### Coated Tongue Means Lazy Liver

A Lazy Liver Needs a Dose of Dodson's Liver Tonic—Guaranteed to Take Place of Calomel. When your doctor looks to see if your tongue is coated, he is trying to find out if your liver is working properly. A few years ago doctors had to prescribe calomel—there was nothing else to give. Recently in many sections of the country Dodson's Liver Tonic has practically taken the place of calomel as a liver remedy. Dodson's Liver Tonic is mild, pleasant tasting and harmless—which makes it a fine medicine for use when your children become bilious and constipated, but the most remarkable feature of Dodson's Liver Tonic is the fact that The Adams Drug Company sell it, guarantees it absolutely. The druggist will return your money without argument if a bottle fails to give entire satisfaction. Price, 50 cents. We suggest that you get a bottle today and have it ready for the next member of your family whose liver goes wrong. —Adv.
