

Said the Critic,

"Give us TRACTION, without FRICTION!"

MAKING the "Silvertown" Cord Tire, taught us a few lessons in the manufacture of lighter, cooler, more flexible and enduring FABRIC Tires.

The "Silvertown" Tire, you know, gains its marvelous Speed (and the Coasting qualities that demonstrate its Speed) primarily through having only TWO layers of Cords, laid transversely.

Of course, these TWO layers bend more readily than Five, Six, or Seven Layers of Fabric (or of Cord would).

But, we found it necessary, in order to conserve that flexibility (in the Two-cord construction), to put a Rubber Tread over it which was equally flexible,—equally strong,—and elastic enough to act as a sort of spring between the Earth and the Tire-casing, when Brakes were thrown on at stopping, or clutch thrown in at starting.

So, we had to devise practically a new kind of Rubber, for this purpose, TWO YEARS AGO.

And this new kind of Rubber Compound now does for GOODRICH Tires a work paralleling that done by the wonderful Alloys of Steel and Bronze in modern Motor Car construction.

It multiplies Rubber Efficiency, for Tire purposes, while decreasing its Weight, and without increasing its Bulk, or its Cost to you.

As we cannot yet supply half the demand for "Silvertown Cord Tires" (until enough manufacturing equipment can be constructed) we compromise with the Public by giving them, without additional charge, the highly efficient black Silvertown Rubber in all Goodrich FABRIC Tires for 1916.

This makes GOODRICH Fabric Tires the most Resilient and Responsive-to-Power,—the most Long-Lived and Lively, of all FABRIC Tires, at ANY price,—without increasing their relative price to you.

We call this new Silvertown Tread Compound by the name and brand of "Barefoot Rubber."

Because, it CLINGS to the pavement for the same sort of reason that your bare foot clings to a slippery floor, while being flexible, stretchy, springy, and light.

TENACIOUS, resilient, enduring, this "Barefoot Rubber" you today get in all black-tread Goodrich Fabric Tires,—Goodrich Motor-Cycle Tires,—Goodrich Truck Tires,—Goodrich Bicycle Tires,—Goodrich Rubber Boots, Overshoes, Soles and Heels, and in none but GOODRICH products.

Test out a pair of these moderately priced black-tread FABRIC Tires and see what results from the mixing of BRAINS with Rubber.

Summary of War News

For Week Ending April 5th.

The most important activities in the European war within the last week have been the air raids made mostly by the Germans on the east coast of England. On the night of March 19, six German Zeppelins visited the east coast of England but according to reports they were driven off by British aeroplanes before they did much harm. So far as is known there were no deaths as a result of this raid.

The Germans have made another determined attempt to break through the French lines northeast of Verdun, but all of their attempts were put down by heavy artillery fire from the French guns.

There still remains nine miles between the Germans and the Paris-Verdun Railway and it seems as if the Germans are not strong enough to wrench this road away from the French.

In a recent engagement off the German coast the German torpedo boat destroyer was rammed and sunk by the British light cruiser Cleopatra.

Aside from the infantry attacks and counter-attacks in and around Verdun a very heavy artillery duel has been taking place for a distance of five miles. The Germans have captured the town of Malancourt, in the neighborhood of Verdun, from the French and have shifted their offensive eastward around the famous Le Mort Homme and succeeded in capturing a few of the French trenches in this region.

Violent artillery duels have been in progress between the Belgians and the Germans in the neighborhood of Dixmude.

Early Tuesday morning German Zeppelins again raided the coast of England but no damage was done.

Owing to the thaws on the eastern war front there has been less activity for the last few days than before.

On the Italian front spirited fighting has been taking place near Selz between the Italians and Austrians for the possession of trains.

CARTER QUILTS THE RACE

UNWILLING TO OPPOSE HIS FRIEND

Entrance of Judge Manning into Attorney-General Race Forces Carter Out—Cannot Combat an "Adversary Wrapped in the Armor of My Friendship and Gratitude"—Judge Carter's Statement.

A special from Charlotte to Wednesday's Greenboro News says:

Judge Frank Carter of the Superior Court bench issued the following statement tonight, announcing his retirement from the contest for the attorney-generalship and giving his reasons for such action:

"Judge Manning's announcement literally forces me out of the attorney-generalship race. My attitude toward the suggestion of his candidacy was wired to him some hours in advance of his announcement, as follows: 'My obligation to you is such as utterly to prohibit my engaging in political rivalry with you. If you enter the race I shall, of course, instantly withdraw. I beg you to settle the matter, in strict accord with your own inclination, without regard to my situation or feelings.' In the supreme crisis of my life, when everything that makes life at all worth living was in issue, I had from Judge Manning, without stint or price, services of a value equally inestimable in terms of money or devotion. In the resulting state of my

feelings it would falsify every instinct of my nature either to oppose the realization of his ambition or to question the wisdom or justice of his course.

"Admitting my incapacity for combat with an adversary wrapped in the armor of my sincerest friendship and gratitude, I hereby announce my withdrawal from the contest.

"To my friends in all parts of the state who have so generously supported my candidacy, I send my warmest greetings, and beg them not to think of me as disappointed, much less disgruntled. I deem nothing vain that proves the quality of friendship. In the discovery of whom I love, the candidacy now terminated seems more than justified. I shall with the utmost cheerfulness continue my work on the bench until the expiration of my term to afford the people an opportunity to pass directly upon my official record.

"My chief regret at quitting the present race runs toward Mr. Haynes, whose management of my campaign has exhibited an energy and ability beyond all praise or possible requital.

(Signed) "FRANK CARTER."

ADAMS-MCKINLEY WEDDING.

Announcement of the marriage of Mr. William E. Adams, son of Mr. and Mrs. John H. Adams, of Gastonia, and Miss Marie McKinley, of Charlotte, came as a surprise to the groom's many friends here. The following account of the marriage from The Charlotte Observer of Wednesday will be of interest to many Gazette readers.

In a ceremony marked by beauty and simplicity Miss Marie Chaplain McKinley and Mr. William Ewart Adams were wedded last evening at 6:30 o'clock at the home of the bride's mother, Mrs. Rosa Pressley McKinley, on Jackson Terrace. Rev. Dr. D. H. Rolston, pastor of the First Presbyterian Church, officiated. The wedding was a quiet affair being attended only by close relatives of the two families.

The vows were spoken in the living room in front of an effective group of palms and ferns. Miss Mary Jenkins, of Rock Hill, S. C., a cousin of Mr. Adams, rendered Mendelssohn's Wedding March as the bridal party entered down the stairway and passed into the living room. Miss Fay McKinley, sister of the bride, was maid of honor. She was handsomely dressed in black tulle and carrying an armful of pink carnations and ferns tied with green chiffon ribbon. Master Bobbie Van Sleen, handsome little son of Mr. and Mrs. H. M. Van Sleen, of Gastonia, and nephew of the bridegroom, preceded the bride. He wore a white suit, with white shoes and stockings and carried the ring in a single white rose. The bride entered with her uncle, Dr. William Adams Pressley, of Rock Hill, S. C., who gave her in marriage. The bridegroom, Mr. William Ewart Adams, entered from the library accompanied by his brother and best man, Mr. R. W. Adams, of Atlanta. The bride was lovely in a handsome tailored suit of Joffe blue with white silk net waist and blue hat to match. She carried a Colonial bouquet of Bride roses and valley lilies. During the ceremony Miss Jenkins artistically rendered "To a Wild Rose" by MacDowell.

An elegant supper followed the wedding. The dining room was decorated in a profusion of jonquils and ferns.

Mr. and Mrs. Adams left for a 10-days' trip to Washington and Baltimore. On their return to the city they will begin housekeeping in Piedmont Park where Mr. Adams owns a bungalow.

The young couple were recipients of many handsome wedding gifts, notable among them being a chest of silver from the bridegroom's family and a silver service from the employees of The Charlotte Observer. The out-of-town guests present at

Parents Should Know this Splendid Remedy

Simple Laxative Compound Helps to Correct Constipation in Children.

With all children there are times when the bowels fail to act naturally and it becomes necessary for the parents to administer a remedy. Cathartics and purgatives should never be used as these agents afford only temporary relief while their violent action shocks the system unduly. Mrs. Eva F. Gaff, 517 10th St., Washington, D. C., says that her little girl, Marie, had been subject to constipation, and that she found Dr. Caldwell's Syrup Pepsin the best remedy because of its mildness, and now always keeps a bottle of it in the house.

Dr. Caldwell's Syrup Pepsin is a compound of simple laxative herbs, free from opiates or narcotic drugs of any kind, and is an ideal remedy for children because of its mild action and positive effect. Its use tends to strengthen the impaired bowel action and restore normal regularity. It is important that parents should know of a dependable remedy with no unpleasant after effects, griping
