## The Taft Silver Wedding.

One of the most brilliant social functions ever held at the White House took place last night when President and Mrs. Taft celebrated their silver wedding. Twelve thousand and invitations had been issued and fully 5,000 people attended. It was the second silver wedding ever celebrated in the executive mansion and was perhaps the most imposing function ever given by a president and his wife. Outside the gates looking on were at least 15,000. The presents received amounted in numbers to hundreds and their value ran into the thousands. Congratulatory telegrams were received from many of the prominent rulers of the world.

To save the life of his wife, who was in a desperate condition in the Georgetown University Hospital at Washington, Senator Luke Lea, of Tennessee, yesterday submitted to a transfusion of blood from his veins to those of his wife. The operation was successful and Mrs. Lea has grown considerably stronger with greater chances for her recovery. More than a quart of blood was taken from the Senator's veins and as a result he was so weak that he was forced to take his bed. He is regaining his strength rapidly, however.

Mr. R. M. Johnston had the misfortune last week to have a large barn and its contents on his farm in Mecklenburg county destroyed by fire. His loss was about \$1,200, with no insurance. Reports from the Grand Lodge meeting Knights of Pythias were made to the local lodge last night by Messrs. J. H. Kennedy, who went as representative of Gastonia Lodge No. 53, and Mr. S. A. ## REPUBLICANS LIKE RATS.

**They Threaten to Desert Sinking Ship of Protection—Senators in Open Revolt—Say They Will Smash the Tariff Wall.**

An Associated Press dispatch from Washington this morning's papers says in part:  
Republican opposition to the Canadian reciprocity bill in the Senate reached the stage of open revolt today. Led by Senator Dixon, of Montana, who again failed in his demand for an explanation or a speech in favor of the bill from some of the Republican leaders who championed the measure, the Republican opponents declared that if the bill passed many Republicans would join the Democrats in an attempt to lower the duties on all manufactured products.

"When the cornerstone is pulled out of the system of protective tariff," said Senator Dixon, "when the farmers' products are thrown into a free market while his purchases continue to be protected, there are many good protectionists in the Republican ranks here who will vote to have the duties pulled down on iron and steel, chemicals, cotton and many other things."

Other Northwestern Republicans signified by their approval of the Montana Senator's words that the passage of the reciprocity bill, which it is admitted will have a majority of votes in the Senate, will be attended with a fight that threatens to throw open the whole tariff subject. "We want to make one killing," declared Senator Crawford, of South Dakota. "We find the Senators from Pennsylvania, New York, Connecticut, Massachusetts, and Maine, States that have already reaped the greatest harvest of protection, advocating this measure that proposes to put on the free list every article raised in the Northwest. I want to deal with this matter in its entirety. If Pennsylvania, Mississippi and Massachusetts have joined hands in a new political propaganda, it is time for the rest of the country to strike out on a new track."

#### Knocked Senseless.

Mr. Joseph Patrick, a cranesman working for the John T. Bennett Company near the Flint Mill was struck in the forehead yesterday afternoon by a hammer and rendered unconscious for seven hours. In falling his head struck a rock or cross tie with the above-mentioned result. Dr. H. F. Glenn attended the injured man, removing him to the Gaston Hospital. At 11 o'clock last night he had recovered consciousness and will be able to go back to work in a day or two.
