J. M. BELK COMPANY

Fifteen years of successful business and still growing. This alone should convince you that there is something genuine to this store and that we are doing business on a firm foundation. Why have we been in business fifteen years and still growing?

Because the people come here and purchase their goods and come back again and again, year in and year out.

And to you we are very grateful and trust that you will continue to help us make this Gastonia's Leading Store.

BAIT

LAST year in Fresno County, California, here were orders for over one hundred wind-mills sent to one mail order house alone. In each case the man who bought "long distance" had to pay the freight, haul the windmill out to his place and stand the expense of erecting it--WHEN, if he had been wise, he could have bought the same, identical windmill at his local dealer's for the same money, could have had it taken to his place and erected without cost or trouble and without the freight from Chicago to Fresno tacked on. "Fishing for suckers" may be good sport--for the other fellow--but it's hard on the suckers. Let us shun this "out-of-town" bait religiously.
