SOUTHERN STATE BANK.

New Financial Institution at Asheville Will Open for Business Next Week - Former Gastonia Man Cashier.

The following from Tuesday's Asheville Citizen will be of special interest to many of our readers inasmuch as Mr. R. E. Currence, formerly of this city, is to be cashier, and Mr. L. L. Jenkins, also a Gastonian, is to be one of the directors of the new bank:

The new Southern State Bank, which will be located on Depot street opposite the Southern Railway station, was organized last night, and officers and directors were elected as follows:

President, L. B. Rogers; vice-president, R. L. Francis and S. Sternberg; cashier, R. E. Currence. "Board of directors: S. Sternberg, R. L. Francis, F. R. Hewitt, L. B. Rogers, W. V. Felment, L. L. Jenkins, Col. C. C. Hodges, H. E. Gruvner, C. A. Rysor, C. A. Klutz and Charles F. Sumner.

"Mr. Rogers, the president of the new bank, who is also president of the Rogers Grocery Company, is a man of much banking experience, having been connected with Wilmington banks prior to his coming to Asheville. He has met with much success in a business way since coming here.

"R. E. Currence, who will be cashier at the new institution, was cashier of a Gastonia bank for three years and was connected with the American National Bank, of this city, for the last three years. The board of directors, as will be noted, contains the names of some of Asheville's most successful business men, and their names are also found on the directorates of other banks in this city.

"The Southern State Bank, which will do a general commercial and savings bank business will, it is stated, fill a long felt want in the railway section of the city and will be quite a convenience for railroad men and other residents of that section. The establishment of this institution gives further evidence of Asheville's business and financial growth. The capital stock of the bank, which will be ready for business November 17, is \$25,000.

We, the land-owners should try and discourage the tenants from renting more land than they can work. Impress on them the idea to have something of their own; to try and be self-sustaining and lay by a little each year to buy a home of their own. To do this, we will have to teach them diversification by doing this ourselves, and to practice the most rigid economy. — J. E. Cook, in The Progressive Farmer.

WISHED SHE COULD DIE

And Be Free From Her Troubles, but Finds Better Way.

Columbia, Tenn.—"Many a time," says Mrs. Jessie Sharp, of this place, "I wished I would die and be relieved of my suffering, from womanly troubles. I could not get up, without pulling at something to help me, and stayed in bed most of the time. I could not do my housework.

The least amount of work fired me out. My head would swim, and I would tremble for an hour or more. Finally, I took Cardui, the woman's tonic, and I am not bothered with pains any more, and I don't have to go to bed. In fact, I am sound and well of all my troubles."

Cardui goes to all the weak spots and helps to make them strong. It acts with nature—not against her. It is for the tired, nervous, irritable women, who feel as if everything were wrong, and need something to quiet their nerves and strengthen the worn-out system.

If you are a woman, suffering from any of the numerous symptoms of womanly trouble, take Cardui. It will help you. At all druggists.

CITY COUNCIL.

Regular Meeting for November Tuesday Night—Ordinance Passed Forbidding Use of Roller Skates on Concrete—Treasurer's Quarterly Report Adopted and Ordered Published.

The regular meeting of the city council for the month of November was held in the city hall Tuesday night with Mayor C. B. Armstrong presiding and Aldermen Beal, Long, Shuford, Dilling and McEntire present.

Henry Williams was released from payment of 1913 city tax on four lots erroneously charged to his account.

An additional appropriation of \$100 was given the Associated Charities to meet obligations caused by an unusual demand upon their resources during the past few months.

The mayor and the city clerk were authorized to sign a contract with the American Telephone & Telegraph Company as to the joint use of certain poles by that company and the city.

The mayor and clerk were also authorized to sign a similar contract with the Piedmont Telephone & Telegraph Company if same was approved by the city attorney.

Aldermen Shuford, Beal and Dilling were appointed a committee to investigate the matter of some proposed changes in the fire limits and make a report to the next regular meeting.

The ordinance passed last month forbidding cars of any electric railway company to stand for longer than ten minutes on South street was repealed and a similar ordinance passed in its place forbidding cars of any electric railway from standing within the fire limits on South street longer than ten minutes. The effect of this change will be that the cars will only have to run back as far as the court house and stand beyond the fire limit line, instead of having to make the turn to Franklin avenue as they do at present. This relieves the congestion of traffic near the square just as well and saves the railway company making a very troublesome turn every time the cars have to be run back to avoid the ten minute limit.

The quarterly report of City Treasurer S. S. Shuford for the quarter ending October 31st was adopted and ordered published.

The matter of the damage to the new concrete sidewalks by the use of roller skates, as well as the inconvenience to pedestrians arising from the same source, was brought up and after some discussion an ordinance was passed forbidding the use of roller skates as means of locomotion on any concrete sidewalk anywhere in the city. The penalty for a violation of this ordinance was fixed at a fine not to exceed \$5 and the costs, and the ordinance goes into effect on and after tomorrow, November 15th.

Declare War on Colds.

A crusade of education which aims "that common colds may become uncommon within the next generation" has been begun by prominent New York physicians. Here is a list of the "don'ts" which the doctors say will prevent the annual visitation of the cold:

- "Don't sit in a draughty car."
- "Don't sleep in hot rooms."
- "Don't avoid the fresh air."
- "Don't stuff yourself at meal time. Overeating reduces your resistance."

To which we would add—when you take a cold get rid of it as quickly as possible. To accomplish that you will find Chamberlain's Cough Remedy most excellent. Sold by all dealers.—Adv.

—Mr. R. R. Ray, of McAdenville, was a Gastonia visitor Wednesday.

—Mrs. S. J. Wyle, of Kameaur, N. C., is spending some time in the city as the guest of Mr. and Mrs. W. M. Wilson at their home on West Airline avenue.

TALKS ON ADVERTISING

Being Timid About a Thing Because It Is New Isn't Business

MANY business men are loath to examine the advantages of the parcel post, chiefly because it is new. They do not see in it a means to do business at the old stand in a brand new way. But they should not let their conservatism stand between them and substantial dollars and cents profits.

THE PARCEL POST CAN BE MADE THE MOST VALUABLE SELLING MEDIUM THAT THE SMALL MERCHANT HAS if he will only adapt himself to new conditions. It enables him to reach every buyer within fifty miles of him at less expense and far more quickly than any mail order house can. It has extended the sphere of his trade influence. By advertising his wares specifically in newspapers and distributing catalogues, price lists and circular matter concerning his standard goods he will speedily educate his future customers to realize that it will pay best to deal with the man near home.
