The National House of Represent-

atives Tuesday night, after one of the most spectacular legislative strug gles in the history of the nation, voted to repeal the provision of the Panama canal act, exempting American vessels from the payment of tolls. The vote on the repeal bill was 247 to 161, a majority of 86 votes, in support of the personal plea of Woodrow Wilson, President of the United States.

This verdict on the issue which has absorbed Congress for many weeks, came at the close of a stirring day, made memorable in the annals of the House by a party dtvision, which found Speaker Clark, Majority Leader Underwood and other Democratic chieftains lined up in open opposition to the President of an issue which the latter had declared vital to his conduct of the nation's foreign policy.

Tuesday's result was the first struggle within the party since Democracy took control of the government a year ago. Wednesday the bill went to the Senate, where the fight will be renewed with all the vigor and determination that attended it in the lower House.

On the final vote 220 Democrats in the House stood by the President. riving him in "ungrudging measure" what he had asked for the honor of the nation's in its foreign re-Twenty-five Republicans lations. and two Progressives also voted to sustain the President. Fifty-two Democrats followed Speaker Clark and Leader Underwood to defeat.

Nothing, it seems, could stem the tide of administration success. Sheaker Clark, for nearly 22 years a member of the House, made the speech of his life to forestall what he termed "unquestionable degradation" of the nation. In this he failed, but he did smooth over the party breach with kindly words for his adversaries, praise for President Wilson, and an unqualified denial of any
