

## BROADWAY THEATRE

ALL FEATURE HOUSE

Gastonia, N. C., April 26 1916

On Monday, May 1st, we start on a new and one of the best programs that is released, known as the TRIANGLE Program. We have contracted for the entire output of this company's production. These will be shown at the Broadway Theatre every Monday, Friday and Saturday. We have been congratulated by other exhibitors who are running this same program and who say that it is the best program released. They say that I have done well in securing it.

The dramas are fine. The comedies can't be beaten for cleanliness. Nothing to offend. The ladies enjoy these as well as children and men. We try to get the very best that's made for our patrons and we believe that we now have it. We want every lady to see these plays and in order to induce you to come we are going to give to every lady who visits our show on Mondays, for a limited time, A TICKET that will admit you one time to our show free.

We believe that we have the best show in the city and we want to prove to you that we have. It's true we are not located in the center of the city but that doesn't keep us from showing the best of pictures.

It has been our policy to show our patrons the best of pictures and today we enjoy the reputation of showing the best pictures that have ever been shown in our city. We show you pictures that DO NOT MAKE YOUR EYES HURT to look at. It's all in knowing how. We have shown some of the finest pictures made since we opened up. If you have not visited our show you have missed some fine plays. We, of course, can't please every one every time but try to please all part of the time. If we can't please you today don't stay away tomorrow. We may have just what you like. Give us a chance and if we can't please you some time, then quit coming. We know we can please you if fine pictures will do it. We have them.

### THE BROADWAY THEATRE

Don't forget every Monday, for a limited time, we will give to every lady who visits our show A TICKET that will admit them one time free. Don't forget today's program, Theda Bara in "The Devil's Daughter."

## IDEAL THEATER

FRIDAY  
FANNIE WARD  
IN A LASKY PHOTOPLAY  
"For The Defense"

MONDAY  
CONSTANCE COLLINS  
IN  
"The Code of Marcia Gray"

Admission only 5 & 10c

State and down east serve to emphasize in a striking manner the "unpreparedness" of the Commonwealth and the National government at present to effectually prevent these wasteful conflagrations. During the past few weeks literally millions of dollars worth of fine timber has gone up in smoke, timber that it will require years to replace by natural growth. Something has been done towards forest preservation, both from the hungry flames and the still hungrier lumberman, but little more than a mere start has been made. This conservation work is worth spending much more money on than has yet been appropriated for it.

### TODAY'S POEM

#### THE BETTER THING.

Edgar A. Guest, in Detroit Free Press.

It is better to lose with a conscience clean

Than to win by a trick unfair;

It is better to fail, and to know you've been

Whatever the prize was, square.

Than to claim the joy of a far-off goal

And the cheers of the standerby,

And to know down deep in your inmost soul

A cheat you must live and die.

Who wins by trick may take the prize,

And at first he may think it sweet,

But many a day in the future lies

When he'll wish he had met defeat.

For the man who lost shall be glad at heart

And walk with his head up high,

While his conqueror knows he must play the part

Of a cheat and a living lie.

The prize seems fair when the fight is on,

But, save it is truly won,

You will hate the thing when the crowds are gone.

For it stands for a false deed done,

And it's better you never should reach your goal

Than ever success to buy

At the price of knowing down in your soul

That your glory is all a lie.

Visitors from Belmont.

Father Felix and two of the sisters from the Sacred Heart College at Belmont, accompanied by 27 of the young lady students of that institution, spent Tuesday in Gastonia, just having a good time. These were the students who did not go to their homes for the Easter holidays, most of them being from distant States. The party enjoyed a banquet at the Armington Hotel, later dancing in the assembly hall. They took in the movies and had an all round good time, returning to Belmont on the 7 o'clock interurban car.

—What came very near proving to be a serious accident occurred yesterday morning when a force of hands was engaged in moving wires from the south side of Main avenue preparatory to removing the few remaining wooden poles on that thoroughfare. A pole in front of Torrence-Morris Co's store broke off at the ground where it had rotted and fell with a crash to the street. A vehicle or two and several people narrowly escaped being struck by the falling pole.

### UNIVERSITY NEWS.

Correspondence of The Gazette.

CHAPEL HILL, April 27.—Summer School Bulletin No. 2 is just off the press and is being mailed broadcast over this and other States to interested parties. The Bulletin is an announcement of the twenty-ninth session of the Summer School for Teachers which opens at the University June 13 and closes July 28.

The director of the summer school, Prof. N. W. Walker, is confident that the enrollment this year will reach the thousand mark. He has gathered together for this six weeks term the strongest and most efficient corps of instructors in the history of the school.

The English department will consist of Dr. Edwin Greenlaw; Dr. Jas. Finch Royster; Dr. Benjamin Slidd, and Prof. J. H. Hanford and Mr. Edgar Long.

The instructors enrolled in the department of Education and Pedagogy are Prof. N. W. Walker, Dr. L. A. Williams, Prof. M. C. S. Noble, William A. McCall, New York City, Charles L. Coon, of Wilson, Isaac C. Griffin, Marion, and L. C. Brozden.

The Summer School is this year enlarging the scope of its work by opening other departments and offering additional courses, many of which count for credit towards the degrees of A. B. and A. M. It is the hope of the University that by the introduction of such courses increased service may be rendered to the growing body of teachers in the State who have already completed college grade and who desire while in service to improve themselves along both professional and cultural lines, and at the same time receive formal recognition for their work.

The courses as given at the Summer School are planned for teachers of primary and grammar grades; high school teachers and principals; county and city superintendents and supervisors; candidates for admission to college who wish to make no deficiencies in entrance requirements; teachers expecting to take State examinations for professional certificates in July; college and university students desiring to earn extra credit towards the A. B. degree, and students, teachers and others wishing to pursue courses leading to the A. B. and A. M. degrees.

### Catarrhal Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure catarrhal deafness, and that is by a constitutional remedy. Catarrhal Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result. Unless the inflammation can be reduced and this tube restored to its normal condition, hearing will be destroyed forever. Many cases of deafness are caused by catarrh, which is an inflamed condition of the mucous surface. Hall's Catarrh Cure acts thru the blood on the mucous surfaces of the system.

We will give One Hundred Dollars for any case of Catarrhal Deafness that cannot be cured by Hall's Catarrh Cure. Circulars free. All Druggists, 75c.

F. J. CHENEY & CO., Toledo, O.

### HAPPY THE THOUGHTS

of the man who has saved his money and has thus been enabled to realize his ideals. Spending all always brings regrets and very often misery. Saving means happiness possible and comfort assured. We invite young men to turn from spending to saving and an account at this bank is the best way to do so.

Gaston Loan and Trust Company  
Gastonia, N. C.

## We Have Just Received

one car load of extra large

## Mules

suitable for heavy work, weighing twelve to fourteen hundred pounds each, and we still have some good young

## Brood Mares

—The light standards to go on each side of the stone steps at the postoffice arrived and were put up yesterday. A brilliant electric light will surmount each of these standards, thus adding considerable to the appearance of the building.

Miss Martha Adams, who died in New York city on February 5, left the bulk of her fortune to the Presbyterian Church.

### Why Constipation Injures.

The bowels are the natural sewerage system of the body. When they become obstructed by constipation a part of the poisonous matter which they should carry off is absorbed into the system, making you feel dull and stupid, and interfering with the digestion and assimilation of food. This condition is quickly relieved by Chamberlain's Tablets. Obtainable everywhere.—Adv.

### Insomnia.

Indigestion nearly always disturbs the sleep more or less, and is often the cause of insomnia. Eat a light supper with little if any meat, and no milk; also take one of Chamberlain's Tablets immediately after supper, and see if you do not rest much better. Obtainable everywhere.—Adv.

## THE GASTONIA GAZETTE.

FRIDAY, APRIL 28, 1916.

War or no war, the fact remains that if we are going to have a decent county fair this fall we must get busy right away.

Gastonia again showed her enterprise and unity yesterday when a big tabernacle to seat 3,000 people was erected in a day by volunteer labor from all the denominations.

Remember that tonight is "Book Night" at the Central school. It is the duty as it should be the pleasure of the citizens of the town to unite in re-establishing the city school library destroyed by fire two years ago. Go and contribute a book or

the price of one.

When it comes to building mills Gaston sits at the head of the table. Looks like our cotton mill men have about decided to take The Charlotte Observer's advice and make it an even hundred before they quit. The number now stands somewhere in the seventies.

With three cotton mill buildings to go up at once together with the tenant houses and other structures that go with them, a seven-story bank building, two new \$25,000 school houses and scores of residences in course of construction, Gastonia, it can be truthfully said, is a "busy town", or city, if you please to call it such.

Recent disastrous forest fires both in the mountainous section of the

## Dreaded An Operation More Than Anything

Tried Fruitola and Traxo and Has Never Since Been Troubled With Gall-stones.

Mrs. Mary E. Franse, whose address is West Point, Nebr., Box 111, has written to the Pinus laboratories a very strong endorsement of Fruitola and Traxo. In her letter Mrs. Franse says: "About ten years ago I was about to undergo an operation for gall-stones when I heard of your medicine. Dreading an operation above everything I determined to try Fruitola and Traxo and have never been sorry I did so, as I have never been troubled with gall-stones since."

Fruitola is a powerful lubricant for the intestinal organs, and one dose is usually sufficient to give ample evidence of its efficacy. It softens the congested masses, disintegrates the hardened particles that occasion so much suffering, and expels the accumulated waste to the great relief of the patient. Following a dose of Fruitola, Traxo should be taken three or four times a day in order to rebuild and restore the system that has been weakened and run down by constant suffering. It is a splendid tonic, acting on the liver and stomach most beneficially.

Fruitola and Traxo are prepared in the Pinus laboratories at Monticello, Ill., and arrangements have been made to supply them through representative druggists. In Gastonia they can be obtained at J. L. Adams Drug Store, opposite new postoffice.
