THE STATE CONVENTION NEXT WEEK

Hundreds of Delegates from All Over State Will Gather at Shelby Tuesday for Annual Meeting-Interesting Facts About the Shelby Church, Kings Mountain Associa-

tion and Other Conventions. T. W. Chambliss, in Charlotte News, Nov. 30.

One more week and the messengers from Baptist Churches and Associations will gather at Shelby for the annual Baptist State Convention. Arrangements have been made for the perfect entertainment of the hundreds of delegates and in every section of the State churches are engaged in an heroic effort to cicse the year without debt upon the State Mission Work-with the information at hand this morning there is still some doubt of the success of the effort but there is the fact that in frevious years tremendous action even at the last hour has resulted in

Some very important measures are to come before the Convention this year and plans are to be formulated looking forward to greater denominational progress in the coming

Shelby, because of the historic Baptistic surroundings, is peculiarly attractive to the messengers this year and in not alone the town but the association has had to do very largely with the success of the denominational work in the passing

THE SHELBY CHURCH.

This Convention which meets with the First Baptist Church in the beautiful Cieveland county town will be the third session held in that community. This Convention will be held in the new meeting house which was completed two years ago. The handsome and modern structure apart from the beautiful let upon which it stands and the parsonage near by, cost \$40,000. It will actually seat 4,000 people and 200 more can be cared for in the spacious auditorium.

The building has 21 convenient years in this State. In addition to G. H. Marvin is the presiding officer. its other equipment the Churca aas a large pipe organ.

The First Haptist Church of Shelby has a membership of 536 and a Sunday school enrollment of 450. The present perfor is Rev. Logan W. Swope and he is closing his second year. Mr. B. T Falls is the super-Intendent of the Sunday school.

The Shelby Bantist Church was organized in the year 1846 and the first deacons of the Church were: J. R. Logan, William Roberts and David Warlick. The first clerk was William Roberts. The following entry is found in the old record book:

James Love, a member of the church at Zoar, donates a parcel of ground in the town of Shelby for the purpose of building a Baptist Church. During the year 1846 a house was erected, mainly by the efforts and liberality of William Roberts, Dr. Thomas Williams and Pavid Warlick. Towards the close of the year 1846 Elder J. M. Webb, of Rutherford county, began to preach once a month in the new house. March 20 and 21, 1847, a meeting was held in the new church to make arrangements for organizing a Baptist Church.'

The building first constructed was a wooden one and painted white. It was a very comfortable one and seated from 200 to 250 people. It was heated in the winter by stoves. This structure remained as a church until about the year 1889, when it was pulled down and a brick structure erected. It was constructed, not very beautiful, cold in winter, and very warm in summer.

THE NEW EDIFICE.

The building of a new church was talked of at times by the members for some years, but not until the fall of 1909 were the final steps taken for the erection of such a church. On the seventh day of November, 1909, the paster, Rev. C. A. Jenkins, suggested to the congregation that in his opinion the time had come when the church should take action in the matter and on that day a committee of twenty-two of the members was appointed by the church to investigate and see if means and ways could be provided for the erection of a new building. This committee met soon thereafter and at its first meeting about \$9,-000 were pledged by the committee alone and all of them went actively to work and within less time than 40 days, the sum of \$19,000 was ple ged and subscribed for the erecn of a new building.

's soon as the subscriptions were made the committee of 22 reported its action back to the church and church unanimously decided that the committee should go forward and have a new church erected. Several architects submitted designs, and after giving them all careful consideration, Messrs. Wheeler & Sterne, achitects of Charlotte, were selected and the plan drawn by them accepted by the committee and immediately thereafter the contract for the construction of the church, according to the plans and specifi-

Nothing of especial interest marked the December meeting of the board of county commissioners which was held Monday and concluded Wednesday. Congressman Webb Here.

Congressman E. Yates Webb of the Ninth District is spending the day in the city as the guest of Mr. and Mrs. J. K. Dixon. He is spending a short time at his home in Shelby and will remain there next week to attend the Baptist State Convention. In January Mr. Webb will go to Georgia to conduct the investigation into the charges recently made against Federal Judge Emory Seer. Mr. Webb is strongly of the opinion that work will actually be begun on Gastonia's postoffice building early in the year, his belief being based on assurances he has from the supervising architects office and from the Treasury Department. The plans are now being prepared and will probably be completed at an early date when bids will be asked for and the contract let. Congressman Webb's numerous friends were glad to see him.

THE COUNTY FATHERS ARE LENIENT LATEST EVENTS IN WOMAN'S WORLD EVANGELISTIC SERVICES WILL END THEN

Meeting at First Presbyterian Church Has Drawn LargeCrowds Daily - Three Special Services Sunday, Meeting Closing With Night Service-Several Hundred School Children Present This Morning.

The special evangelistic services at the First Presbyteran Church contnue to grow in attendance and interest. The auditorium of the church is filled at the morning service, while at the evening service probably more than a thousand people are in attendance, to hear Dr. Thacker's strong and eloquent sermons. The spiritual interest is constantly deepening, and there is general regret that the meetings are drawing to a close. Many hundreds of cards have been handed in. The services will close Sunday pight.

There will be three services on Sunday: At 11 a. m., 3:30 p. m. and 7:30 p. m. The service at 3:30 p. m. is for men and boys, and will be a meeting of special interest and value. Dr. Thacker has been requested to preach the annual sermon before the Junior Order U. A. M. at that time, and has consented to do so, combining that wth his regular evangelistic service. The Junior Order, more than 200 strong, will march to the church in a body and occupy the middle block of pews which will be reserved for them. The will be a great service and all the men and boys of the city are urged not to miss it. All are cordially welcomed. The music will be a special feature and promises to be uncommonly attractive.

At night the last service of the meeting will be held. The other churches of the town will close on account of the meeting, and there will no doubt be a very large congregation, which will tax the capacity of the church. All the pastors of the city have lent their co-operation very heartily during the meeting, and have cheerfully volunteered to unite in the service Sunday night. This cordial co-operation and union of the Christian forces of the city has meant much to the success of the meeting, and is a striking illustration of the essential unity and the strong fraternal spirit that characterizes the Gastonia churches.

The subject of Dr. Thacker's sermon tonight will be, "The Man of the Hour." and it promises to be a discourse that every one should hear. The hour of service is 7:30 and all the people of the city and community are most earnestly and heartily invited to be present.

At this morning's, service there were present, in addition to a large general congregation, several hundred school children. Supt. Wray. of the city schools, dismissed the punils of the Central school in order that they might attend the services in a body. Something Wrong.

Wadesboro Ansonian.

A young man living ten miles from Wadesboro was summoned by both sides in a case, to appear as a witness in the Recorder's court. He came on two different occasions and the case was continued. The third time it was tried but he was not put on the stand and therefore not allowed to prove his ticket and draw his pay. He had spent three days and driven his team 60 miles to obey the law and yet the law said he could not recover for his time and expense. There is something wrong with a legal system that permits a case like this, compelling a man to give his time and money to serve the State or the defendant and yet denying him the right to recover. The courts give very little consideration to the innocent bystander.
