

We Believe the Maxwell is Greatest Motor Car Value on the Market

BUT our opinion would not be of any particular importance to you if it did not coincide with the facts. We only want you to look the market over carefully. Then we absolutely know that you will agree with us.

In the first place there is the remarkable Maxwell engine. No four cylinder motor of its size has more "pep" or go to it regardless of the price of the car it drives. It will climb hills on high gear in a manner that will astonish you. It is quiet and works day in and day out with a sound, business-like hum that is good to hear.

Any engineer will compliment the design of the chassis. And those who are not engineers cannot fail to note its simplicity and staunch construction. As for what it is made of, we can truthfully say that better material cannot be bought.

The operation of the car is simplicity itself—the brakes are powerful—the springs are long and flexible—the axles are strong and the steering apparatus, like the rest of the chassis, is built to stand the most severe service the car may ever have to face, wherever or however it is used.

Then if you consider looks important, and most people do, you will not find a more attractive car than the Maxwell at anywhere near the price.

And it comes to you fully equipped with all the attachments you will ever want or need; electric starter and lights, demountable rims, one man top, self-ventilating, rain-vision windshield, etc. All for \$655 (five passenger touring car) or \$635 (two passenger roadster).

We know you can't beat it.

MISS ABERNATHY TOOK 3 BOTTLES GAINED 20 LBS.

WAS SICK IN BED AND COULDN'T BEAR EGGS OR MILK BEFORE TAKING TANLAC.

"After the la grippe I was so weak and rundown that even to eat eggs or milk caused me great distress. I was nervous and couldn't sleep and finally had to take to bed again despite the fact that I tried everything prescribed for me." Miss Ida Abernathy, of Seversville, Charlotte, said.

"Then I heard about Tanlac. The first bottle gave me an appetite and I got strength to leave bed. The second bottle put me in such shape that I could eat anything I wanted and enabled me to sleep all night. I have finished my third bottle and have gained 20 pounds and feel as well as I ever did in my life.

"I am so tickled to be out of bed again and to be strong and hearty that I am glad to tell other sick people how good Tanlac really is."

Tanlac is sold in Gastonia by the Adams Drug Co.; Lowell, Robinson Drug Co.; Cherryville, H. H. Allen; Belmont, Stowe & Sanders; Dallas, P. D. Summey; Bessemer City, Thigpen Drug Co.; Huntersville, S. L. Mullins; Lenoir, Ballew's Cash Pharmacy; Grover, C. F. Hambricht. — Adv.

RAILWAY CONFERENCE.

Meeting of Railway Representatives and Brotherhood Chiefs Being Held in New York—Negotiations Marked by Good Feeling on Both Sides.

Special to The Gazette.

NEW YORK, June 13.—Negotiations between the committee of managers, representing the railways of the entire country, and the Brotherhood chiefs, representing the engineers, firemen, conductors, trainmen and switchmen who are demanding increased wages, were resumed yesterday after a recess from Thursday of last week.

The conference is the first in which the railways of the entire country have met representatives of their employees to discuss a demand for increased wages and has set a new record in the amount of capitalization and the number of men involved. The conference is also remarkable in that its sessions are being held in the open, both sides thus giving emphatic recognition to the right of the public to take a hand in the controversy.

The negotiations have been marked by good nature and frankness. President A. B. Garretson of the Order of Railway Conductors stated that the Brotherhoods recognized that it is impossible to establish an actual eight-hour day in road service, but that they desire an eight-hour basic day under which the men will be paid for 12 1/2 miles for each hour worked. During the negotiations the Brotherhood chiefs have repeatedly stated that the men are willing to work any number of hours up to the limit allowed by Federal law, 16, so long as they are paid on this basis.

Questions asked during the negotiations have all dealt with compensation rather than with the number of hours the men are kept in service. That even in yards where the eight-hour day is now in effect increased wages should be paid under their demands is the claim of the Brotherhood officials.

Both sides have asked a great many questions to sound the views of the other side and with these answered the conference can get down to the important work of endeavoring to settle the controversy without resort to a strike which would tie up all the railways of the country. — Adv.

IF—!

Detroit Free Press.

Loud and angry had waxed the discussion in the local St. George society on the usual topic—the war.

Mr. Meek was getting quite tired of the subject. So presently he rose from his easy chair and picked up his hat. Just then another member said, authoritatively, that in his opinion the war would last another 18 months.

"Ah," said Mr. Meek, pausing at the door, "that may be. But if another country I know of would only come in on our side, the war would end in a couple of weeks."

"What country's that?" asked several in surprise.

"Germany!" replied Meek, as he faded through the door.

Thirty-six women in Kansas City were overcome and carried from the tabernacle by ushers who waited outside the building for that purpose, during Billy Sunday's sermon several days ago for women only.

More Rheumatism Than Ever Before

Clergymen, Lawyers, Brokers, Mechanics and Merchants Stricken.

Our old friend Rheumatism is having his inning this year, and a few words of caution from one who knows all about it may not be amiss.

Wear rubbers in damp weather; keep your feet dry; drink plenty of lemonade, and avoid strong alcoholic drinks.

If rheumatism gets you, or sciatica, and you have sharp twinges, gnawing pain or swollen joints or muscles, you can get rid of all agony in just a few days by taking one half teaspoonful of Rheuma once a day.

All druggists know about Rheuma; it's harmless, yet powerful; cheap, yet sure, and a 50-cent bottle will last a long time. Ask J. H. Kennedy or any druggist. — Adv.

PEACE INSTITUTE — FOR YOUNG WOMEN

AN Ideal Christian Home School. Preparatory and Collegiate courses. Art, Expression, Physical Culture, Pedagogy, Domestic Science, Business, etc. Conservatory of Music. High standard maintained by large staff of experienced, college trained instructors. Takes only 100 boarders and teaches the individual. Unsurpassed health record. Brick buildings. Steam heat. Electric lights. Excellent table. Good Gymnasium. Park-like campus. Concerts, lectures, tennis, basketball. Write for our catalog before selecting the college for your daughter.

MISS MARY OWEN GRAHAM, President. Raleigh, N. C.

The Value of a Good Name.

The Progressive Farmer. Along with the value of good soils, good seed, good livestock, and good farming methods, the young farmer who would achieve success must ever bear in mind the value of a good name. The man of his word, the man of honor whose reputation for square dealing is known to all the countryside, has an asset of incalculable value.

Most of the world's business today is done on credit, or confidence in the ability and willingness to pay, and were credit abolished business of all kinds would of necessity largely stop. And just so it is with the young farmer struggling to get on in the world. Very frequently without capital of his own, if credit is denied him he labors at a sore disadvantage. He may need credit to buy, clear and drain land; to build a home; to buy improved stock; but without capital and without credit these things must be gone without, and a possibly excellent farmer badly handicapped.

To all of our young men we would say, then, diligently as you cultivate your prize acre of corn, look even more carefully to your good name:

Stomach Troubles and Constipation.

"I will cheerfully say that Chamberlain's Tablets are the most satisfactory remedy for stomach troubles and constipation that I have sold in thirty-four years' drug store service," writes S. H. Murphy, druggist, Wellsburg, N. Y. Obtainable everywhere. — Adv.

fine and famous as your prize pig may be, strive ever that the fame of your good name may spread farther. Your crop may fail or your pig may die, and still the loss would not be irreparable; but once a young man's good name is gone something is lost that a whole life's work may never replace.

Make debts, if you need to in order to better your business, in order that you may become a better farmer; but when you give your promise either verbally or in writing, make it an iron rule to let nothing on earth keep you from fulfilling it. The good name you will win will be more priceless than gold.

CORTRIGHT Metal Shingles

Metal Slate, Victoria Shingle, Imperial Shingle, Oriental Shingle

With this variety of designs, either galvanized, or tin-plate painted red or green, you can find just the right style of Cortright Metal Shingles for your building. Look for trade-mark, "Cortright" Reg. U. S. Pat. Off.
