WEBB FOR PRESIDENT.

Colorado Prohibitionist, Who is Coming to Gastonia to Live, Says Passage of Kenyon-Webb Bill is One of the Greatest Achievements of Modern Times.

Gazette readers will be interested in the story below, which is taken from the Washington correspondence of The Raleigh News and Observer of the 5th instant for two reasons: First, because Mr. Webb is "our" congressman, and secondly because Mr. Ray, author of the letter, is coming to Gastonia to live. He is at present assistant postmaster at Victor, Col., but has effected an exchange with Mr. John H. Allen, one of the city letter carriers here who recently went to Colorado Springs and entered the postal service. Mr. Ray is to begin work here as a letter carrier on April 15th and he and his family are expected here the first of next week.

Following is the dispatch: W. L. Ray, of Victor, Col., wants to run Representative E. Y. Webb for the Presidency. The Webb liquor bill is the cause. Mr. Ray has written Mr. Webb as follows: "You have no doubt been swamped with congratulations over your stupendous and matchless victory over the most powerful political forces and influences in our great republic. However, I want to add my mite of praise to you as the author of the most important piece of legislation accomplished in this generation.

"Your name will go down in history as the first victorious champion of the greatest enemy of the human race. The next great issue to be decided by the American people is the annihilation of the great curse which threatens the very foundation of good government.

"The next national convention of the great Democratic party will be forced to meet this issue, and you might as well begin grooming yourself for the fight, since you are the logical leader with which we can win.

"Put me down as the original Webb man. I am already negotiating a transfer to your district in anticipation of becoming a resident of the home district of the statesman who has accomplished more for his people than any of his colleagues, and, who is destined to become the future president of the country. He has already served so magnificently.

"You have no conception of how famous you have become all over this great country. Your victory against such very formidable enemies, is regarded as one of the greatest achievements of modern times.

"As the father of four boys allow me to crown you as chief among American statesmen. You occupy this position in the hearts of thousands of true Americans from the Atlantic to the Pacific. With sincerest gratitude and best wishes."

To Visit the Holy Land.

Rev. J. W. Carson, pastor of the Associate Reformed Presbyterian church at Newberry, S. C., and a former resident of this county, will attend the World's Sabbath School Convention at Zurich, Switzerland, this summer. The following is from the Newberry Observer: "The congregation of the Associate Reformed Presbyterian church in Newberry have granted their pastor, Rev. J. W. Carson, three months leave of absence in order that he may make a visit to Palestine and other portions of the world beyond the sea. Mr. Carson will sail from New York on the Carpathia of the Cunard line—the ship that rescued so many of the Titanic passengers a year ago—and will land at Naples, Italy. He will spend a few days in that immediate section, one of the days in a visit to Pompeii and Mount Vesuvius. Other cities to be visited in Italy will be Rome and Florence—spending a week at the former. A large portion of the time will be spent in the Holy Land. He will also attend the International Sabbath School Convention at Zurich, Switzerland, July 8-15. On his return trip Mr. Carson will spend some time in France, England and Scotland. The trip will no doubt prove a very delightful and instructive one. During Mr. Carson's absence Mrs. Carson will be at her former home in North Carolina. The pulpit and pastorate of Mr. Carson's church will be filled during his absence by Rev. C. H. Nabers, of the Theological Seminary at Due West."

Memorial services for the late J. Pierpont Morgan were held Sunday in St. George's Protestant church, New York City, of which he had for 45 years been a vestryman, and in which the funeral services over the late money king will take place, probably on April 14th. Each worshiper found in the rack before him in the church a bulletin recording the death of Mr. Morgan who was a regular attendant and took an active part in the services, one of his accustomed duties being the passing of the collection plate.

BACK FROM ATLANTA.

Rev. J. E. Abernethy Closes Memorable Revival at Wesley Memorial Church, Atlanta—Over a Hundred Conversions.

Rev. J. E. Abernethy, pastor of Main Street Methodist church returned Monday from Atlanta where he conducted a most successful ten-day revival at Wesley Memorial Church.

Tuesday morning's Atlanta Journal says of the meeting:

"Three large congregations heard Rev. J. E. Abernethy in the closing services on Sunday of the revival which had continued during two weeks at Wesley Memorial church."

"The day was one of the most memorable in the history of the church, and the closing scene, while a large chorus sang 'God Be With You Till We Meet Again,' did not soon be forgotten."

"As a result of the revival, over a hundred additions have been made to the church, and a large number of reclamations have been effected."

"But despite this success, the revival was devoid of anything sensational. In speaking of the results of it, Rev. W. R. Hendrix, the pastor, said Sunday night:

"This has been the greatest meeting for a downtown city church I ever have seen. Every service has been an inspiration. The blessing of the church has received its beyond expression."

A dispatch from Cetinje dated April 6th says that the little Kingdom of Montenegro has thrown down the gauntlet to the six great powers. She declines to yield to the demands of the powers to abandon her attempts to gain possession of Scutari and has officially announced that "there will be no departure from an attitude which conforms to the necessities of the state of war existing between the Allies of Turkey."

Announcement Of Mayor and Board Of Aldermen.

TO THE CITIZENS AND VOTERS OF THE CITY OF GASTONIA:

We, the undersigned Mayor and Board of Aldermen of the City of Gastonia, hereby respectfully announce ourselves for re-election, subject to your will, at the coming municipal election to be held on the first Monday in May, 1913.

We are deeply appreciative of the helpful and generous support that you have unreservedly accorded us at all times in the past, and the encouragement and co-operation you have given to us in carrying forward measures that have meant progress and uplift to our community and common interest. We have endeavored to administer the affairs of the City faithfully, impartially and wisely, with the single view of rendering to the general public the most efficient service with the minimum cost.

We realize that we have not measured up in the service to the high standard that we ourselves set and desired in your behalf to attain. But it is just to ourselves to say that we have reasonably achieved all that could have been done under the system of municipal government in vogue for years—and for which we were in no way responsible—and the limited finances at our command when compared with the vast needs of a large and undeveloped territory.

Fully acquainted, as we believe we are, with the needs of the City respecting development, extension and improvement of our sewerage, lights and water system; the streets and highways of the City, and our public schools, with their ever growing demands, we have for more than a year planned to provide the needed developments, and with your ready and cheerful co-operation petitioned the General Assembly for the power to make these things possible. The power was granted, and we are now in a position to make certain these developments, extensions and improvements in accordance with what we believe are matured plans, most effective for the present and future public needs.

Under the present charter we saw best in behalf of the public interests to have authority granted to the Mayor and Board of Aldermen to appoint a superintendent of public highways,—capable and efficient man acting under a committee of three from the Board of Aldermen, as the superintendent of water and lights, etc., is now acting, to devote his entire time to street and highway construction and maintenance. If it is your will to again entrust us with office we expect to inaugurate this service in good faith with the beginning of the new administration.

We believe that we are in a position to give you a larger, freer, and more efficient service in the future than in the past, and that we are in a position by reason of our experience and our familiarity with conditions, and for the further reason of having matured plans after long deliberation for the expenditure of the money appropriated and to be appropriated for the purposes mentioned, to spend the same wisely, economically and with the greatest efficiency.

By reason of the fact that a Municipal Court has been established for the City of Gastonia the duties of the Mayor have been reduced, so that it is the judgment of the Mayor and Board of Aldermen that the Mayor's salary for the next administrative term should not exceed \$500 per annum.

We respectfully request that you extend to us your hearty support as in the past, and we will faithfully endeavor to give you an economical administration, and one of progress for our City and general satisfaction to our citizens.

Very respectfully yours,

THOS. L. CRAIG, Mayor
J. O. WHITE, First Ward
S. M. MORRIS, Second Ward
A. B. ELLIOTT, Third Ward
C. L. CHANDLER, Fourth Ward
