

A Splendid Fifty Cent Pocket Knife ABSOLUTELY FREE

Several Hundred to be Given Away During the Next Six Weeks.

The Gazette has inaugurated a vigorous and active campaign for new subscriptions and is going to spend some money to get new readers. It now has the largest subscription list any newspaper in Gaston county has ever had but there are still hundreds of people who ought to be on our list who are not.

The offer we here make is the best offer ever made by a newspaper in this part of the country. Here it is:

From now until January 1, 1911, we will give to every new subscriber who pays for one full year, \$1.50, in advance, a handsome pocket knife which does not retail for less than 50 cents anywhere and in most places is sold for 60 cents, and in addition will give them the paper free from now until January 1, 1911. It simply means we are giving you \$2.20 worth for \$1.50.

TO THE OLD SUBSCRIBERS who renew between now and January 1, 1911, we will send the paper for one year and give this handsome and useful pocket knife free. We give the old subscriber the same we do the new except in the matter of a few weeks time added to the subscription of the new reader.

The Gazette has been Gaston county's leading newspaper for more than 30 years and is still holding its own and gaining ground. It is published twice a week, Tuesdays and Fridays, eight pages each issue, and gives all the news of the town and county with state and general news condensed. It is the HOME PAPER for Gaston county people. This is the best opportunity you've ever had to subscribe.

Give your subscription to our solicitor, MR. A. E. BEAM, call in person at our office or remit by mail. In any case you will get the knife. If you are not convinced that it's a bargain—well, we'll know that you do not know a bargain when you see one.

Your Patronage Solicited

We wish to announce that we have just completed the erection of an up-to-date gin plant, consisting of three 80-saw gins, operated by electrical power. It is located near the Gray Manufacturing Co.'s mill at the intersection of the Pisgah and Kings Mountain roads and is well situated for the convenience of the farmers on these two roads. We have also erected a warehouse for handling seed and will keep a supply of cotton seed meal on hand for exchange purposes. This plant, together with the one situated at our mill, gives us a total ginning capacity of 75 bales of cotton per day, consequently we can assure our customers of the promptest and most efficient service.

Let Us Gin Your Cotton.

Champion Strong Man Dead.

Lynn, Mass., Nov. 15.—Charles Orrin Breed of this city, formerly world's amateur champion strong man, and one of the most prominent Methodist Episcopal laymen in New England, dropped dead from heart disease today. Mr. Breed was 54 years old. As a young man he became famous for his extraordinary strength and traveled throughout the country giving exhibitions of muscular prowess, meeting strong men everywhere and never once being defeated in strength tests. It is said of him that he could lift a barrel of flour and hold it at arm's length above his head.

Eugene Belvin, the three-year-old son of Deputy Sheriff E. G. Belvin, of Durham, choked to death Tuesday while eating a raw potato.

LOST HER HAIR.

Woman Almost Baldheaded Grew Four Inches of Hair.

Here is a piece of live news from Browntown, Minn., that ought to interest skeptical men and women readers of The Gazette who are losing their hair or have dandruff or itching scalp.

Remember that J. H. Kennedy & Co. sell Parisian Sage under a positive guarantee to stop falling hair and itching scalp and eradicate dandruff in two weeks.

Parisian Sage is a most refreshing and daintily perfumed hair dressing, free from grease or stickiness. It makes dull, lifeless hair radiant and lustrous.

"Parisian Sage is the best hair grower and beautifier and dandruff cure. I lost all my hair through typhoid fever; I was almost baldheaded and my scalp was as sore as could be. I tried everything, but in vain. Finally I tried Parisian Sage, and after using one bottle my hair started to grow, and has grown three or four inches inside of two months. I advise every lady who wants beautiful hair to use Parisian Sage." Miss Meta M. Kruger, Browntown, Minn., June 8, 1910.

Parisian Sage is only 50 cents a large bottle at J. H. Kennedy & Co.'s and druggists everywhere. The girl with the Auburn hair is on every package. 4-18.

Our Health Department

Making the South the Healthiest Portion of America.

What improved methods of sanitation will accomplish was strongly shown by Caspar Whitney in a recent issue of Collier's Weekly. Writing of Cuba, once fever-stricken and an object of fear for all who valued their lives, he showed that its present death-rate of 12.6 per thousand is lower than that of the United States or any European country, the average death-rate in the United States being 30 per cent higher, or 16.2 per thousand. All of which goes to show that by keeping up the fight against our great preventable diseases—tuberculosis, malaria, typhoid, and hookworm disease—we could make our own Southern States, which are more advantageously situated than Cuba, not only as healthful as any other section of the United States, but very much more healthful than any other section. In a recent address in the House of Representatives, Congressman Ransdell, of Louisiana, speaking of the health of the South, was interrupted by Congressman Goulden, who pointed out that whereas twenty-five years ago insurance companies objected to risks in the Southern cities, there is now no discrimination whatever against the South.

The simple truth is, as Surgeon-General Wyman of the United States Public Health and Marine Service declared to the Southern Commercial Congress, that while neglect of sanitary precautions may be more hurtful in the South than elsewhere, the general observance of health rules will accomplish even more here than elsewhere.

We can't afford to let the Cubans beat us. If they have reduced their death-rate to 12.6 per thousand as against 16.2 for the United States as a whole, then we in the South ought to do better still. But to do this we must recognize the fact that neglect of sanitary precautions is really more serious in the South than elsewhere, and we must not

only learn and practice individually the best medical principles of hygiene, sanitation, and temperance, but we must double the appropriations and the moral support given our State, county and municipal health officers.—Raleigh (N. C.) Progressive Farmer and Gazette.

Mr. Charles H. Armfield, a prominent lawyer of Statesville, died Monday night at Morganton where he was undergoing treatment at the State Hospital for Bright's disease. He was 50 years old and was a son of the late Judge R. F. Armfield. He was a brother of Adjutant General J. F. Armfield of the North Carolina National Guard who died recently. He was a member of the board of directors of the State Insane Asylum at the time of his death. Mr. Armfield was one of the ablest lawyers in the State.

CATARRH SUFFERERS.

Good Thing to Know.

If you now own a Hyomei hard rubber inhaler, J. H. Kennedy & Co. wants you to know that they will sell you a bottle of HYOMEI for only 50 cents.

Remember this, all who suffer with catarrh—a bottle of HYOMEI (pronounce it High-o-me) is put up in a separate package and sold for 50 cents, to accommodate the vast army of people who already own a Hyomei inhaler.

J. H. Kennedy & Co. will sell it to you at that price and give you the opportunity to begin at once to rid yourself of vile catarrh and the snuffing, hawking and spitting that go with it.

Many people through years of neglect have let catarrh get a strong hold upon them. Some of these people unreasonably think that one bottle of HYOMEI ought to cure them.

No matter how chronic your catarrh troubles, HYOMEI is guaranteed by J. H. Kennedy & Co. to cure them if you give it half a chance. Just breathe it, that's all, and its healing, soothing, antiseptic properties will make you feel better in a day.

If you own an inhaler get a 50 cent bottle of HYOMEI at J. H. Kennedy & Co.'s today. If you do not own a Hyomei inhaler, ask for a \$1.00 outfit, which includes inhaler.

Thanksgiving Day—Orphans Day.

The work of the orphanages of North Carolina appeals most strongly to reason and to sympathy. These institutions are worthy of the heartiest support of our people and they have a large place in their interest and gifts and efforts.

At the Thanksgiving season minds and hearts turn especially toward our orphanages and many are the practical expressions of gratitude made to this cause by a people richly blessed.

These love-prompted gifts to carry on this blessed work with these little ones surely must be acceptable to God, the Father of the fatherless.

It seems that, here in North Carolina, Thanksgiving Day has been specially set apart as "Orphan's Day" and we rejoice that this is true. The contributions made at this season help very much indeed in the support of our various orphanages.

We trust that even larger offerings will be made at this Thanksgiving season than ever before to the end that these institutions may be the better able to perform their service. They need funds for maintenance, for improvement and for the extension of the work.

Kings Mountain's Floral Fair a Success.

The Herald, 10th.

The annual Floral Fair, given by the ladies of the various churches of Kings Mountain, was pulled off last Wednesday and Thursday, November 2d and 3d, and was a success in every particular. The spacious storeroom of the new Patterson building on Mountain street was filled with flowers, ferns and the sales booths. An admission fee of ten cents was charged to everyone who went here, each person being tagged so as not to be charged a second time. The large vacant storeroom of Mrs. Lisle Falls, just on the opposite side of the street, was turned into a large dining hall, not unlike the busy restaurants in the cities, and this proved to be the drawing attraction. Those in charge of the financial side of the fair report that about \$550 in cash was taken in and are well satisfied that they have never had a bigger success with a flower show.
