

## What Do You Know About The Maxwell Car?

**T**HIS is the time of the year when more people are considering the question of "what car to buy" than at any other time of the year.

This community has its full share of people who will soon be driving their first car or a new car to replace the old one.

Now, we know that we are going to sell Maxwell Cars to a great many of these people—depending upon how many we are able to acquaint with the merits of the Maxwell.

The generous value offered in the car is so evident—its past record is so full of good performance—owners speak so well of it—that when the buyer knows these things, he is eager to buy a Maxwell.

In order to tell as many people as possible about the merits of the Maxwell Car we are going to spend a lot of money in the next few weeks in this paper advertising Maxwell merits to those who do not know them.

The reason—we want to sell as many Maxwells as possible this season. Our future allotments will depend upon how many Maxwells we sell now.

You may know that the Maxwell market is a buyer's market, not a seller's market—broadly speaking. The demand for Maxwells the country over is greater than the supply.

For this reason cars are allotted to dealers by the factory according to the size of the dealer's business.

We want to make a showing and be in a position to get a generous allotment of Maxwells hereafter. Because the more Maxwells are sold in any community, the greater is the future demand. We realize the opportunity to do an ever-increasing Maxwell business.

This is only the first of the several messages we are going to print—a few days apart—concerning the Maxwell Car. But we don't expect to be able to adequately present Maxwell merits in printed words alone.

If you are one who is going to buy a new car you will find it decidedly to your advantage to find out all you can about the Maxwell before you place your order.

Come in and talk it over with us and let us demonstrate the car to you. Then, don't take our word alone, but ask those who now own Maxwells.

Get "posted" about the Maxwell and you will realize more satisfaction and get more "value received" for your motor car money than ever before.

And we are just as willing to have you investigate other cars just as fully as you do ours. The Maxwell will not suffer by the comparison.

Why not start your Maxwell investigation today?

Touring Car \$655

Roadster \$635

#### HOME FROM COLLEGE.

Mount Holly Young People Back for Vacation—Three Deaths—New Mill Houses Going Up—Other Live News Items.

Correspondence of The Gazette.

MT. HOLLY, May 27.—Good rains have prevailed, crops are improving and all are cheerful.

The following parties are at home from the tedium of school life: Mr. Thomas Belk, who has been at A. & M.; Misses Lollie Rankin, at State Normal, Greensboro; Grace K. Kohn and Camelia Hamilton, Lenoir College, Hickory, and Miss Christine Kuttledge, who has been teaching the past year in Statesville. During the past week many others have come and gone, having enjoyed the hospitality of the town.

Mr. Robert Costner, of Lincolnton, is visiting his sister, Mrs. R. C. Belk, and brother, Mr. J. A. Costner.

Mrs. Miles P. Hoffman, who has been visiting her parents, Mr. and Mrs. A. P. Rhyne, has returned to her home at Ambler, Pa.

Our community and parts near have suffered from death the past couple of weeks. Miss Rebecca Howard, 77 years old, was stricken with paralysis the 24th, lingered a few days and died. She was a most excellent lady, a joy to her community, and a help to her church, the Methodist.

Mr. James McKelvey died at his home at Mountain Island of tuberculosis, after a lingering illness. He was young and a promising man, cut down early. He was a consistent member of the Methodist church.

Also Mrs. Holtsclaw died in Charlotte and was brought here for interment. She, too, was a good Christian and given to doing for neighbors and those in need. How true the Scriptural statement, "Man that is born of woman, is of few days and full of trouble."

The dwellings for the Adrian Mills, under the direction of the contractor, Mr. Robert Rankin, are going up rapidly. The stakes for the mill have been driven, the P. & N. has put in a side track, and lumber is being received as needed.

Miss Corrine Puett's music students gave a recital May 27th, which was exceedingly delightful and was enjoyed by all, and the attendance was very generous. A splendid program was rendered.

Messrs. Boyden and Hoover are at home from Chapel Hill. They report plenty of work with some fun thrown in.

#### THE REVOLT OF THE SINN FEIN.

The pathos of the Irish revolt that rose and failed within a week lies in the fact that it was the work of generous and unselfish young men who were carried away by a passionate love for the land and the language of their fathers, but who had not the wisdom to understand what was possible and what was not possible, or to put into practical form the visions that moved them.

In part at least, the Sinn Fein (pronounced Shin, Fane) is an outgrowth of the recent Gaelic revival in poetry and the drama. The leaders of it are not from the men of affairs, the merchants or farmers of Ireland. Those men know that the country is more prosperous to-day than it has been for a hundred years, and they see in the increasing willingness of England to treat Ireland fairly and justly a promise of greater prosperity than the island could attain by itself. The leaders of the Sinn Fein are not even the politicians of Ireland, for those men are clever enough to see that home rule is attainable, and that independence is not attainable at any price that Ireland could pay.

The men who led the uprising in Dublin were poets and dreamers. The "president of the republic" was the principal of a college near Dublin and a writer of Gaelic verse. One of the chief prophets of the movement for Irish independence, although he seems not to have been implicated in the actual revolt, is the professor of early Irish history at University College. Among the staff that surrounded President Pearse were a number of men who had taken part actively or appreciatively in the revival of Gaelic literature. The rebellion was inspired and largely fought by men in whom the dreamy, impractical side of the Celtic character was predominant.

Their failure was certain from the first. Their political programme was sentimental and their military preparation inadequate. They had no really widespread support among the people, and they had made it difficult to get any by offending and alienating the Catholic clergy in a land where the influence of the Church of Rome is strong. It is not by such means that the union of Great Britain and Ireland can be seriously threatened.

—Miss Mary Rice, of the city schools faculty, left yesterday for her home at Farmville, Va.

—Miss Mamie Aiken, of Atlanta, spent Sunday here with her parents, Mr. and Mrs. R. S. Aiken. She was en route to Atlanta from Monroe where she attended the funeral of the late F. F. Griffin.

—Mr. F. F. Griffin, who several years ago practiced law here, died Friday in Atlanta of pellagra. The body was taken to his old home, Monroe, and was buried there Sunday. Mrs. Griffin and Miss Mamie Aiken, of Atlanta, accompanied the body.

—Rev. G. P. Abernethy, pastor of the Loray Baptist church, is assisting Rev. C. A. Rhyne in a ten-days revival meeting at Rhodhiss. The meeting is progressing splendidly and there are many professions. Mr. Abernethy will return to Gastonia before Sunday.

#### AN IDEAL SPRING LAXATIVE

A good and time tried remedy is Dr. King's New Life Pills. The first dose will move the sluggish bowels, stimulate the liver and clear the system of waste and blood impurities. You owe it to yourself to clear the system of body poisons, accumulated during the winter. Dr. King's New Life Pills will do it. 25c. at your Druggist.—Adv.

**The Deadliest Weapon.**  
Teddy and all of his sons will go to war, east, north or south; And we would like to see the foe When Ted shoots off his mouth.

All the railroads of the State will give a special rate to the annual

## UGH! CALOMEL MAKES YOU SICK. DON'T STAY BILIOUS, CONSTIPATED

"Dodson's Liver Tone" Will Clean Your Sluggish Liver Better Than Calomel and Can Not Salivate.

Calomel makes you sick; you lose a day's work. Calomel is quicksilver and it salivates; calomel injures your liver. If you are bilious; feel laxy, sluggish and all knocked out, if your bowels are constipated and your head aches or stomach is sour, just take a spoonful of harmless Dodson's Liver Tone instead of using sickening, salivating calomel. Dodson's Liver Tone is real liver medicine. You'll know it next morning because you will wake up feeling fine, your liver will be working, your headache and dizziness gone, your stomach will be sweet and bowels regular. You will feel like working. You'll be cheerful; full of energy, vigor and ambition.

meeting of the North Carolina Good Roads Association, which meets at Wrightsville Beach, Wilmington, June 21 to 23. A round trip fare of three cents, plus 35 cents, will be in effect from all points in the State. Tickets will be on sale June 19 and good returning until June 26th.

#### PUBLIC QUESTIONS.

**Farmer Would Like to Know Where Legislative Candidates Stand on Certain Questions.**

To the Editor of The Gazette:

It has been suggested by a number of the members of the county farmers union that the several candidates to represent Gaston county in the State Senate give the voters of their county their views on the following subjects, which were submitted by the State council of the farmers union to the State candidates:

1. Repeal of the merchant's crop lien.
2. Provisions permitting neighborhoods to adopt race segregation in land ownership.
3. A just and equitable system of taxation, (a) lightening the burdens upon labor by putting a larger proportion upon inheritances, (b) with constitutional provision for a lower rate on resident than on absentee landlords and (c) increased rate on lands held out of use.
4. Provision for incorporating rural communities.
5. Initiative and referendum.
6. A stringent anti-usury law, and laws regulating banks as public service corporations.
7. Giving some official authority to regulate insurance rates.
8. A state warehouse system somewhat like the South Carolina plan.
9. A simplified and popularized Torrens system of registering land

titles.

10. Provisions for furnishing text-books to the people at cost.

11. Requiring retained attorneys for public service corporations to sever such connections before entering the Legislature.

An expression from each of the candidates, published in the local papers, would enable the voters to choose intelligently among those seeking office, after finding out how the various candidates stand on these questions.

UNION FARMER.

—Mr. N. A. Morris, of the Trenton Mill, spent Saturday and Sunday with friends in Charlotte.

#### FEEBLE, AGED WOMAN

Says Vinol Made Her Strong

Grand Saline, Texas.—"I am an aged woman and for a long time was weak and feeble but Vinol restored my health and strength so that I feel almost young again and am doing all my housework. Old people who are weak and feeble should try Vinol and know its merits as I do. It is the best medicine to create strength and for chronic colds I have ever taken."—Mrs. FANNIE E. RODGERS.

Vinol, our delicious cod liver and iron tonic, is sold on our guarantee to benefit of your money will be returned.  
J. H. KENNEDY & CO., DRUGGISTS  
Gastonia, N. C.

#### DO YOU KNOW THAT—

Life is a constant struggle against death?

Dirty refrigerators may make sickness?

The U. S. Public Health Service issues free bulletins on rural sanitation?

The defective citizen of today is oftentimes the unhealthy child of yesterday?

Every man is the architect of his own health?

Its the baby that lives that counts?

Tuberculosis is contagious, preventable, curable?

The full dinner pail—the open window—the clean well—make for health?

#### COLDS QUICKLY RELIEVED

Many people cough and cough— from the beginning of Fall right through to Spring. Others get cold after cold. Take Dr. King's New Discovery and you will get almost immediate relief. It checks your cold, stops the racking, rasping, tissue-tearing cough, heals the inflammation, soothes the raw tubes. Easy to take, Antiseptic and Healing. Get a 50c. bottle of Dr. King's New Discovery and keep it in the house. "It is certainly a great medicine and I keep a bottle of it continually on hand." writes W. C. Jessemann, Franconia, N. H. Money back if not satisfied but it nearly always helps.—Adv.
