IMPORTANT NOTICE.

Next Tuesday, the 13th. The Gazette will issue 16 pages, twice the usual size. All advertisers who wish to use extra space to advertise their Christmas goods should send in their copy at once.

It begins to look very much like Gastonia is going to be forced to invoke the aid of the State Corporation Commission or the courts, or both, in order to secure from the Southern Railway a decent depot, one that will meet the requirements of the traffic at this point.

With the new year the owners of The Gazette expect to make several improvements in the character of the paper. One feature will be a department every other week devoted exclusively to the interests of the farms and the farmers of Gaston county.

Come in now and look over our latest work and be convinced of the possibilities a few photographs have during the holiday season, Green's Studio.

JUST A PLAIN LEMON.

That's What the Southern Wants to Hand Gastonia for a Passenger Depot—Plans Call for Structure Practically Same Size as Present One and But Little Better — An Outrage.

Just a plain sour dried-up lemon! That's what the Southern Railway is preparing to hand Gastonia in the place of a new passenger depot.

As to whether they succeed in doing so is another matter. It's nothing short of an outrage and every citizen who has seen the plans and specifications is unalterably opposed to the construction of such a shack as is proposed.

There is no doubt whatever that any move on the part of the railroad to begin work on the structure as now planned will meet such opposition as will estop the work. If necessary, an injunction may be obtained and the case taken to the State Corporation Commission.

The plans have been in Gastonia and one of the committee having the matter in charge informs The Gazette that the building called for is about four feet larger each way than the present structure and is a brick veneer building, to be heated with coal stoves. It might cost five or six thousand dollars.

In an early issue of The Gazette we will publish, for the benefit of the public, an article setting forth the situation thoroughly as to the amount of business done here, the present facilities and what will be required in order to give satisfactory depot facilities for the town. In the meantime every Gastonia citizen should make up his mind that the Southern Railway shall not be permitted to foist off on the town a toy building which will be nothing more than a farce.

Spend a pleasant evening tomorrow by spending an hour at the Annual Holiday display of Torrence-Morris Co.

TO BOOST W. N. C.

Southern Railway Turns Its Attention to the Work of Advertising the Land of the Sky.

Special to The Gazette. WASHINGTON, D. C., Dec. 2. — The Southern Railway Company, through its Land and Industrial Department, is taking steps to inaugurate a line of work recently outlined by President Finley in which Western North Carolina is especially interested.

Mr. M. A. Hays, who has had long experience in development work of all kinds as a representative of the Southern Railway and Industrial Department in the New England, Eastern, Central, Western, and Northwestern States, is to give special attention for the present to Western North Carolina. He is well equipped for this work by knowledge of the resources and opportunities of that region.

Mr. Hays has opened an office of the Land and Industrial Department in Harrisburg, Penn., a convenient location for reaching a large extent of territory in which there are many people likely to become interested in the Mountain and Piedmont sections of the South.

In addition to the work which Mr. Hays will give his special attention to, a trained horticultural and agricultural agent will be placed in Western North Carolina, with headquarters at Asheville, for educational and intensive demonstration work among the farmers and fruit growers already there and those who may settle in the region.

Deafness Cannot be Cured

by local applications, as they cannot reach the diseased portions of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free. E. J. CHENEY & CO., Toledo, O. Sold by Druggists, 75c. Take Hall's Family Pills for constipation.

The next General Assembly of North Carolina will be constituted as follows: Senate—Democrats 43, Republicans 7; House—Democrats 59, Republicans 20.

Marvelous Discoveries

mark the wonderful progress of the age. Air flights on heavy machines, telegrams without wires, terrible war inventions to kill men, and that wonder of wonders—Dr. King's New Discovery—to save life when threatened by coughs, colds, lagrippe, asthma, croup, bronchitis, hemorrhages, hay fever and whooping cough or lung trouble. For all bronchial affections it has no equal. It relieves instantly. Its the surest cure. James M. Black, of Asheville, N. C., R. R. No. 4, writes it cured him of an obstinate cough after all other remedies failed. 50c. and \$1.00. A trial bottle free. Guaranteed by all Druggists.

Old Santa Claus will attend our Annual Opening for the 25th time tomorrow evening. Will you? Torrence-Morris Co.

WHAT CURES ECZEMA?

We have had so many inquiries lately regarding Eczema and other skin diseases, that we are glad to make our answer public. After careful investigation we have found that a simple wash of Oil of Wintergreen, as compounded in D. D. D., can be relied upon. We would not make this statement to our patrons, friends and neighbors unless we were sure of it—and although there are many so-called Eczema remedies sold, we ourselves unhesitatingly recommend D. D. D. Prescription. Because—We know that it gives instant relief to that torturing itch. Because—D. D. D. starts to cure at the foundation of the trouble. Because—It cleanses, soothes and heals the skin. Because—It enables Nature to repair the ravages of disease.

Because—The records of ten years of complete cures of thousands of the most serious cases show that D. D. D. is today recognized as the absolutely reliable Eczema Cure. Drop into our store today, just to talk over your case with us. J. H. Kennedy & Co. N29-D6-13.

PROFIT By the Mistakes of Others:

Patronize the Banks. Greenwood Index. Instead of having your hard-earned money ginned along with your cotton or swallowed by a calf, why not put in a bank for safe-keeping? A Spartanburg man had his pocket-book ginned to a fine finish the other day and a Laurens man had a roll swallowed and made into a cud by a calf. Put your money in a bank. It will be safe from loss, destruction, robbery and a lot of other misfortunes that await a roll of money, to say nothing of the worst one of all, being spent foolishly.
