REPORT OF SUPT. WRAY

ENROLLMENT FOR PAST YEAR WAS GOOD

Total Enrollment of City Schools Numbers More Than 2,000—Girls Enrollment Beats That of the Boys—Nearly 4,000 Visits Made by the Teachers the Past Term—Several Students Prepare to Complete Two Grades in One Year.

The superintendent calls attention to the following as a special report for the year 1915-1916:

Three children who were in the first grade for the first time were prepared for the third grade. One pupil of the first grade who was in part of last year completed the work for the third grade in one year and a half. Six pupils who were left in the first grade last year were this year prepared for the third grade. This was largely due to the excellent work of Misses Mitchell and Sumner. Eight pupils of the fourth grade were prepared for the sixth grade during the year. Such work can only be done where there is a sufficient teaching force. We had three fourth grade teachers.

The Central building was constructed with 750 pupils in mind. The enrollment this year reached 856, distributed as follows:

Primary department, boys 175, girls 142; intermediate department, boys 181, girls 197; high school, boys 71, girls 90; total 856.

Clara school, boys 83, girls 75; total 158.

East Gastonia schools, boys 188, girls 209; total 397.

Loray, West Gastonia, boys 206, girls 230; total 436.

Gray and Trenton, boys 68, girls 58; total 126.

Total in white schools, boys 972, girls 1,001; total 1,973.

Colored schools, boys 231, girls 274; total 505.

Total enrollment of all schools, boys 1,203, girls 1,275; total 2,478.

The following is our enrollment for 1915-16 by rooms and departments:

Primary Department, First Grade.

Miss Jane Morris, boys 22, girls 21; Miss Florence Mitchell, boys 33, girls 26; Miss Sallie Sumner, boys 34, girls 20; Miss Della Nolen, boys 49, girls 43; Miss May W. Rice, boys 26, girls 19; Miss Pearl Gail, boys 25, girls 39; Miss Sadelle Stewart, boys 28, girls 36; Miss Tattie Sandifer, boys 21, girls 23; Miss Pearl Gallant, boys 40, girls 52; Miss Carrie Potts, boys 27, girls 19; Miss Ella Lewis, boys 26, girls 12; Miss Carrie Morris, boys 8, girls 12. Total boys 339, girls 323.

Second Grade.

Miss Jane Morris, boys 10, girls 17; Miss Ina Anderson, boys 38, girls 32; Miss Emmie Roberts, boys 5, girls 7; Miss Marie Horton, boys 24, girls 24; Miss May Rice, boys 9, girls 8; Miss Agnes Curlee, boys 21, girls 28; Miss Rebecca Adams, boys 26, girls 22; Miss Winifred McLean, boys 13, girls 17; Miss Rebecca Stinson, boys 15, girls 28; Miss Carrie Morris, boys 14, girls 10. Total boys 170, girls 191.

Catarrh Cannot Be Cured

with LOCAL APPLICATIONS, as they cannot reach the seat of the disease. Catarrh is a local disease, greatly influenced by constitutional conditions, and in order to cure it you must take an internal remedy. Hall's Catarrh Cure is taken internally and acts thru the blood on the mucous surfaces of the system. Hall's Catarrh Cure was prescribed by one of the best physicians in this country for years. It is composed of some of the best tonics known, combined with some of the best blood purifiers. The perfect combination of the ingredients in Hall's Catarrh Cure is what produces such wonderful results in catarrhal conditions. Send for testimonials, free. P. J. CHENEY & CO., Props., Toledo, O. All Druggists, 75c. Hall's Family Pills for constipation.

S: Miss Maude Wilkins, boys 29, girls 30; Mr. Boyce M. Weir, boys 10, girls 14. Total, boys 40, girls 52.

Sixth Grade.

Mr. Boyce M. Weir, boys 10, girls 7; Miss Cora Hart, boys 28, girls 28; Miss Claudia Cashwell, boys 15, girls 16. Total, boys 53, girls 51.

Seventh Grade.

Miss Claudia Cashwell, boys 9, girls 11; Miss Margaret Tiddy, boys 14, girls 38. Total, boys 23, girls 49.

High School.

Miss Mildred Rankin, 8th, section 2, boys 18, girls 19; Miss May Withers, 8th, section 1, boys 19, girls 22. Total, boys 37, girls 41. Miss Ella Bradley, 9th grade, boys 19, girls 22; Will P. Grier, 10th grade, boys 9, girls 15; 11th grade, boys 6, girls 12. Total, boys 71, girls 90.

You will notice that the greatest slump is after the fourth year. There is also an excessive falling off after the third year. Irregular attendance and much moving in some quarters call for almost double-duty on the part of the schools. This will be manifest from a table showing both the enrollment and the average attendance.

Record of visits made by the following teachers during the past year:

Misses J. Morris 125, F. Mitchell 312, S. Sumner 315, I. Anderson 29, E. Roberts 43, I. Eaddy 40, E. Mason 56, D. Nolen 151, M. Horton 111, M. Rice 210, P. Gall 300, S. Stewart 256, T. Sandifer 142, R. Adams 160, A. Curlee 221, V. Pettit 185, P. Gallant 262, W. McLean 210, C. Potts 257, R. Stinson 308, E. Lewis 149, C. Morris 73. Total, 3,905.

HOMES OF THE FUTURE.

Central Kitchen, With Committee to Buy Food and Rule Servants.

W. L. George, in Harper's Magazine.

I conceive the future homes of the people as separate communities, say blocks of 100 flats or perhaps more, standing in a common garden which will be kept up by the estate.

Each flat will probably have one room for each inhabitant, so as to secure the privacy which is very necessary even to those who no longer believe in the home idea. It will also have a common room where privacy can be dispensed with. Its furniture will be partly personal, but not very, for a movement which is developing in America will extend, and we, too, in England, may be provided, as are today the more fortunate Americans, with an abundance of cupboards and dressers ready fixed to the walls. There will be no kitchens, but one central kitchen, and a central dining room, run — and this is very important — by a committee of tenants.

That committee will appoint and control cooks and all servants; it will buy all provisions, and it will buy them cheaply, for it will purchase by the hundredweight. It will control the central laundry, and a paid laundry maid will check the lists—there will no longer be, as once upon a time on Saturday evenings, a hundred persons checking a hundred lists. It is even quite possible that the central organization may darn socks.

The servants will no longer be slaves, personally attached to a few persons, their chattel. They will be day-workers, laboring eight hours, without any master save their duty. The whole system of the householder will be grouped for the purpose of buying and distributing everything that is needed at any hour.

A boy of seven protested earnestly after his vacation against being sent back to school. "What," said his father, "don't you want to go to school?" "Yes, but not to that school." "And why not to that one?" "Because they want to teach me a lot of things that I don't know anything about."

Bowel Complaints in India.

In a lecture at one of the Des Moines, Iowa, churches a missionary from India told of going into the interior of India, where he was taken sick, that he had a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy with him and believed that it saved his life. This remedy is used successfully in India both as a preventive and cure for cholera. You may know from this that it can be depended upon for the milder forms of bowel complaint that occur in this country. Obtainable everywhere.—Adv.
