Your Patronage Solicited

We wish to announce that we have just completed the erection of an up-to-date gin plant, consisting of three 80-saw gins, operated by electrical power. It is located near the Gray Manufacturing Co.'s mill at the intersection of the Pisgah and Kings Mountain roads and is well situated for the convenience of the farmers on these two roads. We have also erected a warehouse for handling seed and will keep a supply of cotton seed meal on hand for exchange purposes. This plant, together with the one situated at our mill, gives us a total ginning capacity of 75 bales of cotton per day, consequently we can assure our customers of the promptest and most efficient service.

How Reading Pays.

By reading what other men have done, and are doing, I believe that any thoughtful man can add at least \$500 a year to his income more than he could without the reading. The discoveries of scientists that are helpful to the farmer can only be learned by reading about what they have done, and how their discoveries can be applied in practice the farm press tells us. And yet, there are thousands struggling with poor land, and not knowing how to better it, who will not read and learn. The great problem with those who would help these men is how to get at them and induce them to learn. I sometimes think that the only way we will ever get a reading farm population is to raise it through the rural schools and the colleges of agriculture working together, and thus to finally replace the non-reading men with a reading people.—W. F. Massey, in Raleigh (N. C.) Progressive Farmer and Gazette.

Look Out for Them.

"New York, Chicago and other of the large centers of population, which are also the centers of operations for organized and independent crooks and criminals of all sorts, are preparing to clean house during the next few months and the result is going to be the exodus of those crooks to other sections," today remarked a gentleman who is something of a detective and keeps track with the things of the under world. "The change coming in winter it is reasonable to suppose that a large number of these undesirable citizens will migrate South and we might as well begin to prepare for them."

Thieves, robbers and burglars are not particularly specified and on the contrary, it is said that the operations of expert swindlers will probably be more in evidence than thefts and robberies. "The crooked gentry will not come to stay," continued the gentleman, "for they prefer to operate in the big cities and they will gradually drift back, but for the next year or 18 months we may watch for them."—Exchange.

BOTH SPEEDY AND EFFECTIVE.

This indicates the action of Foley Kidney Pills as S. Parsons, Battle Creek, Mich., illustrates: "I have been afflicted with a severe case of kidney and bladder trouble for which I found no relief until I used Foley Kidney Pills. These cured me entirely of all my ailments. I was troubled with backaches and severe shooting pains with annoying urinary irregularities. The steady use of Foley Kidney Pills rid me entirely of all my former troubles. They have my highest recommendation." J. H. Kennedy & Co.

Lining Up for the Fight Over the Speakership.

Now that the personnel of the approaching 1911 general assembly is about settled, there is arising a considerable amount of speculation as to who will probably be the speaker of the House of Representatives—the most important office to be allotted. Editor W. C. Dowd, of Charlotte, is expected to come to Raleigh with the strongest support for the place, he having been an especially strong candidate for the place in the two last sessions. However, there are other formidable candidates being mentioned, these including R. A. Doughton, of Alleghany, J. F. Spainhour, of Morganton; E. M. Koonce, of Onslow, R. H. Battle, of Raleigh, Z. V. Turlington, of Iredell county.

HEXAMETHYLENETETRAMINE.

Is the name of a German chemical, one of the many valuable ingredients of Foley's Kidney Remedy. Hexamethylenetetramine is recognized by medical text books and authorities as a uric acid solvent and antiseptic for the urine. Take Foley's Kidney Remedy promptly at the first sign of kidney trouble and avoid a serious malady. J. H. Kennedy & Co.

Thanksgiving Service.

A special Thanksgiving service will be held at the First Baptist church tomorrow (Wednesday) night, at 7:30 o'clock. Rev. R. D. Carroll, of Newton, will preach, and an offering will be taken for the Baptist Orphan's Home at Thomasville. A special musical program has been prepared for the evening.

You want good pictures, of course, and of course we want to make them. Let's get together on this proposition. Green's Studio.
