville, Richmond, New Orleans, Baltimore, Atlanta, Atlantic City, Nashville and Chattanooga. If you are interested in any of these look up the advertisement for dates, etc.

—Mr. W. L. Gallant has the contract to do the glazing for the new court house and jail and is busily engaged at it now. The plasterers have begun work on the first floor of the court house; they are nearly through work in the jail. Many visitors to Gastonia take a look at the new county buildings and the universal comment is that Gaston county is going to have, when completed, one of the very best court houses in the State. The jail also will come up to anything of its size in North Carolina.

—Elsewhere in today's paper will be found notice of a called meeting of the Y. M. C. A. to be held in the association hall Wednesday evening, September 7, at 9 o'clock to receive and accept the new charter. It is probably that a re-organization will be perfected at this meeting by the re-election of officers and trustees and the adoption of new by-laws and constitution. The call is issued by Dr. C. E. Adams, president, and Mr. W. Y. Warren, secretary. As we are informed, this does not mean that any active organization is contemplated. The new charter was obtained as a matter of legal form for the purpose of holding property which the organization owns in Gastonia.

—Uncle Joe Overrules the President Wilmington Star.

—President Taft hinted that Speaker Cannon "must go," but Uncle Joe overruled the President, denying his jurisdiction. The President might have known that he didn't have jurisdiction in the case, for a President has not the power of the "Czar."
