Series of Special Services Held Here Sunday and Monday Under the United Missionary Campaign a Decided Success-Should Prove of Great Benefit to the Local Church-

The interdenominational missionary conference which began Sunday morning and came to a close last night, the services being conducted in various local churches by speakers sent out by the United Missionbe a most interesting and beneficial

occasion to all who attended them. At the hour for regular preaching service on Sunday morning all the pulpits of the up-town churches were occupied by visiting speakers. Prof. R. E. Gaines, of Richmond College, spoke at the First Presbyterian church: Dr. R. W. Patton, of church; Dr. S. R. Gammon at the First Baptist: Dr. William H. Smith. Richmond, at the Main Street Methodist church, and Mr. L. B. Padgett at the Loray Presbyterian

On Sunday afternoon two very largely attended mass-meetings were held, one for men and at Main Street Methodist church and one for women at the First Baptist church. At the men's meeting the speakers on Tampa Bay. were Prof. R. E. Gaines and Dr. Wm. H. Smith. At the meeting for ladies Dr. R. W. Patton and Dr. S. R. Gammon made very interesting and helpful addresses.

The union meeting held at Main Street Methodist church Sunday night was one of the most largely attended services of the kind ever held in the city. There were three splendid addresses by De. Patton. Mr. D. B. Coltrane, of Concord, and Dr. Gaines.

BOYS' PIG CLUBS.

To Increase Supply of Pork and Encourage Good Breeding Hogs.

Washington, D. C., Oct. 31 .- The Department of Agriculture has its Boys' Corn Club and its Girls' Canning Club and now comes the Boys' Pig Club, being organized in the South for the purpose of increasing the supply of pork and encouraging good breeding hogs. Already clubs have been organized in Alabama and Louisiana, and a club organization has been started in Georgia. It is the purpose of the officials of the department to organize clubs in every Southern State The idea of the organization start-

ed with the Farmers Co-operative Demonstration branch of the Department and has been carried on with co-operation of the Animal Husbandry Division of the Bureau of Antmal Industry. The organization is an offshoot of the Boys' Corn Club which has an organization in every Southern State which has been the means of producing record-breaking yields of corn. The Pig Club, when thoroughly organized, will. It is expected, work hand in hand with the Corn Club. The boys of the latter will produce the corn and the boys of the newly organized association will see to it that the pigs are produced to eat the corn.

In connection with the organization of the Pig Club the Department makes the following statement: "In organizing the Boys' Pig Club

it is the purpose of the Department to establish clubs in every Southern State. The Animal Husbandry Division is co-operating with the Farmers Co-operative Demonstration office in the Bureau of Plant Industry and has already established clubs in Alabama and Louisiana, and the movement is under way in Georgia. The organizing is being done by the officials of the Farmers' Co-operative Demonstration force, and the Animal Husbandry agents are instructing and demonstrating how to handle the stock and to breed a superior type of pigs.

"It is the purpose of the Department to have every member of the club encourage not only an increased production of the swine family but a better breed of pigs than is being raised at present. It is a serious purpose the officials of the department are engaged in-one that is aimed at the high cost of living.

The production of pork is not keeping pace with the increased population and something must be done to harmonize these two elements. If each member of the club-and they will be growing it is expected all the time-will see to it that one more pig and a better pig is produced each year then a long step will have duction and increased population.

BITTER FIGHT. A dispatch from New York Saturday says:

The battle for mayorality of New York with attendant skirmishes for lesser offices virtually closed tonight. ending a campaign in which economic issues were buried under an interchange of personalities and a flood of vituperation. On Tuesday ballots will be cast; final speeches will be made Monday.

The foes of Tammany Hall, united under the standard of fusion with John Purroy Mitchel as their leader have centered their fire upon Charles Murphy. Tammany chieftain. Mitchel, although a tirless campaigner, was eclipsed as an orator tv John A. Hennessy, a political comet whose course deflected the candidates from their prescribed orbits of campaigning to acrimonious debate largely centered about the recent removal of William Sulzer from omce and revelations resultant therefrom. GRAFT INVESTIGATOR.

Hennessy was Sulzer's investigator of graft in state department and phy and Edward F. McCall Tammany candidate for mayor, resulted in a John Doe investigation by the district attorney and the revelation that former State Senator Stephen J. Stilwell, now in Sing Sing prison for bribery, sought a pardon from Sulzer by turning informer against Tammany. These charges have been met with hot denials.

Fusion leaders predicted tonight the election of Mitchell by pluralities ranging from 75,000 to 125,000. Tammany was equally confident that McCall would win by from 50,000 to 100.000

The turmoil of the campaign has resulted in unloosening the tongue of the Tammany chieftian for the first time in the memory of his followers. Under the assault, Mr. Murphy talked daily with reporters and on one occasion issued a statement of 1,800 words. Hardly less striking than the spectacular charges of Hennessy has been the apparent sympathy of the East side for Sulzer in his fight for election to the assembly on the progressive ticket in the Sixth distirct. Twenty years ago he represented the district. former governor also waged a campaign against Aaron J. Levy, democratic leader of the assembly, who is seeking election as municipal

WHITMAN UNTOUCHED. In the epidemic of mud slinging one figure has been untouched. This is Charles R. Whitman, district attorney and candidate of all parties and factions for re-election. He is aiding in the fight against Tammany. Of minor interest are the contests for congress in two districts, and for state senator in the district represented by Stilwell before he was sent to Sing Sing.

In the 13th Congressional District a successor is to be chosen to the late Timothy D. Sullivan, "Big Tim" of the Bowery, and in the 16th district a successor will be elected to Francis Burton Harrison officio clerk of the board. who resigned to become governor general of the Philippines.

CATHOLICS LOANED FUND. Huerta Gets Money From the Catholic Party With Which to Meet the

Pay Roll of Government Employes. Mexico, Nov. 1.-The opponents of Huerta were disappointed when they learned that the Catholic party had loaned the Government million dollars to pay off the Federal mployes. The enemies of Huerta had hoped that when pay day arrived and the president had no money with which to meet the pay roll that the employes would become dissattsfled with Huerta and lose patience with him and cause a loss of prestige for Huerta. General Blanquet declined to explain his announcement that he would refuse to accept the presidency if Congress offered it to him. Foreign minister Mohena said that Blanquet would have to accept, there would be no recourse for him, that he would have to assume the presidency if he were duly elected as vice president and Huerta would va-

Correspondence of The Gazette. CHAPEL HILL, Nov. 1 .- The Gaston-Lincoln County Club of the University was most delightfully entertained last Friday evening at a Hallowe'en party given by its two two young lady members, Misses Mary Miller and Anna Puett. The party was given at the University Inn and was attended by all the members of the joint county club and by all the young ladies who are taking work in the University. Preparations involving work and care had been made by the hostesses and every moment of the time was highly enjoyed. The forms of entertainment varied in nature from an initiation ceremony carrying with it fun as well as solemnity to guessing contests to decide who was among the masked and sheeted figures, and to fortune-telling by persons who had all the appearance of real gypsies. President of Mexico Forced to Give One of Two Answers: Flat Refusal to Comply With Demand or Elim-

inate Himself Officially-No Answer as Yet-Ultimatum Delivered Sunday.

Mexico City, Nov. 3 .- President Iluerta has been told he must re sign the presidency of Mexico without loss of time and that he must not leave as his successor Gen. Aureliano Blanquet, his Minister of War, or any other member of his official family or of the unofficial coterie whom he might be expected to control. This ultimatum from Washington was conveyed to I'restdent Huerta through his private secretary, Senor Rabago by Nelson O'Shaughnessy, the American Charge d'Affairs, acting under instructions

from the State Department. Senor Rabago presented the memorandum to his chief late Sunday, but up to this evening President Huerta had returned no answer and. as far as could be learned, had guarded its contents from almost att of his official and intimate counsel-

Those who learned of the Washington note regard General Huerta's position as one in which he will be forced to give one of two answersrefusal point blank to comply with the demand, possibly going so far as to hand the diplomatic representative his passports, or the elimination of himself officially. Those most intimate with the President insist that the latter course will not be taken for many reasons, chief among which is that such action would be tantamount to submission to the rebels. Official Mexico is no longer in doubt that the Washington Administration favors the rebels cause and is convinced that this is the means adopted by President Wilson and Secretary Bryan to as-

sist Carranza to win. General Huerta summoned to the National Palace tonight the Diplomatic Corps, but for what purpose was not revealed. Three of the Ministers, those of Germany, Norway and Russia, were absent. They have been in Vera Cruz, where they were in conference with President WIIson's representative, John Lind, who is understood to be fully conversant with the latest representations from

ments added to the enjoyableness of the occasion. As the clock neared 12 everyone gathered around the open fire and listened to long, though peculiarly interesting tales suitable to the Hallowe'en occasion-stories of black cats, spooks, ghosts, haunted houses, and dismal swamps. Dr. O. P. Rhyne and others added much to the entertainment along this line. It was the opinion of the members of the club that but rarely, if ever, had there been such an enjoyable Hallowe'en before, and a hearty vote of thanks was tendered the hostesses, Misses Miller and Puett.
