

## Consistency

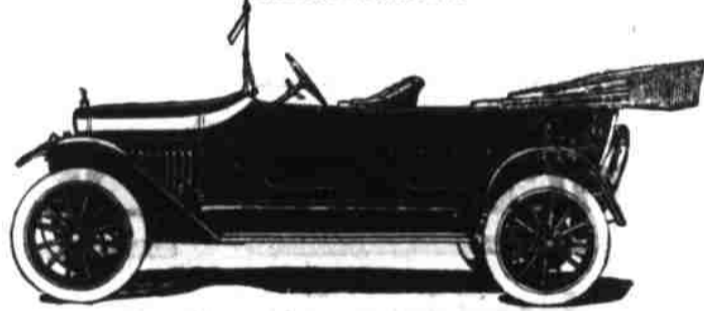

**Y**OU want a motor car that will serve you consistently. You want to know that your car can be relied upon day in and day out. You want high mileage per gallon of gasoline and freedom from repairs and readjustments. And you want these things, not occasionally, but continuously—day after day.

On these qualities the Maxwell has made good. It has proved its worth. When the Maxwell stock touring car set the World's Motor Non-Stop Mileage Record a short time ago it travelled for 44 consecutive days and nights and its performance was consistent.

It went about 500 miles each and every day. It went within a small fraction of 22 miles to every gallon of gasoline. It went the whole distance of 22,000 miles—probably further than you would travel in two years—without any repairs or readjustments. Every one of eight tires (two sets) went just about 9,800 miles and the others finished in good shape. For consistency and reliability this record far excels anything we ever heard of.

You can get a Maxwell, an exact duplicate of the record breaking stock car, on the partial payment plan we have perfected. All you have to do is to make the initial payment, then take the car and pay the balance as you ride. The unusual value of the Maxwell, together with our easy payment plan of purchase, is bound to dispose of our allotment of cars very quickly. Better make your reservation now, delivery later if you prefer.

### TALKED BASEBALL.

Fans From Four Towns Met at Statesville But Failed to Get Together—Meet Here May 4th.

Fans representing some of the towns interested in forming a league for Western North Carolina for the coming baseball season met at Statesville Tuesday. All of the towns which are expected to become members were not represented. Those represented were Gastonia, Kannapolis, Morganton and Statesville. The towns of Hickory, Lenoir and Spencer may become members. No definite measures towards organization were adopted.

The principal topic discussed was the class of ball to be played by the league. Gastonia favored the same class played by the league last season, that is the optional selection of men who have played in either organized or purely amateur ball, or as a compromise measure, the privilege of any team to play at any one time not more than three players who have played in organized circles, if so desired. The reason given for Gastonia's position was that the public had been given fast and classy ball last season and would not be satisfied with or patronize purely amateur ball.

The opinion expressed by the representatives of Kannapolis, Morganton and Statesville favored purely amateur ball. This question, as well as other important ones, will be finally decided at a meeting to be held in Gastonia on Thursday, May 4th, at 11 o'clock a. m., at which time it is expected that all of the towns interested will be fully represented and at which meeting a permanent organization will be effected, by-laws adopted, etc.

### DOES NOT FEAR OPPOSITION.

Does not Believe Bertie Man Strong Enough to Hurt Him; Will Stay Until Congress Adjourns.

Washington, April 24.—Congressman Claude Kitchin, minority leader of the House of Representatives, does not anticipate any great difficulty in retaining his seat in Congress against the opposition of C. W. Mitchell, of Bertie county, who on Saturday announced himself a candidate to oppose Kitchin in the primary.

"Mr. Mitchell is a fine gentleman," said Kitchin today, "but not too good a man for me to beat handily, and not a good enough man to beat me."

Mr. Kitchin said he would "stay on the job" in Washington until Congress adjourns and will trust to his friends in the district to see that his success is assured at the Democratic primary.

### 25,000 TELEGRAMS.

Senators and Representatives Flooded With Messages from Constituents Opposing Any Action That Might Lead to War.

Washington, April 25.—Twenty-five thousand telegrams protesting action that might mean war with Germany began to pour in on Senator Sherman and Lewis, of Illinois, last night and were still arriving today.

Although signed by individuals in Illinois they followed prepared forms and were prepaid. There was nothing in them to indicate who prepared the forms and who paid the telegraph companies.

Every available operator of both companies worked all night and today receiving the messages which were being delivered to the Senators in packages of one hundred.

The two senators will decide later whether they will present the messages to the Senate.

During the day telegrams of the same sort began coming in to Senators Cummings and Kenyon, of Iowa, and to Senators Lafollette and Hastings, of Wisconsin.

Senators were amazed at the extent of the propaganda.

### Madame D'Arc Dead.

Paris, April 25.—One of the last descendants of the family of Joan of Arc, Madame Lanery d'Arc, born Adien de Julienne d'Arc, just died at Toulon at the age of 82 years. Madame d'Arc educated her grandchildren and great nephews who are now at the front at Lorraine.

### \$500,000 FOR EACH SHIP.

That Was Sum Offered by Germany for Each Boat Loaded With Ammunition for Allies Sunk, Says German Army Officer.

New York, April 26.—The German Government was prepared to pay \$500,000 each for the destruction of ships loaded with war supplies for the Entente Allies, Lieutenant Robert Fay, of the German army, on trial in the United States Court for conspiracy, was quoted today as having informed Carl L. Wittig, a witness for the prosecution.

"I asked him," testified Wittig, a chemical engineer, "if he knew what \$500,000 was, and he replied that money was no object in this thing." Wittig, who declared his sympathies in the war were with France, told of informing the French Embassy of his conversation with Fay. The Embassy in turn notified the New York police.

On trial with Fay are his brother-in-law, Walter Scholz, and Paul Daeche. Wittig said he told Fay and Scholz that in placing bombs on ships with which they were unfamiliar they were "placing innocent people in jeopardy."

"Scholz declared," added the witness, "that they knew what they were doing; that Max Breitung was telling them on what ships ammunition was being shipped."

Breitung also is under indictment for the alleged conspiracy.

Wittig's disclosures, it was said, put the police on the track at the moment a supply of trinitrotoluol, one of the most powerful of high explosives, had been delivered to the headquarters of the alleged plotters in Hoboken. Even then, it was asserted, the scheme to attach bombs to the rudders of ammunition ships might have worked successfully had not Fay insisted upon testing the new explosive—in which he had little faith.

## Permanent Relief for Chronic Constipation

Knowledge and Practice of Correct Daily Habit the Great Essential.

Constipation is a condition affecting all classes of all people and can be permanently relieved only by acquiring habits of regularity.

The most natural time for the eliminative process is in the morning when both the muscular and nervous systems are relaxed by sleep and rest. When relief does not come readily, it is an excellent plan to take a mild laxative at bedtime. Cathartics and purgatives, that by the violence of their quick action shock and disturb the system, should not be employed.

An effective laxative remedy that is very dependable, and which does not gripe or otherwise disturb the organs involved, is found in a combination of simple laxative herbs known as Dr. Caldwell's Syrup Pepsin that can be bought at the drug store for fifty cents a bottle.

Mrs. C. C. Allen, 215 Foam St., New Monterey, Calif., wrote to Dr. Caldwell that she "found Dr. Caldwell's Syrup Pepsin just what was needed for constipation and distress of the stomach after eating. It

should be in every household." Get a bottle of Dr. Caldwell's Syrup Pepsin and keep it in the house to use when occasion arises. A trial bottle, free of charge, can be obtained by writing to Dr. W. B. Caldwell, 454 Washington St., Monticello, Ill.
