The game started off in a slow order but soon developed into an exciting contest when H. Gaston drove for a single inside third base which was developed into a home run with one man on base, tying the score. In the sixth inning Titman hit for a three-bagger when Hemphill followed and doubled then scored, leaving it 3 to 4 in Lowell's favor when a decision stirred up a racket by the umpire which caused the game to be called off. The game was featured by Robinson's fine catch in right field and the heavy batting of Lowell.

MANY AT MONTREAT.

Promise is for As Large a Crowd in August as Was Had in July.—Second Period of Assembly Starts Off Well.—Prominent Speakers in This Week's Program.

Special to The Gazette.

MONTREAT, Aug. 2.—The second period of the Summer Assembly of Presbyterians has begun under most auspicious conditions. While there was an exodus of a number of visitors on Monday, who had been here for the first period, there was full compensation in the large number of new arrivals. Judging from the letters received daily by the manager, containing requests for board, the crowd at Montreat during August will be as large as during July. Every one is delighted with the entertainment, the program of the assembly, the scenery, climate, and association. Especially is the restfulness of the place appreciated. The heat of the lowlands cannot be imagined at Montreat, and the large number of visitors, more than one thousand, and representing almost every State in the South, are enjoying to the utmost the altitude of 2500 feet, with its accompaniment of freedom from heat.

The program of the Assembly this week includes the conference on Home Missions and that on Christian Education and Ministerial Relief. A number of prominent ministers and other Christian workers will be heard during the week. The daily Bible Hour will be conducted by Rev. Theron H. Rice, D. D., of Richmond; Mrs. E. P. Bledsoe, of West Virginia, will conduct the Mission Study Class each morning, and twice during the day there will be presentations of the work among the mountain people, the foreigners and the negroes, by men of such experience as Rev. O. E. Guerrant, D. D., of Kentucky; Rev. Dunbar H. Ogden, D. D., of Atlanta; Rev. John Little, so well known on account of his successful work among the negroes of Louisville; Rev. S. W. Moore, of West Virginia; Rev. Holmes Rolston, of Virginia; Hon. Martin F. Ansel, of South Carolina. These speakers will present ably the different phases of Home Mission work, as it is being directed by Rev. S. L. Morris, D. D.; Rev. Homer M. Millan, D. D., and Rev. J. G. Snedcor, D. D., the secretaries. The amount contributed during the past year to the Assembly's Home Missions was \$129,000, and about the same amount was contributed to local Home Missions.

The conference in the interest of Christian Education and Ministerial Relief will present a program of special interest also. This department of the work of the church is carried forward under the leadership of Rev. Henry H. Sweets, D. D., and Rev. W. E. Boggs, D. D., the secretaries, the latter having charge especially of the work of schools and colleges. Among the speakers who will address this conference are the following named: Rev. A. B. Curry, D. D., pastor of the Second Presbyterian church of Memphis; Rev. Thornton Whaling, D. D., president of Columbia Theological Seminary; Rev. David J. Woods, D. D., of Blacksburg, Va.; Rev. Dr. Boggs and Rev. Dr. Sweets.

The contributions to the interests which this committee represents, during the past year were as follows: Ministerial Education, \$28,715; Ministerial Relief fund for disabled and retired ministers, \$40,065; endowment fund for ministerial relief, \$10,678; the Assembly's Home and School, \$20,720; Schools and Colleges, \$3,174; students' loan fund, \$3,263; making a total of \$106,607. Special effort is being made to secure larger contributions to the fund for ministerial relief.

The above program is given to indicate the nature of the Institute, but it may be changed or added to, as those present desire. A question box will also be open, into which all are invited to put such questions as they desire discussed. A large number of intelligent questions means an interesting Institute, and special attention will be given to this feature.

The Farmers' Institutes are held for the benefit of farmers, and none but strictly farming questions will be discussed. It is, therefore, especially desired that a large attendance of farmers and their families be secured, and to this end you are urged to be present and to induce your neighbors to do the same.

Bring a pencil and blank book in which to take notes.

A premium of one dollar will be awarded for the best five ears of corn exhibited. The five ears exhibited must be of one variety, uniform in shape, size and color. Mixed corn or mixed varieties will not be allowed to compete for the premium. The exhibitor must be able to give, as far as possible, the name of the variety, its productivity, yield per acre, and whether grown on upland or low land. This offer is made solely with the view of studying corn and the comparing of different varieties.

And this note to the women in the farm homes of the county:

It is the purpose of the Department to make these Institutes of value to you in your daily duties and home life. Come out and help us to accomplish this purpose by letting us know what you want, that we may send lecturers to the next Institute who will give you the kind of talks you want. These Institutes are yours and you can make out of them what you will. We will help you to make a success of them if you will let us.

Bring a pencil and tablet, so as to take notes during the Institute.

A premium of one dollar will be awarded for the best loaf of light-bread baked and exhibited by a woman or girl living on the farm.

Dear Sir:—

We enclose herewith a full and complete list of the slogans which have been sent to us during the period from June 30th up to today, this being the date on which our campaign for a suitable slogan for Gastonia ends. We respectfully request that the Commercial Club select from this list the slogan which it considers the most appropriate and effective for all purposes or, if the club does not find in this list a slogan which it deems entirely suitable, we ask that the members or board of governors use their best endeavors to make and adopt a suitable slogan.

As to the manner in which the selection is to be made the club may determine itself.

It is our opinion that no other one thing can accomplish more for the advertising and consequent up-building of a live town than a catchy and meaningful slogan properly used. You will readily agree with us, we believe, that Gastonia is the best town in the Piedmont and also that it is the least advertised. In order to keep up with the procession we must let the outside world know what opportunities await them here.

It would also give us pleasure to publish any suggestion the Commercial Club may have to make as to the best manner in which to use the slogan after your selection has been made.

Very Truly Yours,

THE GASTONIA GAZETTE.

THE LATEST SLOGANS.

C., sends the following: "Gastonia Goes at a Galloping Gait," "Gastonia Gives the Goods," "Gastonia—Go, Grit and Gumption," "Gastonia Grows Instead of Crows," "Gastonia Gladly Greets the Moving Man."

Mr. B. J. Hoffman, a Gastonian now prominently identified with the cotton brokerage business in Philadelphia, suggests the following: "Gastonia is growing at a rapid rate. The Hustling town of the Old North State," and this one "Gastonia for Men, Mills and Money. You can't stop us."

Miss M. C. Lineberger, of Dallas, route two, sends in some more slogans and adds: "I am sending a few other slogans. Gastonia is our county seat and trade centre and we are all interested in its upbuilding. You might get the little ones interested in writing her a song; with the help of their mothers and big sisters they could get up something on this line—

"Gastonia, trade centre of Gaston. Where so many good bargains we see.

The shrine of each shopper's devotion,

We all offer dollars to thee."

The slogans she suggests are as
